# Dear Philadelphia A poem to bring you home

O Dear Church with so strong a number, please wake up, there is no time to slumber! YESHUA is returning - soon He'll be back, will you be found ready, or will you lack?

The psalmist's pillow is wet with tears - wayward paths bring many fears; For all the friends that forget the Torah - oh hear the call those of Philadelphia

Hear and obey this message for good, GOD demands this if you would. For you to be righteous all throughout; there need be changes without a doubt

It's not about programs or members you show; holiness is how you must grow. Righteousness is what's needed for you; the Torah will show you what to do

The psalmist personally knows your ways - at one time living them day by days; But then in heart did a light shine - The Torah – His way – Oh so fine

YESHUA redeems, His salvation He brings; to those who are ready to live for the King. Through righteous observance of His laws, this is how you can correct your flaws

Knowing that it's not just about the letter; but living Torah with love be the better. Adding to mercy and grace what is right; lighting the way – shining the light

Without obedience and joining His fight; standing before Him will just be a blight. YESHUA can cleanse all of your sin; hear the call of Torah, be obedient to Him

What our Bridegroom wants for you, is a heart that remains faithful and true. To live in obedience to the Father above; that would be His definition of love

Don't you want to be the bride? All in white standing at His side? The bride is adorned in white so fair; all holy and righteous, the regal pair

Oh please don't the psalmist's heart break; praying for friends to receive – to take. The sweet sounding call of His Torah; beckoning home those of Philadelphia

For in this wedding feast of the best, will you be bride or just hoping to be a guest? The guests are not so white, just friends of the Groom, not holy – not right

Saved by grace, is this all you feel? There is more He desires for you to be real. Yes, His grace is freely given; to those who repent and change their living

Please children don't delay - don't faint; Philadelphia is the church of the saint. Oh how the psalmist pleads with God all the day; that friends won't be swept away

Be like Magdala crying at His feet - There YESHUA with grace and mercy did greet Accepting the heart — pure and repentant; weaving into her love for the covenant

Please seek the Torah filled life away from sin; then you'll be Israel - grafted in. Holiness is what is desired for you; His Torah will instruct you on what to do

Eat what He says, if holy is your goal; He has holy rules - you should be told. It's all in His word - easy to be seen; black and white print for you to be clean

His Law is not old or in antiquity; it is how He will judge all with equity. He knows you're not perfect in everything; effort of heart is what you need bring

Just start with the ten, celebrate the Feasts; remember His Sabbath to keep. The Son paid the price for all; we're redeemed by His blood - IF you heed the call

To live life repentant, following His ways; oh how glorious it will be on that day. When before the King you will stand; to hear "Well done, you lived my commands"

The psalmist will continue to pray; for those of Philadelphia to find their way Heed the call saints – it is time to repent; this is why Torah from Heaven was sent

Won't you turn psalmist's tears to a smile; please listen He is calling all the while. Desiring that His own will heed the call; escaping those captured in the last fall

Oh my dear Philadelphia so sweet; grace and truth do surely meet. With a heart that loves and lives Torah; is when you be in Philadelphia

For the church of YESHUAH is surely the church of the saint Come home my friends the psalmist prays and won't faint!

# **Come Out of Her My People**

To the Philadelphians in Babylon Comes a message for you from beyond From a heart and place in Philadelphia to you Please listen - I will tell you what to do

Come out of her my people, God said You have been entrenched in what is dead For if you don't come out of her Your end will be not what you prefer

The church across time became something lost The Hebrew faith expunged, Jews paid the cost You gave up the commandment - like Adam did fall You gave up Moshe, and all of the laws

This Babylon is defined by pride
About lawlessness, she is no bride
She stands viciously against the holy covenant
Making the slumbering souls not to repent

Your Yochana cares so much for you I was entrenched there one time too God brought me out in joy and pain Joy in Him but hurting all the same

To leave you and all that I knew For something better, to be like a Jew? Hebrew prayers and music all changed Nothing of worship remained the same

Immersed in Torah, learning what is sin Now I know far better how to serve Him God wants us holy, that's not just a feeling It comes by learning and praying for His healing

Yes, it is about the love, yes the love for you, Of Yeshua, our God, and our neighbor too But the love that Yeshua declared and demands Would be for you to obey His commands He said it clear and plain for all "If you love me, obey My laws"
It's about a holy God and His commands
I pray crying so hard that you will understand

Please don't study just the new
The old is there for learning too
But for His goodness in you to come out
Chase after Torah, be clean and devout

You cannot say "I just believe"
Without knowledge, nothing is received
You can be blameless in His statutes
If you set your heart to learn the truth

The rules do not make salvation come
That is accomplished by Yeshua the Son
It's not just about what you believe it to be
But the effort in doing is what God really sees

To be to God, so willing to do
All His precepts laid out for you
He sees the doers with hearts circumcised
As those who love Him with opened eyes

We all wait for the day of salvation
When before Yeshua, appear all the nations
Salvation is not just a waiting game
Without chasing righteousness, the wait is in vain

For the LORD is righteous, His rules give light Tremble in fear, pray you get this right The wicked do not seek but contemn His law Please pray for open eyes, meditate in awe

Please heed the call the time is near Live the commandments, God you should fear The ones who will be waiting for Him Are performing His statutes until the end My strong desire is no thing you should lack Follow His Torah, God has your back Yeshua is the living Torah, Word in flesh Only He can save and be your righteousness

Come out of Laodicea please listen to me
The church of Philadelphia is where you should be
To that place of both the truth and grace
The place where together we seek His face

To His laws incline your heart
Genesis is a good place to start
Then to Revelation you should read
His Holy Spirit will provide what you need

That His Word, alone should stand His story, His songs and yes His commands You must learn how not to sin Learn what things are pleasing to Him

Understand the greatest gift given to thee Was the sacrifice of Yeshua on the tree His perfect blood atoned for your sins Oh please repent and turn to Him

Lay aside the doctrine of man
His Word should be your only command
All that is needed is there for you
In His scriptures, all the way through

Make a new life apart from sin
In Philadelphia is where you can begin
To live this new life listening to the Lord
With those who love and obey the Word, His sword

God has loved you through all time In His promises you'll find new life - a sign Please come out - this is my urgent plea Be no longer immersed in Laodicea Come out of her my people, Philadelphia please do Yochana and others are waiting for you This is not difficult but it is a life or death task Don't you want to be first, not last?

Babylon will not repent and God will never fix Please listen Philadelphia, with Babylon you can't mix Come out of her His people, you that are my friends Please don't stay in Babylon, such a frightful end

So often, for you all do I pray Asking God please show them the way Please know that the times now be in season Messages to Philadelphia I send, for this reason

#### A PLEA TO LAODICEA

O you saints in Laodicea I just yearn for the day, When you come out of Babylon to stay. To Philadelphia, where you truly belong; Worshipping G\_d with praise and song.

Living the Torah and loving Yeshua; May this truth be in you forever. Hear my words, I am calling you out; I know only the Father can bring this about.

For this is the way in which the Father works; Using His vessels here on earth. To spread the truth and His love; To the poor in spirit, He fills them up.

The evil one desires to stop my message; But for your sakes I will keep expressing. The words and music you need to hear; May the LORD open your hearts, and ears!

To Philadelphia you must come with haste; Leaving Babylon behind, no time to waste. I pray dear church you would now listen; Please come out of her now all you Christians!

A circumcised heart is what you are needing; Please know to the Father for you I am pleading. That you would turn back from the delusion; Leave Babylon behind and all its confusion.

How G\_d's word and ways it did confound; The resonance of truth it did drown. You must understand Babylon is no place to be; That being the Church of Laodicea.

For Yeshua is calling you back to Him; To live a holy life apart from sin. His Torah spells it out so clear; What you should do and whom you should fear. Babylon draws so many saints in; Just wanting G\_d's people to partake in her sins. My heart is breaking for you and I pray; Come out of her and don't suffer her plagues!

Babylon is filthy and abominations reside; Sin overflowing, unrighteousness and pride. It is the habitation of this wicked generation; Please repent of your sins and seek separation.

The Church of Philadelphia to you is beckoning; May you come out before the day of reckoning. Yochana is here to sound the warning; Yeshua is coming, the nations are churning.

I feel for you as I also once knew, The church in Babylon was where I grew. Little by little the truth slipped away; Making the church what it is today.

Empty on obedience, a Savior not a Jew; A false Messiah, not Yeshua true. For Yeshua is obedient to all of G\_d's ways; Being our example to follow and not stray.

Yeshua came as a lamb seeking Israel lost; He loved them so much, with His life paid the cost. He gave it for them so they could then find; Life eternal with Him, in His kingdom reside.

Where holiness counts, a way of life for sure; It's living in righteousness, keeping yourself pure. Yeshua and the Torah are all the truth you need; May you come to Philadelphia, this I plead.

For Babylon has sold you a lie; For centuries it grew no one questioned why. The enemy just doesn't want you to see; What's wrong with your church in Laodicea. The money, the crowds, what is your purpose? Some of your worship to G-d is a circus! The service sometimes is full of chaos; The Prince of Shalom will have none of this!

Falling and writhing on floors so profane; That's not from G\_d, not through His name. This is not what worship should be; Do you really think that is holy?

Don't you know how many saints there have died? The Harlot has martyred them all in her pride. You are drunk on the wine which she is giving; You've bought into her lies and now need forgiving.

You say you are rich and have need of nothing; Neither hot nor cold, but lukewarm is not a good thing. You really are poor, naked and blind; Open your eyes and leave Babylon behind!

You have focused on money and material desires; G-d so wants you refined as gold in His fire. For you HE loves and desires to chasten; Repent of these sins, Laodicea please hasten!

I yearn for you to look deep within, And how you have slowly partook of the sins. The Harlot has destroyed all of G\_d's laws; The church bought in, that is its flaw.

Babylon's death is coming all in one day; Famine, burning and mourning of plagues. So you see how urgent it is to flee? Get out of Babylon and Laodicea!

Laodicea please come to your senses; Away from Babylon and all her offenses! For you are still so special to our LORD; I am calling you to Philadelphia with heart outpoured! Now is the time to get things right; Come out of her into Yeshua's light! The living Word, rules proclaimed; Live life in obedience no longer profane.

To repent and desire to be made new; Yeshua our Savior is waiting for you! G-d calls you to be zealous for all of His ways; So you'll be clothed in white on that day.

Please understand what all this means; You must come out now and be made clean. Holy and righteous following Torah; To be made ready when Yeshua comes for us.

Then you'll know without doubt, Why my zeal in calling you out. For that day may we all be in one accord; All of Philadelphia with our LORD.

### **Woe To The System**

My heart is sad because of the system; Which has lured God's people into no submission. It's succumbed to manmade feasts and times; Ignored the Holy One's rules in such sublime.

The system is steeped in lawlessness, That be Babylon's sweet caress. Stay with her, the harlot has sworn; All of God's laws she will scorn.

The anti-messiah is at work in her too; Hiding from many the Messianic truths. Messiah did come, the sacrifice lamb; He's returning again to rule the land.

Babylon has its hold on you; Come out of her is my call so true. God has commanded His Holy Days and Feasts; You pay no attention to them in the least.

You have replaced them with days of your own; This is from the adversary, his seeds were sown. To lead God's people ever astray; To keep them from celebrating His Holy Days. Come Out of the System Yochana bat Zion

Those special times all in His seasons; Blessed and holy and all for good reason. All things in His time, true worship experience; Babylon has lured you into disobedience.

My LORD is looking upon you forlorning; O that more would heed this warning! Come out of her and study His word; From beginning to end is what is preferred.

The return of Yeshua is clearly at hand; There's little time left for you to understand. The adversary, anti-messiah has ruled over you; Conniving, convincing that there be nothing to do. But be saved by grace, that's all you say; Things don't happen quite that way. You are deep in the error of lawlessness; O please come out of her and beg forgiveness.

If the righteous are scarcely saved; What will be your outcome on that day? Study the Torah, meet Your Messiah; So to be ready for that day of fire.

The trumpets will blast, shofars will sound; God's people will know and not be confound. By this spectacle, frightening as it seems; Will you be saying what does this mean?

Yeshua the Judge is right at the door; Removing the chaff from the threshing floor. He is coming to clean up the earth; The places of worship s is where He'll go first.

The judgment is based on Moses you see, Whether Jewish Synagogue or Church in Laodicea. The Law of His is our guide for living; Yeshua the Savior is for our forgiving.

Only the church of Philadelphia will stand; Where the flames of righteousness be fanned. In order to be with this so small a band, You must come out of Babylon's hand.

All your doctrine and Talmud too; Don't you see they're just not true? Manmade is not what a Holy God demands; He wants obedience to His own commands.

You should not add or take away; From His holy Word, the scriptures say. Just be dependent upon the Word; Pray for understanding to emerge. There was time not so long ago; When I was missing what was needed so. My God called me out and I did heed; Now forever out of Laodicea.

I immersed in the Hebrew and learned the Law; My faith in Yeshua ever the more. As I traversed the Torah, week by week; Even more clearly did Messiah I see!

I cannot express my joy in doing; Shabbat and Feasts, His times pursuing. O the pleasure given to those; On His appointed times, blessings bestowed.

Please hear my heart crying for you; Both church going friend and fellow Jew! There is only one remnant left in the land; For Yeshua and commandments they take a stand.

Those are ones Yeshua will see;
Waiting, persevering so holy.
Anxiously awaiting His return;
For His kingdom come they will yearn!

#### **Turn To YESHUA**

I have an important story to sing;
Of my Yeshua, the coming King.
I think of those who do not yet know
Of the Messiah returning and how things will go

They must first hear in order to believe
To turn away from sin and to Yeshua cleave
For so many years have already gone by
Time is short, stars are aligning in the sky

Through signs and wonders He makes Himself known Eyes and ears open, I can recount what He's shown Angels, music and shofar sounds The veil was lifted, heaven abounds

But only for those who choose to receive Not all will see, not all will believe The realms do converge when the prayers of the saints Go up like incense, to the Father He waits

Searching the earth for the righteous ones
Those who are righteous because of the Son.
Who have faith in Yeshua, not afraid to do
Working for the kingdom, so all can be made new

Yeshua proclaims the Kingdom of Heaven He is salvation for those who would have Him Israel His people belong to Him He chooses His own, He can forgive their sins

O what a path to glory I've found
I wait for the day the trumpets will sound
The blasting, the shouting will loudly proclaim
"The King is coming, Yeshua is His name!"

Now is the time to make a decision Cry out to Yeshua soon all will see Him Be immersed in living water, washed free from sin Start your new life and live only for Him Read through the scriptures, to Him you should pray Father through His Spirit will give you words to say Yeshua brings punishment and rewards when He comes To pay back all according to what they have done

The Alpha and the Omega is coming real soon
The First and the Last, He is the Bridegroom
Repent now, right from your heart
Obedience is the good works scripture talks about

For Yeshua was the most obedient Son Doing Father's will, getting it done True faith is an action, it must be seen Following commandments is what this means

So please listen, those who be chosen Turn to your G\_D, return this moment Salvation will only come through Yeshua When he returns and makes all things new

Believe in Yeshua follow the Son Believe in the scriptures and all G\_D has done For the words on those pages are your very life They will bring you to holiness, make everything right

The Yom Teruah days in the past
Heralded Kings with the trumpet blasts
The return of the King Yeshua be soon
Could come about on Yom Teruah, the new moon

Repent from sin and follow His ways
If you want to be with Him in that new day!

## **Repentance Time**

Oh ponder Him people the One amidst seven candles Author of creation – everything He handles The Alpha and Omega listen – do make haste Holiness and Righteousness he wears around His waist

His head and hairs they be so pure white Eyes a flaming fire – He is ready to fight He is burnished as brass but no time to rejoice He comes in judgment with His thunderous voice

Oh Ephesus thou has labored so strong
My Name thou has kept in thy song
But the first love – the Torah thou hath lost
Losing thy candlestick – oh what a cost

For Smyrna – oh yes I be alive quickened so fast
I am Yeshua the first and the last
Yes I did require that you suffer much for Me
But thy works stand as light against false church blasphemy

As for Pergamon some have kept my Name and word But I shall come and with Me shall be my sword False doctrines and riches of Balaam thy shepherds so desire When I come things shall be oh so dire

Now Thyatira My real believers work tsedakha and love But true faith and obedience away do the leaders shove Oh Jezebel thou with haSatan are surely in league Thy ways make the High Priest come to fatigue

Woe to Sardis yes thou are asleep
Thy works are really nothing to keep
Like a thief in the night to you shall I visit
Thou are as dead – thou shall miss it

Bless Philadelphia – these who have both My Name and My torah – in white shall I clothe Thy works shall I present behind the Heavenly door Though you be small – I shall bless all the more Oy to Laodicea – thou are nothing but lukewarm Ready thyself for I shall come as a storm There be nothing in thee that I want for Me I shall testify against you – just wait and see

Your Yochana is trying to let you see How seven churches have passed – but they still be Oh how Laodicea remains guilty and does not repent They listen not to the Heavenly messages that are sent

In one generation all sin shall be filled up
Oh please listen for G\_D's wrath overflows its cup
So much rhetoric and purported faith – yes it be loud
But you be nothing more than the popular crowd

But then again there shall be the clean – the few Persecuted for My Name and My Torah too But I am the faithful witness and I shall confess Their innocence before Me – to my Father I profess

Oh please listen – the psalmist does call out With everything she has – she does resonate and shout So much suffering for false faith – will come the pain Please be faithful – there is so much to gain

The things that are needed – of what to repent Have been revealed by Heavenly message sent Thou hast forsaken the Torah – in the Ephesus day Left the roots of Israel – went your own way

To follow the doctrine of Balaam chasing goods
Mingling in pagan practices – just because you could
Playing politics instead of being faithful and true
Just looking to keep fannies and wallets in the pew

Ultimately becoming ignorant and dead declares the Lord
Oh please turn back- repent – this guilt you can't afford
Oh please see and taste the goodness of G\_D
For the remnant who upon His Name and Torah won't trod

To begin there is the life-tree in paradise How wonderful no second death – no surprise And what of the great crown of life to receive For you hidden manna Yeshua will retrieve

How lovely to receive your stone – your new name To be clothed in white – the raiment without shame And rule with Yeshua over the nations afar Oh to receive Yeshua – the bright Morning Star

Still more your name be in the book of life – how great Yeshua shall confess thee to the Father – oh what a fate Made to be a pillar in the Temple of fame Circumcised with the Father's, Yeshua's and the new City's Name

Oh yes to be echad – all as one singing special chord Forever praising and worshipping our Beloved Lord Please see how the Lord does want to bless Giving those elect His blessing oh so best

For those that repent and can overcome by Yeshua's power You shall be His delight – His beautiful flower Can you feel the psalmist's urgent plea Yeshua is coming – won't you listen to me

Psalmist's heart is breaking each and every day Please don't let anything get in your way Turn back to G\_D – do it right now where you are Let today be that day – tomorrow be ever so far

Yochana is praying for you – oh please do listen So much shalom and joy you don't want to be missing

#### Idol-a-Tree

In G\_D's WORD we look - all throughout we see Is the horrible blight on men - sin be idolatry Even from the start - no escaping the test of the tree All humanity did fall - all were there yes you and me

We see how trees be beautiful - wondrous even more Blessings given from G\_D - from trees do blessings pour But quickly did spring the "Asherah" - set up in high places Idol trees were raised up - profaning Heavenly faces

So spiral through the ages - idol myth and legend Down the idol path - ancient man did us send Seeking all their knowledge - pine cone and third eye Such idolatry - doth make this Psalmist cry

But now the idolatrous knowledge game - gives way to modern guff Under the idol tree - mankind worships stuff Let us revel in our things - let us gather around the tree Let us get all that we can - let our stuff just make us free

Do the sons of men consider - what this tree thing be about Was your christmas celebration - made so the holy thou can flout? Bring your children under it - bring them sound the call Set them up around the idol tree - set them all up for the fall

There be so much to say - this tree thing be important G\_D's WORD tells us so much - about the holy covenant Man be like a tree - bearing produce bad or good If thou be an idol tree - thou be cut down to burn as wood

Would thou not be like the willow - standing firm beside the stream Giving Heavenly produce - sending light out as a beam Please consider wisdom - G\_D's WORD it doth teach Be the willow by the waters - the Psalmist does beseech

Who doth light the candles - upon the Chanukkiah
Who doth bless the light - who really worships our YESHUAH
Our LORD of LIGHT doth beckon - dedication makes us fine
This Psalmist she doth call out - YESHUAH's light doth shine

Put away the idol tree - listen to G\_D's ways
Shed the pagan practices - it be idolatry at play
Harmless it may seem - deep down treachery doth fester
Burn the christmas idol tree - Chanukkiah's light be so much better

We see where there is idol trees - they be all around And in the sons of men - doth idolatry abound Break the Psalmist's heart - sons of men thou do All throughout this season - Yochana prays for you!

#### **Yirat HaSHEM**

Who doth not fear THEE G\_D most high Who doth not squirm and upon the pillow cry Oh how knowledge of sin upon soul doth tare All would be lost without our High Priest there

Pray YESHUAH declared - pray to withstand
The glorious coming of the Son of Man
Yirat HaSHEM is the beginning of wisdom
Oh please listen - for soon comes the kingdom

Even belief and the joy of grace

Doth not stop flowing tears from the face

For all fall short of the glory and requirement

Who claims to be righteous - according to the covenant?

Oh YESHUAH come and save me yet again today I fear only Thee - Thy power and Thy way Love me all over - tell me what I do wrong Weave into me Thine obedience song

Oh the fear and terror felt for those Who keep their ears, eyes and hearts closed Psalmist prays so very much for self and others Hoping that more become sisters and brothers

The Talmid revealed it be a terrible thing
Put before a righteously angry ELOHIM
Oh please be afraid - now be the time to repent
Oh how death – doth hover and not relent

It is good to fear G\_D most high
Of judgment's storm HE be the eye
Seeing all things - nothing be hidden
Please relent - let thy soul be smitten

Think not Yeshua be only blind love Never changing is HE - righteousness from above All things done in life shall be reviewed Oh who can withstand such - any of you? Please repent for real - don't think thyself exempt You say you be saved - will you be found unkempt Who hath ascended into Heaven to see In the Book of Life - whose names there be?

Onslaught surrounds us each and every day
Pulling us harder - to drift and stray
Who doth not drift some - who walks only straight
Please repent - cry thy tears - before it be too late

Confessions to High Priest - we must present Oh Psalmist pleads - I shall never relent For offerings be made in accordance to HIS days Don't question ELOHIM - who can no HIS ways?

Oh LORD please never away do take Thy RUACH - only for THY name's sake Who shall praise, sing, worship and serve If all of humanity receives what we deserve?

Yes indeed Yirat HaSHEM be a good thing Psalmist loves even the conviction HaRUACH doth sing For in conviction to HIS altar can we run Seeking mercy and grace by Yeshua the Son

Our ELOHIM be both the storm and the calm Yochana prays more run to HIS palm Where G\_D doth surely thee engrave Thy very soul - for Yeshua to save

Please hear Yochana - terror doth resonate For so many doth death's sting await Tears flow from this psalmist - falling on my pillow Will thou be the chaff or a sure standing willow?

There be no wisdom where there be no fear ELOHIM knows if thou doth shed tear Open thy hearts - resonate and sing Kiss the Son - before judgment HE brings

# Song of Ephesus for Today

To G\_D's people who do trust – Mashiach YESHUAH is the mount Oh yes HE is the ONE – upon WHOM daily saints do count G\_D chose saints long before time – they shall be clean in HIS Torah Those who be of HIS realm – those destined to be "Haya"

Just to bring HIM praise – commensurate with glory of HIS grace Oh how soul love burns – to love face to face For revelation doth prevail – truth of G\_D yes HIS Destined to be delivered – the right time such as this

For HIS Kingdom shall be grand – destined to really thrive Now be time to consider deliverance – who will and won't survive For promise of inheritance – be for those who trust and believe The call is just a call – chosen be for the few who do receive

Partition wall be broken – now the realms converge
It be the saints who discern – how G\_D's plan now doth surge
For breadth, and length, and depth, and height – yes Paul gives a clue
Can survival realm be measured – Psalmist calls out to you

Community be outfit now – with signs and gifts to take
All the parts and anointing be given – to withstand when all things shake
Each to play their part – for no part indeed be small
Love of brethren doth abound – blessings upon one and all

Knowledge of G\_D it doth descend – RUACH be Heaven's rain Revelation of YESHUAH – Psalmist cannot refrain To speak of G\_D's great mysteries – crying out to all the saints For tribulation be unfolding – be strong and do not faint

Don't listen to those who say – we be surely saved

If there be no holy love of the gifted – they be headed for the grave

There be no visits to Heaven – no one but YESHUAH before the throne

Haya realm be coming to Earth – Psalmist has been shown

If thou doth inherit from YESHUAH - thou can surely redeem
Authority to take from old man — even mortal time to Paul it seems
Who doth consider this mystery — again the Psalmist asks
Redemption of the wicked days — still a slave but now to holy tasks

The HaGOEL doth give thee – chance to be new man Chance to battle the old – wicked powers can you understand For slaves we now must be – to idolatry or to MESSIAH KING If RUACH doth be dwelling – holy soul love thou shall sing

Oh how funny it now seems – how things to G\_D can be so true When to temporal mortal man – we laugh without a clue So many who seem to stand – shall be sorely swept away Messiah says HE never knew thee – soon will come that day

Oh please do make the Aliyah – an "olah" be thy song Let G\_D's SPIRIT Sword do lead – down the path so long For YESHUAH doth reveal – to men the FATHER's will Psalmist doth cry out – while little time there be still

Yes Ephesus song be heard – another Prophet message brings Psalmist doth remember now – the message she doth sing Convergence of all realms and things – oh yes there be one bull's eye Thou cannot miss the mark – if be in thee YESHUAH chai

Against wicked principalities and powers – the Psalmist takes a stand There be no choice of course – this be YESHUAH's command Oh Ephesus thy first love – oh yes where be thy love Why doth thou scorn the gifts – why doth thou scorn the dove

# **Gospel Song**

So many sing about – all the saving Jesus does
But oh so few do sing – about the way it really was
They don't sing for instance – of the great Heavenly Rabbi
They don't see the real YESHUAH – they don't even try

Oh great Prophet to come – HIS Torah it must be taken Even Moses considering HIM – surely he was shaken Promises of ELOHIM's servant – first to heal and bring light Then to come again in glory – restoring what is right

Casting out the demons – healing all the woes
In the midst of tribulation – HIS power did HE show
And now the demons do run rampant – society doth ignore
Now we need HIS power – we need HIM all the more

Where is THY power LORD – when all the world doth scorn Come to us who mourn – come to us who are forlorn Souls cry out to THEE – we be on the last straw Transforming waters of life – we are thirsting so to draw

Make us talmidim – please make us covenantal Fill us up with THY RUACH – yes please do make us full Give us eyes to see – ears to hear – Shema Make us like Daveed – the heart that loves THY Torah

Fill us with the heart – that like a child does believe Realms do intersect – THY Kingdom we do receive Let THY good news sweep all over us – a WORD doth make us change Fleshy heart for stone – for some the great exchange

Let us follow THEE YESHUAH – with gifts and with a charge All to bring THEE glory – THY Kingdom to enlarge Putting down all worldly desires – chasing THEE our fate Let us shine THY light – please let us resonate

So many try and labor – but not in THY way or in THY rhythm They pursue THEE LORD – within the confines of their system But they be on no great Aliyah – they travel here and there Not listening to THY will – thinking they don't have to care Each walking oh so straight – according to their own mind Never stopping to really listen – never able to find The truth that be THY WORD – tis LIFE that be alive Instructions on the charge – truth that lets us thrive

Please GOOD NEWS do set us free – let us submit to serve Show us where and how to walk – please don't let us swerve Tribulation all around us – relentless dark powers do persist Instill in us true faith – by THY power we can resist

Let THY Torah stand so tall – as commandment with all love Weave in us the FATHER's will – holiness from above Keep us from the Pharisees – take us to THYSELF Oh King, Helper, Savior and Shield – THOU are our only help

THY RUACH great YESHUAH – stands before the Throne
Let IT come upon us – our way let THYSELF be blown
"Fear of ELOHIM" be first – then "wisdom" – "counsel and might"
Comes "anointing" then "revelatory prophecy" – "real life" it be right
Then there be the very best – Spirit to take us home
All THY RUACH when it be in us – we be perfect – we be "shalom"

THY WORD it be so mysterious —what is possible be so wild How opposites can be true — being wise while being like a child Let us sing THY GOSPEL song — with each day as we live Ever mysterious Aliyah — wondering what THOU will give G\_D be so amazing — wondrous in every way We wait upon THEE sorely — WORD please give to us this day

# **Wandering Aramean**

Abraham did sojourn – pack up and did leave Blind faith we did see – yes he did believe Journey yes he did – yes the first to cross Giving up it all – not concerned about the loss

Oh what great redemption – yes by covenant Grace be given oh so great – surely Heaven sent Tired and so old – faithful to the end Wandering Aramean – yes he was G\_D's friend

Likewise for royal firstborn – Isaac he was spared Faithful was our Abraham – though he be so scared Picture of redemption – inheritance of Abraham Follow in his footsteps – follow anointed King of Aram

Who be this special KING – Psalmist she doth beckon Answer be in G\_D's WORD – this of course be how we reckon Chaza'el be mystery – yes great King anointed Over Aramean Kingdom – "HE who sees G\_D" is appointed

But Aram be long gone now – what be this Kingdom great What say ye of the promise – what of Abraham's fate From great sea and to great river – yes this be the border Sea unto the Jordan – oh it seems to be much shorter

So what about this land – promised to Abraham
What about this land – promised to one of Aram
Yes there be dear Israel – yes she has her KING
The rest of Abraham's promise – from where shall these one's sing?

It be about the firstborn – when oneself to G\_D present Paul tells us to redeem the days – so on Aliyah they went For we be nothing but a wandering – Aramean like our father Faith to leave it all behind – like Abraham don't bother

What is it thou shall say – when dedication bell doth ring Psalmist she doth ask – what then shall you sing Like my father before me – my life like his has been I be a simple sojourner – a wandering Aramean Please don't run to find – thy Israel land inheritance
If thou be of the nations – look for thine within the covenants
For a place there be for sure – yeah those of the other fold
Confidence do have – G\_D's WORD ye have been told

Dry land be reborn – deserts they shall spring Compliments of Chaza'el – the Aramean KING Truths be given to us now – so that the many shall not fret Inheritance of Abraham – redeemed shall share and get

#### No Contradiction of Truth

Apologists do try – explain away contradiction
Oh silly apologists – where is thy conviction?
For G\_D be so above us – HIS ways be so different
There be no contradiction – snares for sure were sent

You say YESHUAH preached – you say YESHUAH taught Not to judge at all – surely you'll be caught For discern and judge you shall – by RUACH and by faith But only with appointed authority – decision can thou make

Don't argue with a fool – came wisdom yes it did Secret of no judgment – do you think its hid? Walk away real fast – but let not tongue declare Leave judgment to the judges – don't make thyself be bare

Two truths be at the same time – can you see the glory Opposites be true – if you dig to find the story Perfection in G\_D's order – if we understand Judge without leshon hara – let judges reprimand

All throughout G\_D's WORD – doth the snares be set Contradictions be not there – if the truth you'll get Ignore how WORD be given – say in heart we not need context No end to what you'll make up – more lies do come next

Where now be thy judges – Elders kept in silence Rabbis, Priests and He-goats – soon there be come uppance Render judgment yes you do – judgment waits for thee Not following G\_D's great order – this you just can't see

Mashiach has won the victory – why then doth not light prevail Why doth darkness howl – evil wind blows as a gale Oh how time be short - for enemy who was appointed Hear how our King Daveed – would not lift his hand against the anointed

See how opposite revelation – doth not the truth negate Even King Mashiach – upon ELOHIM doth await Power in HIS hands – judgment HE could take Submits to perfect ways – for the FATHER's sake Let not confusion weary thee – let not thy mind go astray
Seek truth amidst the opposites – let wisdom have its way
Follow what was taught – YESHUAH with judgment doth set the snare
Cast the first stone without authority – do it if you dare

Can you see hypocrisy – so great now in Bavel
Gnashing teeth of rebels – oh what lies they tell
Or even if some be right – nothing left to appointed authority
Leshon hara doth reign supreme – wagging tongues set free

Be silent yes Paul says – don't declare don't judge From the truth however – you don't have to budge Fools be fools its true – let authority make that call Let thy truth stand in silence – let the truth stand tall

For authority in dark days – it be so unjust
Submit to it you peoples – yes you surely must
For the peoples you did get – the desires of thy heart
Demanded human kings and judges – now peoples be ripped apart

#### **Tzitzit Blues**

Do this - don't do that

Don't touch or sit - where the unclean were at

Could it really be - that commands were only for the old

G D is the same now as before - is this not what we were told

Doth thou man ponder - yes KADOSH is the word Could it be of this - thou never hath heard What doth this mean - be HOLY thus says the LORD Does it resonate at all - does it vibrate a chord

So you say - Mashiach has washed all clean No longer need holiness - is this what you mean? So eat your bacon and shellfish as well A new covenant song - this you goyim tell

Go on ahead - celebrate new days as you will Render what G\_D did command - in your hearts to be nil But not thee Jacob - do hang onto thy ways Yes hold on tight - now here be the end of days

But thou Jacob - won't thou really seek the new Mashiach YESHUAH - oh so long calling for you For thy light be so dim - without HE WHO is light Psalmist doth cry - who shall actually get it right?

For the command of old - oh so tested and true Yes even down - to the threads that are blue Be holy says the LORD - for Torah it doth sanctify Made holy by HIS WORD - great YESHUAH CHAI

But ye be reformed oh Jacob - so many liberal in your ways Growing more secular - yes day by day Or maybe presenting thyself - so righteous and orthodox Show us how righteous - how nice are thy locks

Thy pretense Jacob - oh where is the love Commanded by ADOANI - from so high above Separate thou are - just as thou are supposed to be But what of the light - were you not to be shiny? And oh you Messianics - so many games be afoot
Where is thy truth - where do thy hopes do thou put
Numbers and funding - coming from goy WHO G\_D doth send
But thou seek the favor of Judah - whom you woo and blend

So Psalmist doth sing - to hearts that desire the holy Not the haughty or stiff-necked - she doth call to the lowly Message be the same - from the beginning from of old Message be G\_D's WORD - just as we were told

Perfecting G\_D's love - be seen by love in community Signs, wonders and gifts - come from love and unity All parts be different - but equal all the same Put thyself above others - thou be looking only for fame

Oh lovely people - spurn not the way so clean Turn towards holiness now - put on love's sheen For holiness like iniquity - it be like a cup Let G\_D empty all - then pray HE fills up

HOLY HOLY - yes v'yikra be the call Don't be put off by Levitucus - there be no reason to stall Let the Aliyah commence - don't walk as thou think straight Follow the Torah ye believers - let holiness be thy fate

Why not have it all - both holy and the grace Invitation for goyim and Jacob - come on and run the race For G\_D HE doth still call - V'Yikra be the WORD Psalmist cries out loud - oh let her song be heard

For defilement doth spread - such a horrid disease
The olam doing - all sin it doth please
Time to make thy stand - time for thee to choose
Time to knit heart holiness - do sing the tzit-zit blues!

#### **HIS HAYA**

Seven Spirits come - Seven Spirits go

Master Rebbe teaches — as the wind doth blow

But Spirit gift doth flow — from YESHUAH's wondrous heart

Way back to TANAKH — been this way from the start

Spirit doth G\_D's bidding – not about the self
Always doth arrive – always here to help
Why doth Spirit stay in some – while others it doth leave
HAYA Spirit can be temporary – to special some it doth always cleave

THY RUACH great YESHUAH – stands before the Throne
Let IT come upon us – our way let THYSELF be blown
"Fear of ELOHIM" be first – then "wisdom" – "counsel and might"
Comes "anointing" then "revelatory prophecy" – "real life" it be right
Then there be the very best – Spirit to take us home
All THY RUACH when it be in us – we be perfect – we be "shalom"

Samson be a Nazarite – yes declared forever
Daveed's wondrous heart – Spirit left him never
Some Judges on the other hand – some time they had power
Seems for just a time – right down to the hour

Oh YOU great YESHUAH — all Spirit coursing all throughout Unmeasured from beginning — this truth the Psalmist shouts In THEE LORD SPIRIT it be HAYA — not so a passing state YESHUAH doth send gifts — on time and never late

But how beloved be the few – open wombs yes THOU did make Very special gifts – portraits for YOUR sake How you did pay visit – yes THOU left THY clue How blessed this day I be – through them I see YOU

Oh let THY gifts do rain – always for THY glory Let THY gifts yield fruit – please let them tell THY story But also Psalmist prays – THY Spirit reside in me forever From my purpose and my charge – please separate me never For Spirit comes and goes – gifts they can so flee HAYA be the hope – for believing mortality But across expanse of time – G\_D on some forever doth pour Blessed be the sealed ones – bless thousands of one forty-four

Please stay with me THOU HAYA –my cup do always fill
Oh frightened heart do pray – LORD THOU be my thrill
Where can my soul run to – to find my very essence
THY HAYA great YESHUAH – I be nothing without THY presence

Then there be the others – first one then demons seven more How it starts with "pride" – we know this truth be sure One kind of HAYA it be light – dark be haya not of the son Watch closely yes indeed – quickly you it comes upon

How I long to be so worthy – yet how much more so I do need Place in me my LORD – THY HAYA, THY wondrous seed May I always desire the gifts – knowing that it can't be me Praise THEE great YESHUAH – I still don't know what THOU doth see

Make me THY beloved – with sealed HAYA here and now Always YOU I praise – THY NAME is what I tout Let others know THY love – through me the others lift May HAYA Spirit stay – YESHUAH yes THOU be my gift!

### **Dear Sweet Nicodemus**

Dear sweet Nicodemus – thou questions as a Rabbi should How can a human be born again – please tell me how they could Then YESHUAH doth answer – thou must be born of water and the spirit This be the only way – in the Kingdom to be fit

As Moshe did foretell – speaking as a prophet Should one come down from Heaven – to explain what means the tablets The answer of course be "YES" – HE as manna without leaven Came the Son of Man YESHUAH – descended straight from Heaven

Born of water yes thou be – each must verily testify Proclaim redemption by YESHUAH – please witness Earth and Sky Yea water does come first – then sprouts forth holy seed Ruach doth descend – reborn yes indeed

Dear sweet Nicodemus – crawl out of the womb

Reborn yes again – fathered by YESHUAH from the tomb

Testify for YESHUAH – HE shall present thee reborn with Ruach seal

Then finally be seen by ELOHIM – finally becoming human and so real

For breath and locomotion – in this realm doth let thee act Without purpose or knowledge of G\_D – thou existence not be fact Tis only when thou be reborn – prophet speaks of Torah on the heart Born again by ABBA YESHUAH – new identity from the start

Live now like a witness – from Mo'ed yes to Mo'ed Purpose and identity – Ruach remembers what YESHUAH said All Scripture speaks of HIM – Prophets and haTorah Children reveal their parents – their lives reveal YESHUAH

Dear sweet Nicodemus – how blessed thou wast given clue Given Torah by the Master - how YESHUAH surely loved you When the time did come – thou lovingly for YESHUAH cared Psalmist does not question – in the end how sweet Nicodemus fared

Why so much debate – why so much confusion
Beloved Comforter be wisdom – part of new person holy infusion
Like the barren births before – Mo'ed be the special sign
Life from death reality – Shavu'ot rebirth time

Who is your father and your mother – don't speak about the flesh Who be thy holy parents – who raised up your nephesh Rise up from the water – rise up from the womb Ready thyself tis time – get ready for the Bridegroom

Dear sweet Nicodemus – part of wondrous mystery
Forever now recorded – thou be part of the history
Unlike others who did walk away – 666 could not stand the truth
Sweet Nicodemus watched and waited – finally understanding the proof

### **Build The House**

Great Builder house doth start – create with wisdom in beginning Shlomo gives a clue – foundation be the perfect underpinning Same pattern of ELOHIM – RUACH fluttering above the deep Hewn Pillars support the house – Shema Yisrael will you keep?

Such a lovely house – Father and Son do make abode Obedience to the WORD – covenant it was sowed If thou loves me yes HE said – then thou surely shall obey Comes the Comforter to thee – after HE must go away

Why must THOU leave us Lord – what does mean this saying Remain dear friends in Jerusalem – be as one in praying For remembrance does draw nigh – of Me all things I be Comes wisdom to thy heart – just wait and you shall see

Oh You wondrous Pele – YESHUAH ever great
Go so Thou can send – spirit of the bride the mate
For wisdom doth have fear – wisdom seeks pure counsel
Wisdom be the difference – between the lifted and those that fell

Once upon a time – YESHUAH did give task

To His talmidim – "Who do they say I am?" He did ask

Oh bless thee Kefa ben Yonah – For you could have never known

Unless from my loving Father – this truth you had been shown

Yes more to Kefa than we think – pay attention just a little Kefa doth give answer – to Shlomo's lovely riddle How RUACH lets us journey – on perfect Aliyah How RUACH leads to perfect love – of our great YESHUAH

Seven Spirits how they dwell – within RUACH sent by ONE Seven Spirits they do tell – who be destined for the SON Awaken lovely RUACH – virtue, knowledge and temperance Patience, Godliness, Brotherly Love – and perhaps Soul Love be sent

For Kefa he was shown – within Moses and the Prophets Remembrance of YESHUAH – how things they had been set How YESHUAH be the builder – yes to even sit upon the throne How he and all the brethren – each one be a lively stone Then pattern doth prevail again — seven spirits before the throne Perfect chips off ancient block — pieces of the cornerstone All gathered yes again — building be made of pure light G\_D is LOVE it's true — SAR SHALOM's love feels so right

Please LORD let me trade – old stone for one new
One that has a NAME – known by me and You
For collective be the bride – individual be just a child
Of course Father gets to name – LORD Thy ways be oh so wild!

# **Pilgrimage Road**

Psalmist must cry out – yes Wisdom should be heard Be careful all you travelers – listen to G\_D's WORD For many Pilgrimage Roads – lead to false high places Caught up in its branches – be many so dead faces

Yeah the road doth promise – love light at the end
Be careful of Pilgrimage Road – consider who does send
For real Aliyah comes by ELOHIM – G\_D doth make the way
Doth Aliyah lead to Israel – consider Wisdom what doth she say

Doth thy Aliyah mean go up – doth it resonate with olah Doth thy Aliyah ascend – like ELOHIM's great Torah What be the worth of Pilgrimage – if it leads to any old place Point of Aliyah dear ones – is to meet G\_D in HIS space

Even ancient Pilgrimage Road —can lead to places high Pilgrimage Road be found now — should pilgrims seek to fly Soon be coming a temple — ordained yes long ago Patience little dear ones — bo YESHUAH bo

For there be little worth – of temple without DaBiyr
Little worth indeed – without our YESHUAH here
But Jacob he shall run – so shall multitude that's mixed
Take the Pilgrimage Road yes – before the temple be cleansed and fixed

Doth thy Aliyah mean go up – doth it resonate with olah Doth thy Aliyah ascend – like ELOHIM's great Torah What be the worth of Pilgrimage – if it leads to any old place Point of Aliyah dear ones – is to meet YESHUAH face to face

Doth thy Aliyah mean go up – doth it resonate with olah Doth thy Aliyah ascend – like ELOHIM's great Torah Why and where you journey – so important yes it be Wisdom cries out loud – against high places you can't see

Why and where you journey – so important yes it be
Wisdom cries out loud – against high places you can't see

### Oh Ishmael

Oh Ishmael thou desired – to be the chosen line Surely thou were also blessed – lineage oh so fine Regal and yes noble – all indications point to royal Deep down utterly compelled – always seeking Jacob to foil

Thy blessing it did follow – when Abraham sent thee East Thou were not the favored – but thou were not the least Princes in thine own right – yet also donkeys so un-tame Unhappy with ELOHIM's choice – desiring thine own name

From the start the record – shows how thou conspired Hoping for Jacob's destruction – by hatred so inspired How even Jobe did counsel – against the children of Israe'el Even though he worshipped – Father Avraham's GREAT EL

How thou doctrine always held – blessings mean G\_D's favor Jacob held in bondage – surely these G\_D just could not savor Yet Jobe had lessoned learned – Ishmaelites oh so legalistic G\_D's ways and choices unfathomable – they be utterly fantastic

For surely pain and suffering – can come upon all men As it has in the past – as it is and shall be again Not all these men be cursed – suffering simply for G\_D's plan This be the story of Jobe – shema and understand

Our dear Jobe yes did learn – but Ishmael be that portrait Unwilling to be tame – maintaining that old hate So rebellious yes indeed – fashioning Koran story Again to foil Jacob – claiming thine own glory

Yes there be so many – claiming Avraham as father Yet denying Avraham's mandate – they don't look nor do they bother See how father Avraham – gave to Yitzchaq, yes that special boy Even the inheritance of Ishmael - Yitzchaq given "Beer-lahai-roi" How lovely yes the clues – Prince and yes a Princess G\_D spoke from the "whirlwind" – "S'arah" truth yes ever best Hebrew word-play doth shed light – so great an awesome power Chosen one came through Ezer – "Sar'ah" be that special flower

Oh Ishmael be content – thou wast loved by Avraham Given thine own blessing – given thine own land Was thy father any less – then Aramean on a journey Psalmist she doth pray – some of Ishmael shall see

Thy relevance oh Ishmael – no need for Jacob's destruction Old hate be a doctrine – yes a devious construction For father Abraham – be father of many nations Simply let it be – thou and Jacob share same patron

How Elihu spoke wisely – yet thou hold to thine own wisdom Holding out ferociously – that by Isalm comes the kingdom Yet Israel he be sustained – for Mashiach be YESHUAH In Jacob did ELOHIM ordain – comes the KINGDOM TORAH

Oh Ishmael do rest – YESHUAH be visiting in thy dreams Word of such be news now – yes mercy it surely seems Let old hatred die – time now to be tame G\_D of Avraham – for thee and Jacob be the same

Don't look upon Jacob's ways – upon his trouble as well Consider the times of Jobe – for thee a story yes to tell Sons of Ishmael did tout – yes speaking with their wisdom At the same time bound in Egypt – in Jacob rested the Kingdom

Don't thou listen to Balaam – his sorcery and his lies Like Persia yes an outsider – destroy Jacob how he tries Think of father Abraham – how lineage gifted it is royal Princes thou can remain – but Jacob thou will never foil

Oh Ishmael consider days of Jobe – the hate it not be worse But ELOHIM showed mercy - balanced scales to lift the curse And came a double portion - to dear repentant Jobe GREAT ELOHIM of Jacob - for YESHUAH doth spare the globe

### **Johns Road**

Johns Road it does beckon – Ancient call does whisper soft Will you listen close – will you sneer and scoff?
Old command reminder – old command made fresh
Same command but now – echo seeps into nephesh

So you think ye now be saved – but thy sin thou won't confess Thinking thy religion – it be right and be the best But no soul love song does play – a liar just can't love Lift brethren to their heights – command from G D above

Looking oh so right – Pharisees command do follow
Hearts be ever empty though – their torah it be hollow
Let's have imperfect single mindedness – let not our heart to turn away
With love there be a covering – mercy for mercy in that day

John's Road it has love – here pride does not lift Brethren find real love – find purpose and their gift No Nicolatian tells thee – or teaches of thy purpose No matter what they say – no matter how verbose

Johns Road leaves the fray – leaves the Pharisees behind Johns Road seeks Beloveds – the real brethren yes to find Oh Lady of the House – tend thy children and do nurture All the more do build up – thy love it be so pure

Oh Gaius yes dear friend – so well thou doth tend the sheep Dispensing love and purpose – new command thou keeps As for Nicolatians – they won't suffer to come in Deluding sleeping children – like when it did begin

Johns Road take us home – perfect us in the light Let us heed the whisper – be not children of the night Along the way we strive – on the way we find our stride Imperfectly we travel – still in YESHUAH we abide

Johns Road be our way – an Aliyah towards a glory
Do you ever wonder – how John does tell the story
It be all about the love – yes purpose and G\_D's will
YESHUAH's command be fresh – but Ancient it be still

### **G** D Calls

Call is what G\_D does – Va'yikra to be exact Name of Bible's third book – please do check the fact Who did change the name – Leviticus it be Latin But really it was G\_D – calling Israel to be "all in"!

Be Holy for I am Holy – this be GREAT G\_D's call Why then doth the Holiness confound – most believers, if not them all For what could be G\_D's call – if not HIM to emulate Personal gratification then – why doth perfect order you all hate?

Tis not for now they say – that was for the old

A better way was given – they claim this was what they're told

But in the end we see – how those with YESHUAH and commands

Be those left yes to battle – be those to make the stand

Also it be told – how saints their patience tried

Keep the great commandments – and to YESHUAH they have cried

So what means this when you say – commandments were for a time back then

When REVELATION doth declare – commandments be good in the end

G\_D calls above the waters – roaring sounds of all the nations
Warning to listen to HIM – not following vain imaginations
The time is nigh oh children – Psalmist resonates warning one last time
Turn to YESHUAH now – don't you perpetuate lies and crime

Perhaps we feel it's too late – this "Holy Thing" for us can't be Psalmist pleads again – G\_D's call and signs do see Tribulation spreads about – a world without control G\_D calls not to the world – G\_D is reaching for thy soul

G\_D sings a love song to you – the NAME yes be the SON Don't let the enemy take away – from you the victory HE has won For YESHUAH be the same – as THE FATHER it's been told YESHUAH is the commandments – HE is the covenant from old

Apostle Paulos sums it up – love thy neighbor as thyself Va'yikra 19:18 – be a great clue it will help Yes 1918 it was special – how the world all neighbors hated Came the great pandemic – surely it was fated

Look at "chet", "vav" and the "dalet" – add them up you'll see One 18 with one 19 – you say this is an impossibility But read from right to left – so a coincidence you say Now lawlessness and hate – how they permeate the day

Yes GREAT G\_D HE doth call – don't worry if you'll survive Psalmist pleads once more – let G\_D's WORD make you alive Quicken your nephesh – with RUACH and great zeal Last chance to be born again – last chance to be real!

For the days are come upon us – when G\_D's call shall be silent Days are come upon us – when the lawless shall be rent Be Holy for this be G\_D's call – from beginning to the end Psalmist cries a love song – G\_D's call the Psalmist sends!

Let thy countenance rise up – don't be like Canaan from of old Sin creeps at the door – surely this we've all been told Don't become so hopeless – for hopelessness doth fall Sh'ma all Israel – please hear our GREAT G D's call

Love the LORD your G\_D – with all your heart, soul and your might Stand up now it's time – yes with holiness join the fight Nay we not be worthy – but we can try and run the race Love HIM little children – in thee G\_D will make a special place

### A Psalm For The Children

Psalmist can't stop weeping – can't withhold from crying Each and every hour – do the babies keep on dying Thousands every day – millions every year All across the globe – their blood the ground doth smear

What be this world of ours – surely all mothers can't be in jeopardy Of dying while giving birth – seems impossible to me So doth this life within – not count as life at all Psalmist cries aloud – oh GREAT G\_D hear my call

Thou knew them yes before – all time was ever made
What be the reason ELOHIM – that before birth their light would fade
Be they witnesses in fact – against mankind who just be beasts
Tell me gracious ELOHIM – shall some children share the feasts?

What if all children be aborted – then what could be said No one left to make it right – then all mankind would be dead Yes this be anti-life – yes this be anti-light When Mashiach doth return – shall abortion still be right?

How a Psalmist's heart doth sink – as evil has its way
Little ones to the grave – yes each and every day
Yet they strip them of what's usable – saying this be good for life
Just poison fruits from the womb – to the creation so much strife

Great ELOHIM a Psalmist cries – for THOU be the one true FATHER All of these that perish – how much more to THEE it bothers THOU also be the MOTHER – all so true THOU be their breath How dare they oh so casually – send new life to their death

My tears they won't relent – my prayers for those elect Who didn't get a chance – to live and see what does come next No chance to walk the fields – to see sunset or the dawn No knowledge of other little ones – like the prancing pretty fawn

No chance to be a steward – no chance in Torah yes to live No chance at all GREAT ELOHIM – their first fruits yes THEE to give No joy that is complete – no delight, nay no shashuah No chance to serve our KING – no chance to serve YESHUAH Great ELOHIM its time – enough evil doth rise up
How indeed can't it be – that filled be iniquity's cup
Tis one thing to play G\_D – thinking man controls yes even breath
Tis another thing altogether – judging the innocent unto death

Won't you all just cry – for one minute stop to think
For another baby dies – each time we do blink
Who be left to mourn – those who in the womb did live
For man be oh so wicked – remove life's blessing G\_D did give

#### **LORD OF LIGHT**

LORD OF LIGHT we beckon – humbly not verbose
Tell us how it goes – what about our purpose
We know Torah be for purpose – but believers this refuse
How THOU smiles broadly – when they not be accused

Yes Torah be the desire – indeed the KINGDOM rules And surely it would seem – Torah be sneered at by the fools But then again perhaps – there be that love, the height of law Rabbi Paulos did reveal – loving kindness be their call

LORD OF LIGHT THY Torah – yes for us it be How we as well desire – that Torah they love and see But some do have purposes – perhaps not Torah covenant But all the same they love – and often they repent

Who be those Torah cleavers – who might think with a high hand Who be those Torah cleavers – who might not understand That Torah does not save – but Torah it be for living That Torah be a special path – to some that G\_D is giving

Torah be not for everyone – even believers it doth appear But for those with Torah purpose – oh how Torah be so near No implication of perfect – for none have glory in thyself But special purpose all the same – Torah be life's help

LORD OF LIGHT do shine – show us purpose and Aliyah For some we know it be – yes cleaving to THY Torah And this purpose it be hard – yet precious at same time Torah how it doth appear – to be a lovely sign

Teach us THY ways oh LORD – as Daveed often cried How he begged for RUACH – not wanting to be naked when he died But surely there be goyim hearts – yes smitten by the SON Who do not have Torah purpose – but celebrate HIS victory won

LORD OF LIGHT do shine – yes strength to run this race Such a mystery indeed – be THY mercy and THY grace Teach us with compassion – to accept their purposes too Even if our own purpose – they might sneer at and eschew For without or with the Torah – perfectly imperfect we all be Let us just like THEE LORD – be an example proud to see Let our coming troubles – yes fierce tribulation Be a worthy sign – as told in Revelation

We need that special heart – though we be so different To withstand all pain – when and if YOU require us, to be rent Let us be like YOU – let us leave the judging to FATHER Let us worry about our Aliyah – let their purpose not us bother

Let us simply love – let YOUR LIGHT more shine Let our hardships simply be – like THEE as their sign For Torah has its purpose – in these latter days Keep us LORD OF LIGHT – shine the path upon our ways!

### Distinction

LORD doth make distinction – as always HE doth set apart Take her A'dam and his Chavah – distinction from the start Same but different for sure – each doth have their role Same with Isra'el and olam – altogether makes one whole

Oh Pharaoh thou were chosen – portent of all nations GREAT I AM LORD doth show – "Niflotay", yes bringing conflagration Yet there be on both sides – Isra'el and also haGoyim Both sides suffered yes – also survival, by the hand of ELOHIM

What say ye Psalmist in this – t'was only Isra'el from pain excluded Perhaps we need recall – when leaving, Goyim were included Only in Goshen there was light – was Isra'el yes there alone Presumptions long term made – yes presuming of the unknown

Wonders now be descending – who doth take the stroke Nation of the Olam – doth reel, stumble and yes choke But Mitzrayim be picture – of all nations we've been told Plague doth affect everywhere – LORD says, "look-behold"

As well yes do perceive – proclaimed Chasadim feel the blight YASHAR it doth tell – even Israelites in Goshen, G\_D some did fight Presuming they be safe – yes in Niflotay they don't believe ELOHIM HE doth contend – safety they will not receive

Always questioning Moshe – always upset G\_D doth send Correction and yes hope – yet some it seems will never bend Wonders people ask – if G\_D IS, then where they be Psalmist she cries out – open thine eyes, just look and see

Olam being weakened – yes power vacuum being created Those in shiny ma'at mikdash – being fearfully elated For the hand of PELE – in righteousness shows HIS power Setting up the rise – for Perdition and his tower

A sleeping olam cannot see – G\_D's finger in the pattern Solstice great conjunction – yes of Jupiter and Saturn Not be such coincidence – pure chance the scientists say What do we think of magicians – how they would marvel in that day Yes there be distinction – separation by real belief For unbelieving Isra'el – yes even for them be grief Astrologers they note – yes portents they do see Stars given for seasons and times – LORD said by HIS decree

Realms, Kingdoms and Religions – swoon in times and change Answering to G\_D's decree – doth this seem so strange? Distinction time be here – hand of PELE be in season Psalmist feels so separated – singing again just for this reason

## Israel's Messiah/Past and Future

O Israel, hear and listen, Messiah Yeshua calls you to Him. He's your atonement for your sins, Awaiting your hearts to yearn for Him.

Plagues and darkness filled the land, Yeshua was the light and the lamb. The lamb that was cared for, And then was killed, So that the blood might be spilled.

On that night, that blood on the door, So the Destroyer would pass over. Israel's first born survived the night, And all of Israel began their flight.

He brought you out from Pharaoh's hold, No more slavery or bricks to mold. Out of Egypt, Israel fled, In haste, no time to raise the bread.

Through the desert they would come, Israel, led by the Son.
Moshe the prophet, the shepherd, priest, Most humble of men, himself the least.

Moshe led them to the sea, Close behind was Pharaoh's army. Our God saves, Yeshua is He! Adonai's right arm, He parted the sea!

All Israel crossed on dry land,
Not so for Pharaoh's army, Which was close at hand.
They lost that battle in the sea,
Yeshua destroyed the enemy!

The manna He gave to hungry people in strife, Yeshua your Savior, Is the Bread of Life! Water from the Rock followed Israel in dry ground. Yeshua is the Rock Where living waters are found! On Mt. Sinai God spoke His decrees, Only Moshe was allowed to see. Yeshua and He face to face, The living Torah, His Law, His grace.

Thunder and lightning made the people affright. They waited for Moshe many days and nights. After forty days, Moshe came down, tablets in hand, the law of renown.

The people had sinned, They had fashioned a calf, To replace their God, They thought had left. Moshe was angry, the tablets he broke. Israel forgot all the words God had spoke!

In melting their earrings and Egyptian gold bands, They had forged an idol with the work of their hands! Moshe the leader now was their priest. He fasted and prayed for their relief.

That God would relent and keep them alive, Forgiveness and mercy, Moshe prayed for the tribes. New tablets of stone God wrote once again, Ten Words for the Ark would go into the land.

The wilderness wanderings, Forty years in flight, The covenant, the promise, Their land was in sight! But Moshe their leader would not go in. He struck the Rock; that was a sin.

The Promised Land he was denied, But the Father's mercy, let him see with his eyes. The land that Israel soon would possess, A covenant promise from the Father's goodness.

A land of plenty, of milk and honey, For a people as numerous as the sands of the sea. Land had to be conquered, There were battles to wage. The Spirit from Moshe To Joshua he gave.

Fear not, be strong Yeshua appears! To lead Israel's army, Do not fear! Yeshua, Redeemer, Savior, King! Commander of the Lord's army! Will lead Israel in battle and fight to win. Against all odds, their faith is in Him!

Only He will defeat their foes, And remove all of Israel's woes. He is waiting, ready to fight. To bring Israel out of its plight.

The sword is drawn!
Yeshua the King!
Will bring judgment and justice,
To their enemies.

O Israel just wait and see, Your Messiah Yeshua Ben David, Will respond to your future cries and pleas, Returning with justice on His white steed!

Vengence is mine, saith the LORD, And for Israel my first born? Messiah Yeshua, my mighty right arm, Will save you all from the nations' harm.

O Israel my first born son,
This is why these battles are wonYou are not so perfect, special or great,
I have loved you forever for My Name's sake.

### Jerusalem - Jerusalem

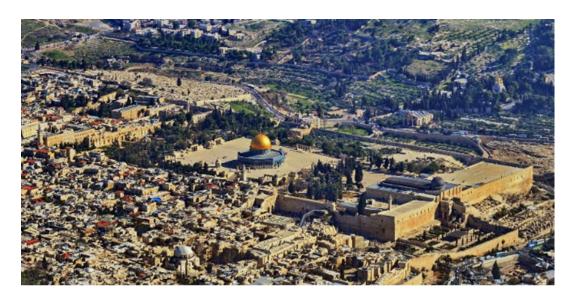

Jerusalem, Jerusalem - how we long for thee
Desperately awaiting - our YESHUAH to see
Oh such pain to see defilement upon the mount so sweet
Let it be gone LORD - make destruction complete

How easy it is to visualize the glory of the past
Oh come hurrying KING - oh please come at last
Come to THY resting place our Savior and LORD
Let us sing, praise and worship THEE with deep soul chord

From Mount Tzion THOU shall for a millennia reign With iron rod - the nations -THOU shall restrain Oh just to pass through those wonderful courtyard gates I pray so for friends and I pray so for mates

Oh LORD THOU be the builder most great Come rule from Jerusalem - it be THY fate Come back to the scene of THY great victory event Bless YESHUAH - gave us a chance to repent

Bring order LORD - come with THY LAW
Establish it firmly - mandatory for all
THY servants will dance and sing oh so loud
Oh YESHUAH - ABBA be so proud

Send forth THY WORD - send it out so fast Let the nations know - it forever will last Stop the chaos LORD - please deliver peace Make the hate and anger cease

Show the nations LORD how righteousness shall prevail Uphold the servants' hopes - THOU will never fail Let come truth and order to the land Take Jerusalem LORD - into THY loving hand

If it be THY will please let servants witness Let servants survive so that they can confess LORD how THOU hast done it - there be no mistake Come YESHUAH - please Jerusalem soon take

#### Oh Israel

Israel, Israel how I have longed for thy return
Waiting so graciously - but my NAME doth thou spurn
With truth and grace given - beyond all of the nations
Oh Israel how thou tries - My long suffering patience

My love for thee is like - no other of My children Heart aches with rebukes - to thee I must now send But prophetic siege against thee - yes it must be laid Oh hard hearts please do listen - don't ever be delayed

Eyes turned on Jerusalem - yeah all of Israel
Since thy return oh Jacob - thou continues to rebel
Yet again the Land doth not - receive its ordained rest
A Yovel of years be gone - since the 1967 test

Now comes seven years - of siege and punishment Oh My darling Israel - will thou not relent Politics at play while Temple Mount remains off limit Won't you trust in Me - I did make you win it

Thy commerce is so grand - look at what you've got Still thy wise top court - rules against the sacred Shabbat So quick to be included - oh to just be one of the nations Democratically ruled - special interests and abominations

Tel Aviv be oh so grand - please do look and see
This not be the way I've commanded - this not be pleasing to Me
Thy Chasidim want Torah - Torah on their terms
Treating others as unclean - treating others as lowly germs

Where is thy light oh Israel - can we see it shine
I've blessed thee oh so much - thou should look so fine
Drawing nations by thy love - drawing nations because of Me
Now there be the violence - in the streets between Israelis

My prophets they have spoken - patterns do come round Ezekiel spoke for Me - My siege it shall abound Against the land itself - punishment doth fall Such hard faces and hard hearts - won't you hear My call? Both at home and in the exile - thou should be My delight Ushering in the shiny breeze - showing the world what's right Yet truth you shall refuse - truth you will not hear YESHUA is the NAME - RUACH whispers in the ear

Who amongst you bows - who amongst you shall testify The only SON He came - and for Israel He did die The SON awaits confession - please do mourn for Him T'shuvah sets the stage - T'shuvah lets it begin

Thy enemies be gathering - oh how they again surround Just waiting for their chance - waiting to bring thee down Thy covenants and deals - will have no victories won Oh Israel don't you know - thou can't be Babylon

Please listen to Yochana - a heart which pleads for thee The prophets they have spoken - please patterns will you see Thou be blessed for sure - more than nations one and all Get ready for the siege - get ready for the fall

Oh how Psalmist prays - Psalmist lifts thee up Israel beloved children - let tears flow in thy cup Turn thy hearts to YESHUA - He waits and waits for thee Grace and mercy doth await - just you wait and see

But hardened heads and hearts - is how thou treat the prophecy Ignoring all the patterns - for blindness cannot see
That amidst the growing blessings - amidst all the success
Doth punishment come upon thee - for thou shall not confess

Oh Israel – Ephraim before redemption
Why doth thou think – that thou be the exemption
Oh how thou doth hurt – the nations doth thou gore
Using thy great talents – leading astray all the more

But days be coming Israel - Y'hudin not be spared
The rod of correction be stroked - Mashiach's anger it be flared
Thou should know much better - than all peoples and all nations
ELOHIM doth contend - against unholy abomination

Some brethren they do contend – yes they tell the truth But thee oh Israel rebels – just like in thy youth Thou won't listen to thy brethren – nor to righteous goy Now comes upon thee siege – now thou shall scream oy

Psalmist's message be so true - no matter how thou doth attack Punishment shall come - for stiff necks won't turn back But prophets they have spoken - and thou shall surely know Command of G\_D doth stand - this be the way patterns go

Oh Israel – thou are not forgotten by Me
Brethren and the saints – have prayed so hard for thee
Yet thou shall have none of it – thou hast turned up the nose
Time for corrective rod – before thou puts on mourning clothes

Oh how prophets sing – and messages be sent Kill them yes thou does – and on thy way you went But Psalmist she does sing – and surely she doth tell G\_D shall save HIS people – save all Israel

### **Old Hatred**

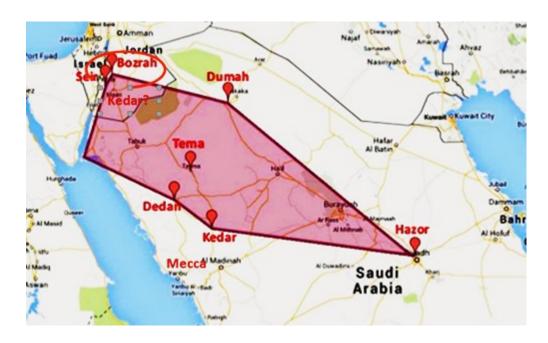

Against the age old hatred - doth the Psalmist sing
Please listen to my song – for vengeance doth G\_D bring
Thou hath clapped thy hands – against Israel through it all
Psalmist knows there be some – who shall heed this call

Watchman has been set – oh come and ask from Seir Tell us watchman will you – now that we've come here Is there chance to return – even with blood upon the hand We can feel it in our soul – fury comes against the land

Psalmist tells thee true – Babylon did fall
Thy banners all around – one by one then all
Night shall surely bring – terror as in the morn
All who stand by Babylon – shall be tattered and torn

Thy bloodline thou did contemn – like Esav and his birthright Always choosing "chamas" – always choosing to fight Always seeing Ya'aqov – as the terrible blight Hating Israel always – they be loathsome in thy sight

Old hatred be thy sustenance – always to the end Never will thou yield – never will thou bend Oh princes in "chamas" thou revel – defiling everything One last chance to listen – hear the prophets sing

Babylon be in the West – it also be in the East Old hatred be pure sin – ye be devoured by both pawns of the beast Yielding to old hatred – drive them into the sea Babylon doth devour itself – just you wait and see

There be no safety in numbers — time hath bore this truth Look at thine own destruction — this surely be the proof Though Israel she be punished — yes by the LORD's command In the end with Israel — surely doth G\_D stand

But amidst the hatred terrible – within some does spirit groan Mercy ever great – from G\_D hath some been shown Every tongue and tribe – none to be left out G\_D's mercy be so great – this Psalmist she will shout

Amidst the terrible hatred – some do cleave to Torah Some have seen the light – some have seen YESHUAH These be such who inquire – they ask if there still be time Answer to thy prayers – this song be such a sign

Don't look for thine Mohammad – he be long since buried Run to Mashiach YESHUAH – don't tarry you must hurry For special fury be unfolding – sands be filled with blood so great Vengeance comes from ADONAI – against thy old and terrible hate

#### **AGAINST ISRAEL**

Because our LORD doth make - messenger understand Sadly this Psalmist must follow - our LORD's harsh command Remember and transmit - a message long ago sent Oh how difficult – to so many recipients

The siege comes soon enough - what hath Israel done
Thou hast done even worse - than profane Babylon
Just watching makes the strongest - of loving hearts to fail
Where is righteousness Israel - amidst thy balance scale

Thy leaders and wise men - as well as elders they be blind Following the Goyim's ways – leaving G\_D's children far behind Thy rabbis and soothing prophets – don't speak G\_D's will Yet prominent they remain – leading Israel still

So soon will six destroyers – the number of man
Pass through Israel – inquiring of each where they stand
To see if dwells a Ruach – abominations do they bemoan
These shall be marked – those whose spirit's do pain and groan

Take a count of those - who fear what is to come
Take a count of a remnant – surely there be some
Oh Ruach dip into THY inkwell - freely do please spare
Those slated for survival – Psalmist prays in Jerusalem there

What hast become of Jerusalem - what of the beautiful bride There be nowhere to run – there be nowhere to hide Comes a singular evil – yes something wicked comes thy way Sweeping away thy ornaments – while harlotry doth play

Oh traveling man do pack up - thy stuff and each day leave Return again each night - perhaps then some there shall believe All the while prophecy be met - with inquiry oh so arrogant Oh Israel - thou hast contemned the holy covenant

Dealing with Jews in the Golus - those staying in Babylon They thinking they do well - seeing themselves as loyal sons Counseling that Babylon - yeah they be with Israel Watch out Jerusalem - soon on Earth comes hell But not just the people shall come - under HaSHEM's deep ire Mountains and Land's four corners - they too come under fire The fury and the wrath - spirals beyond the holy City Oy Vey be the message Israel - no mercy and no pity

Oh Israel - thy vine be of own root No strength in itself - thou hath rejected Jesse's Shoot Hardened head and faces - yes idols in thy heart Thou be confused as Bavel - be prepared to be ripped apart

Where is voice of reason - where be hearts of courage Don't you see the patterns - right there on prophet's page Foolish halakah - walks as seeing straight Counsel saying it be safe - it's wrong and it's too late

This Psalmist be so sickened - slack in her own heart Hardest message yet - from the very start Only comforted in the knowledge - G\_D this doth ordain Psalmist still cries deeply - for the cut-off and the slain

Oh Israel a remnant - shall survive and shall be lifted Always to Israel - special blessings they be gifted But before the rise a fall - comes a message of such gloom Comes the prophet's message Israel - the evil it doth loom

Against thee Israel - thou shall know that it be THE LORD Comes famine and pestilence - even comes the sword G-D's anger and HIS fury - to you before Babylon Still refuse to accept the truth - of YESHUA the HOLY ONE

Please know that Psalmist loves thee - more than any other clan Abandoning all her own - cleaving to Israel and her Land But balance scales be unbalanced - judgment first to thee doth arrive Psalmist prays and thanks THE LORD - surely some shall survive

Oh Israel thou be so hard - now THE LORD doth come against
There be nothing thou can do - there just be no defense
Thy agreements won't protect thee - though punished thou shall sleep
Remember prophet's words though - Psalmist warns thee as she weeps

## **Song Of The Messenger**

Comes my Prophet named Messenger - says ADONAI Hard to miss – fear of the LORD be his cry Oh yes Jacob before thy birth - I know thee returned As for thy brother Esau - him did I spurn

No Edom - built up thou shall not be Thou be excrement - can't you see Thy border be separating wicked from good Never repented - though thou knew thee should

But thee oh Jacob - just like the days of old Thou doth profane - as the Prophet foretold Thou doth say - where with do we profane Oh Israel - thy rejection of Mashiach it be insane

Still even now - doth thou before ADONAI bring oblation
Thou hath no Holy House - oh what imagination
Didst thou Jacob think ye be left without cause
Didst thou not ever think - didst thou ever pause
To consider MINE Servant - yes the SHOOT one appalled
And so now thou still be cursed - priests, leaders, he-goats and all

Yes even HIM - Immanu'el - was instilled fear of ADONAI But thou my Jacob - would not hear wisdom's cry The Holy ONE of Israel - thou would profane Nations love MY NAME - yes to Jacob's own shame

Where with THEE LORD - doth Jacob sore contend Oh so proud - ADONAI just wants thee to mend Remember - Zachar - that day wisdom was near At Horeb was with thee - oh the great fear

Jacob did shudder - the mountain did quake
A covenant of truth - yes did thee make
"We will" shouted those present - "walk in THY way"
If thou was there - do well and remember the day
For Shavu'ot doth come - the Comforter to thee
The book of remembrance - to remind thee of ME
If thou Jacob shall withstand - the coming of the Son of Man
Thou must fear G D - won't thou understand

As in days gone by - to HIS temple shall HE come Not for all - for the remnant just some Yeah those who doth fear HIM - those remembering the covenant Those who out of wisdom's fear - to HIM doth repent

Where with THEE ADONAI - hath Jacob spoken strong Thou Jacob doth error - thou doth be so wrong Persecute YESHUAH then - now even more Refusing to bow - thy sin be so sore

Consider thy fathers - the covenant they did not abide They waxed so fat - their fear did subside Forgetting the burning memory - each and every clan The mountain was aflame - for there was the Son of Man

Pray for HaRUACH - yes Spirit of ADONAI
Please remember the day - when "we will' was thy cry
Let the curse turn to blessing - fear the Son of Man
HE be YESHUAH of Horeb - the GREAT I AM

Fear of G\_D - it be wisdom in the gates
Oh Jacob act swiftly - before it be too late
Let HaRUACH quiver - yes let thyself be shaken
To thy very soul - lest so many be forsaken

The Psalmist she was there – tremble as she did No way to hide – fear of G\_D could not be hid Psalmist saw so many – one accord on that awesome day Remember now my Jacob – fearing YESHUAH be our way

## **Mourning Song**

What Prophet doth cry out – call the solemn fast
The LORD is now wearied – comes HIS time at last
Who doth cry for men – yeah as well the fields and beasts
Who doth mourn unrelenting – whose mourning does not cease

Oh Jacob did thee not know - Nineveh did repent 40 days did they have - ADONAI did relent Oh how much more then - will HE not turn to thee Oh Jacob the Psalmist cries - please do listen to me

But seek recurring patterns – wilt thou call a solemn fast Can thou do so now – like thou did back in the past Where be thy great House – where be thy holy priests To call the solemn fast – mourning to be at peace

One Shavu'ot did come – Kefa spoke his word Pricked so many hearts – in them rose a mourning chord Put to death Mashiach – there still be time to repent Trust in GREAT YESHUAH – it be new covenant

Yes the temple shall be built – comes our LORD's great day Mourning thou can't do – for joy it be the Festival way But then thou Jacob shall be true – realize what you've done Thou shall mourn YESHUAH – for HE be thy first born son

Yes this great revival – Israel as the light
It shall come my Jacob – after YESHUA'S awesome fight
Spirit poured out great – again to never be a shame
Israel as the light – under the banner of YESHUAH'S NAME

So we think there be just one – great day of the LORD Samaria and Judah twice – did fall to the sword Again shall come tribulation – nations with Jacob shall contend Two great days do loom – before we reach the end

First Mashiach makes HIS stand – coming as the KING Comes the lasting Kingdom – order does HE bring A Thousand years there be – before the northern one be let out Finally it be over – when ELOHIM doth shout And now the Psalmist smiles – knowing what shall be One thousand years of Israel's light – B'rit Chadasha will be All across the Kingdom – yes out to the nations Israel doth resonate the light – they be a holy oblation

But first shall come the mourning – oh Jacob thou shall rent Not the clothes but thy heart – yes thou shall repent And the mourners shall be marked – for Jerusalem shall be cleansed Unholy shall be cut off – this covenant thou cannot bend

Psalmist hears the song – of those who really mourn
It be the necessary cry – of those who are reborn
For look at what we've done – oh YESHUAH please do forgive
Oh mercy to us KING – without grace we shall not live
For innocent we are not – but innocent is G\_D's declaration
YESHUAH be the grace – beyond all imagination

# **What They Knew**

The father – yes such a heart for ELOHIM
His psalms of praise – yes worship made him beam
Dance in holiness – shine in beauteous praise
With his songs of glory – still now hands with him we raise

Such a desire – so wanting to build G\_D's house Stay in there always – tis what his heart did shout Saddened not to build – but given grand design Surely promised son – would build the house so fine

Ever faithful is our G\_D – with the son did come the build Every little detail – wondrous artisan guild Stone by stone – timbers of the Levanon were used Son did the holy work – which the father so long had mused

Psalmist she doth plead – oh please do take close look Secrets hidden there – right in the holy book Father and son – something special did they know Something there for us – something they did show

Psalmist David – beloved by LORD for sure Given oh so much – given all the more Knew something deep within – what be behind the veil Prayed so hard to ORACLE – to G\_D WHO would not fail

With Shlomo we do see – also uses certain term

Something oh so grand – if we dare discern

Only with these two – only with son and father

Oracle be revealed – HOLY OF HOLIES be called DEB-EER

Alas the story be sad – for after father and son
Those who did come after – forgot what they had done
For so long the secret hid – DEB-EER oh yes they knew
Only later with the Paul – seems he knew the ORACLE too

Oh coincidence they say – Devarim of stone be there Something was important – to David who did care But pray to stone be silly – for stones they do not live Unless there be real life - DEB-EER perhaps will give T'was not the tablets no – glory be in something else Descending to the HOUSE – did come Israel's help Yes once again came PILLAR – GLORY did arrive Yes did come DEB-EER – the WORD it is ALIVE

DEB-EER be great YESHUAH – Psalmist she doth see Oh please do have a blessing – do come along with me Be it in the desert – or upon the Sinai mount Descending to the HOUSE – on YESHUAH we can count

Coming in the Clouds of GLORY – was message to High Priest Coming to HIS HOUSE – Wonder PELE does not cease Where might ye be looking – clouds of glory in the sky Cloud of GLORY be in HIS HOUSE - DEB-EER be YESHUAH CHAI

Who shall say great prayer - proclaiming HOUSE of Nations Who shall be the King - to YESHUAH to offer royal oblation Who shall be the King - to serve DEB-EER in HOUSE all day G\_D did love thy heart Daveed - yes G\_D did love thy way

Oh beloved David - Psalmist smiles so much
Revelation oh so grand - who can handle such
Desire of thy heart - so grand is what you knew
Now Psalmist she feels shiny - Psalmist knows the secret too

# **Spirit of Elijah**

Wilderness man so bold – yes a prophet all alone Following the way so straight – following how he was shown Raised up against the evil – against a horrible generation Wicked King yet more – evil wife beyond imagination

Who doth standalone – against the prophets of Jezebel
Who doth stand so strong – condemning the wicked down to hell
His life in so great danger - to Mount Horeb he flees to ask
What becomes of me LORD – I am alone in charge and task

Yes a desert man – one who doth cry out Crying out the truth – surely he doth shout So on his way he goes – from Horeb to anoint Spirit of Elijah – great fate doth G\_D appoint

King of Aram be on the list – also the King of Yisrael And then there be a Prophet – anoint three the WORD doth tell What doth mean these things – the Psalmist looks to see Doth it stand alone – or be there mystery?

Held in such esteem – surely this be good Elijah be so blessed – G\_D did this because HE could Then take Elijah for a ride – still business to be done Come back again in latter days – witness to the SON

But what of greater man – yes that wilderness voice Raised up to prepare the way – so many would rejoice Though he did come second – for Elijah was the first Spirit oh so great – the Yochanan who did immerse

The Baptist too did battle – he came against Ba'al Against leaders, priests and he-goats – all had run afoul Against a generation – one so wicked and so vile His light G D did let shine – if but for a while

Shavu'ot connection – in common with Elijah did he share Evil wife of King – did also come against the Spirit there Yochanan as well did ask – LORD I be zealous and alone Is my task complete – the Kingdom when will it be shown But greater was the man – for this Yochanan did anoint YESHUAH HaMASHIACH – perfect time did G\_D appoint King of Aram can we see – King of Israel all the same Turn Prophetic mantle over – to YESHUAH of great fame

Psalmist sees the clues – wandering Arameans need a King Chaza'el who doth see G\_D – what a song to sing As for the King of Israel - Yehuw' - yes YEHOEVAH is HE Psalmist hopes you listen – maybe you will see A Prophet Eliysha to be raised – yes just for the nation Such meaning in his name – G\_D surely is SALVATION

All throughout the ages – why such a mystery
Spirit of Elijah pattern – be about YESHUAH don't you see
Elijah to come again – olam this time has it's way
Pattern comes around – yet again be in "that day"

As for Yochanan what sweet song – for again he shall rise up For this be his great charge – to bring anointing cup Oh Spirit of Elijah – Thou doth make the Psalmist sing Sweet blessings be upon thee – thou shall anoint YESHUAH KING

Psalmist hopes so much – that they who say they believe Be blessed by mysteries – please pray for glory to receive Thou think in G\_D's WORD finding – salvation and truth to see YESHUAH told the Pharisees – look deep and you'll find ME!

Patterns do continue – they be given so we find How every page we turn – each passage blows the mind All things they surely show – to ONE all things do point It be about MASHIACH – Spirit of Elijah please do anoint

### Sin of Jeroboam

Oh haughty Jeroboam - what's this thing you've done So much worse you be - than the harshness of Solomon's son Renting tribes away from Judah - leaving for David's sake the throne ELOHIM did give thee power - look now at what you've sown

Deep within thy heart - something began to flow
Mighty Jeroboam knew - back to Tzion would the people go
Back to Jerusalem - where ADONAI had left Daveed a light
Three times a year make Aliyah - Jeroboam could not handle the sight

Afraid that he would fall - that his king's reign it would not last Jeroboam decided to fashion - not one but two golden calves Apologists shall say - Jeroboam served the LORD with zeal The apologists also say - that G\_D's WORD might not be real!

So what Jeroboam did - became for the people the sin Yes diaspora rebellion - with Jeroboam it did begin Heartbreak it doth reign - deep within the Psalmist's heart Diaspora rebellion reigns today - just like from the start

Against Judah doth rebellion remain - keeping the children away Even challenging Israel's Zion rights - the Diaspora rails to this day Oh you sages and wise men - ye judges and ye rabbis Thou doth rebel against Judah – against ELOHIM of Earth and Skies

For fear of losing status - fear of losing power
Is so very strong - yet tis the wrong fear why you cower
For when you speak against Jerusalem - against Tzion surely then
We see the sin of Jeroboam - you have lost the fear of HaSHEM

When Asshur did send in refugees - to Samaria did they take The LORD did send the Lions - these goyim HE did break Though they did idolatry - they left alone Judah oh so near We know they were not stupid - HaSHEM they sure did fear

Then our LORD did tolerate - even heathen in the land Punishment for Jeroboam sin - diaspora doth thou understand? Leave well enough alone - just let Judah be HaSHEM HE still be with Judah - just you wait and see As for Diaspora rebellion - it be the sin keeping people away Representing the Torah Light - no you don't even to this day You won't go in yourselves - never can it begin Those behind you have no chance - them as well you won't push in

Yes Ephraim shall be redeemed - not those doing Joroboam's sin Steeped in such idolatry - G\_D's calling to thee just can't sink in Enamored with YOUR Torah - peculiar yes - but not so much to shine You have them oh so trained - le-dor ve-dor they tow the line

Won't you use your zeal - won't you seek the truth
Forget the Christian falsehoods - in Torah you will find the proof
YESHUAH be the real deal - Mashiach of Israel
Turn to HIM right now - HE be the one and only HaGOEL

What of HaKeru'im - yes the people who've been called Stuck in the Diaspora ways - the calling has been stalled Aliyah be the key - yes people of the way of haDerech Soften up thy hearts - loosen up thy so stiff neck For testimony comes not just of lips - HaEDAH be more than talk Aliyah journey shall testify - oh after YESHUAH please do walk

Roeh TOV Good Shepherd calls - oh Jacob please do listen Just think of what you're doing - think of what you're missing Mount Tzion she doth cry - in mourning while she waits HaGOEL comes oh so soon - please don't hesitate

Sin of Jeroboam - it be diaspora pride
Exiled amongst the nations - even now - oh why oh why
Forget some thought of helping Israel - so you think Judah not be select
Psalmist prays that when thou falls - thou won't break thy own stiff neck

## **Righteous King**

King who G\_D doth heal - integral to his name 20 years he came to age - beginning great biblical fame 40 years before destruction - Judah going down Zealous King so serious - deserving to wear the crown

It started with the money - Twas about the silver Money should be earmarked - to the doers and the builders Lovely Torah found in Temple - just an awesome scene Young shadow King a warrior - the Temple did he clean

Send to Prophetess Weasel - what doth YHVH say King of Judah be justified - but Judah going down anyway Raise up a covenantal people - to stand with so brave King Healed King he did see peace - until battle death did bring

Cleanse the land great King - wicked evil stand against Come to Jacob's aid - be their great defense Wipe out abominations - bring back fear of HaSHEM Shadow King YoshhiYah - did not fail back then

Shadow King did hear - Weeping Prophet's song
Many years of warning - futile for so long
No staying YAH's great wrath - there be the consequences
Prophet cried of Brit Chadasha - when hearts will come to their senses

Always be convergence - shadows of YESHUAH Righteous King of old - see Messiah in YoshhiYah? Messiah be the Torah - came to make things clean Foul money handlers he found - what a biblical scene

Kingdom rent from Idolaters - great wickedness was purged Covenantal return oh Jacob - holiness Messiah urged Knowing all along - Temple destruction was ordained Messiah to save the elect - but judgment be sustained

But not so in the end - consequence be shifted Woman to be spared - for Beloveds to them be gifted Just before the fall - just when all seems lost Bo YESHUAH Bo - for HE has paid the cost Then shall purge commence - then will land be cleaned Jerusalem shall shine again - bright and brilliant sheen Same but different all the time - this be what we should see Psalmist she doth cry out - truth it surely be

Wickedness doth build up - for Judah you shall not pray Nay you shall not cry - G\_D tells us to be this way Jacob hath not turned - Judah doth not repent Blessed be Great YESHUAH - by HIM doth wrath relent

Judgment this time comes - yes to all the nations
Sitting back and watching - while Woman's children eat tribulation
Faithful believers they do intercede - like their Righteous KING
Balance scales prevail - martyr's song we sing

### **Weeping Prophet**

Who doth persist - amidst strife and tears
Who doth anguish - amidst arrogance and fears
Oh weeping Prophet Jeremiah - thy heart how it doth hurt
Danger and conspiracy - with these always doth thou flirt

Heart of a child - message must thou take
Prophesy to hard faces - doom and gloom dost thou make
To the gates of the people - thy message deliver
To the court of the King - make them tremble and quiver

Now thy message - through Psalmist comes again Same as before - now is just like then Unfaithful Judah - playing like one of the nations Doing what you want - following your own imaginations

Strong is Israel - things looking up and up Iniquity doth simmer - filling is thy cup Pattern emerges - ADONAI makes judgment Against thee Judah - message again be sent

Thou be worse oh Judah - then even Jeroboam's sin Thou be worse oh Judah - then thy wayward kin Ignorant and asleep - yes this be thy way Straying even further - each and every day

ELOHIM gives command - for thee we shall not cry
ELOHIM doth say don't intercede - nay don't even try
For heartache comes - riding upon the destroyer of the nations
ADONAI doth not accept - thy too late and lame oblations

Oh weeping Prophet - who doth comfort thee And now who shall provide - comfort for me For beloved Judah - apple of the LORD's eye Hath crossed the line - comes the anger of ADONAI

Save for the promises - made so long ago
All would be swept away - the WORD this doth show
For glory and might - yes a remnant be spared
Oh poor Judah - such trouble coming there

Yet balance scales there be - some must pay the price Intercede for Judah - oh saints you better think twice For the MASTER interceded - viewing Judah as HIS friend Tribulation was HIS reward then - death came in the end

Judah's remnant shall be spared - she be the protected woman Flee to the wilderness - the LORD shall let you stand Comes war upon the saints - those with both faith and the torah Comes war upon the saints - Beloveds of YESHUAH

Oh how the Psalmist cries - such a difficult charge Won't you ever listen - Judah let thy hearts enlarge Coming judgment it doth pain - cuts deep into my soul Heartache makes me swoon - it leaves a growing hole

Weeping Psalmist she doth cry - filling oceans with her tears Each day getting closer - each day we draw near So many shall cry loud - ADONAI HE simply will not hear For so long thou walked - in a way that had no fear

Comfort us oh LORD - yes the Prophet weeping
The Psalmist she doth cry - gladness in her heart be sleeping
This message be so hard - as hard as Judah's face
Don't you talk of peace - in Jerusalem your place

Weeping Prophet the Psalmist feels you - please don't share so much Anguish in my soul now - sorrow my soul doth clutch The price it must be paid - G\_D's WORD forever shall it stand One day the sorrow be over - Please YESHUAH come again

# **Scribes Blessing**

All along they write – learn so they can teach
All along they ponder – new heights they just might reach
But also do they plot – cajole and pull and pry
Hoping for acceptance – desire of the Scribe

Leaned on by so many – memory serves them well Questions they are asked – faithfully they should tell What means this they discern – for this be their special gift All throughout G\_D's WORD – for the truth they sift

But factions they do rise – politics they do play
Oh you silly scribes – do you follow along that way
You want to be the mouthpiece – looking for the nice life
Forerunners yes you be – of some Pharisees not so nice

It's not that all be wicked – it's simply you have your place
It's not for you dear scribe – to be in the people's face
For Royals, Priests and Messengers – they be the ones to deliver
Oh Scribe you need the fear of HaSHEM – pray HE makes you shiver

So now see where the Scribe – "blessing" be his name Was confronted with a choice – holy charge or chase the fame Message given directly – HaSHEM would surely destruct The desire that thou had – the things thou would construct

All your walk you had – certain dreams and expectations Fitting in so tight – yes a grand imagination Only to find out – thy scribing gift be just for one Improbable special messenger – thy career it be undone

Be friend to child messenger – be part of the contempt Be part of chastising warning – be part of the attempt To have Judah repent – so that disaster would not fall Would you listen Scribe – would you heed the call? Amidst great tribulation – when all would stand against Holy child messenger – who would come to the defense Who would give support – dedication oh so true Would you offer up yourself – oh Scribe what would you do?

Song and story doth attest – as well as legend it did grow Yes the Scribe chose wisely – with the Messenger he did go From out of Mitzrayim – the pair they would survive Message it did last – Messenger had their faithful scribe

Lost everything Scribe did – put it all away

Just to serve the Messenger – each and every day

But gaining all the more – lifetime of close soul knitting

Scribe made out alright – his name "blessing" it be fitting

# **Kings' Second Return**

David had such power – yes the anointed authority Yet withstand the beloved rebel son – David had to flee Outside the gates –to the wilderness yet again What means this portrait – what message does it send?

Absalom so lovely – but his father he did shame
Presuming to be the power – lifting up his own name
But David could not smite him – so much did David love
Put his trust in HaSHEM – letting judgment come down from above

Though punishment be righteous – please don't hurt the lad Love made David look the other way – oh the truth be sad But anointed Absalom was not – though first in royal beauty Delivered up for judgment – the way it had to be

Triumphant yet again – time for the King to return Israel beckoned first – then Judah took second turn Contention between the citizens – picture of how it will be Psalmist sees the pattern – will you look and see

How Ephraim be so humble – antagonist with King did plead First among all brethren – bowing on his knee Smite the one who cursed – counsel given to the King But David dispensed grace – mercy did he bring

And Israel did contend – for Judah came in late
But zealous was our Judah – for these ones the King did wait
From the wilderness did come – King with Judah for second return
Both Judah and Israel – for King David did they yearn

Psalmist sees the picture – two sticks becoming one Zealous for the King – zealous for YESHUAH the SON Ephraim be hidden tribe – Levite pattern son first born But Jeroboam's sin oh Dan – Belial still doth have scorn

Two separate truths a mystery – Ephraim both good and bad One we see redeemed – the other's fate so sad One did curse for sure – but then did humbly pray to be forgiven Belial so rebellious – lost his head when he was smitten Can we sense the greater pattern – of YESHUAH's return so grand Can we see how patterns play out – do we try and understand? Pictures and the portraits – given for us to receive Psalmist trust G D's WORD – the Psalmist does believe

PaRDeS doth have merit — when thinking as a scribe Consider David's second return — the truth you cannot hide Can you hear the Song of Songs — can you see our great KING coming in Story of David's return — let the story begin!

All four players at once – Psalmist follows the clues
Judah, Israel, Ephraim and Dan – even the Bride she be true blue
Contention all the way – yes until the very last
Come YESHUAH come – put all contention in the past

Beloveds be so blessed – first to meet the King for sure
Just like Paul revealed – for Beloveds the how much more
Then oh hesitant Judah – triumphant with MASHIACH doth return
All factions now so happy – for YESHUAH doth all burn

Of course it be a parable – expecting anything less?
Please do seek and dig – our LORD HE wants to bless
Psalmist she doth sing – of song and glory already revealed
Come oh hurrying KING – in THY WORD the truth be sealed!

### **One GIANT Step**

Before factions of Israel doth contend
Over our LORD's favor in the end
Comes descending KING – fulfilling secret that be kept
Comes descending KING – with one GIANT step

When all doth seem lost – oh Jerusalem what woe Prophet Remembrance says flee - towards Har Zayit and the show Returning as HE left – oh what clouds of glory Wonder PELE comes – fulfilling prophetic story

Descending upon the mount – yes in likeness of Shavu'ot
Thunderings and Lightnings – tumult amidst the smoke
It be great HaDABIYR – of this there be no doubt
Descending down to save and avenge – comes the trumpet shout

Holy ones be with HIM – Beloveds throughout the ages House of David be so Heavenly – it be written on the pages Prophet Secreted doth reveal – tormented city will not fall Daughters of Zion and Jerusalem rejoice – please do hear HIS call

With one GIANT step – cleave the mount in two
Oh great awesome PILLAR – YESHUAH it is YOU
Rip asunder the land – spread both south and north
Pave the way great PILLAR – let THY hosts go forth

Oh my lovely Princess – thou who doth sing song
Desperately awaiting – thy PRINCE for oh so long
From the wilderness of east – doth come like pillars of great smoke
Thy defense arrives – now thy enemies shall choke

Beloveds shall defend now – House of David be Heavenly host Beloveds shall stand fast – never abandoning their post As mount does quake and shutter – don't let the people break through Holy mountain can't be touched – not by hoof or shoe

Yet still the enemy contends – amidst the awesome appearance Even coming against Beloveds – taking their last chance Prophet Remembrance doth give warning – melted be thine eyes PELE PILLAR consumes all flesh – terror from the skies Yirat HaSHEM be oh so tov – Psalmist she doth cry Rebels do contend – to the end do enemies try Now the people scream – LORD to us don't speak Beloveds go and listen – go back up to the peak

The people shall abide – as YESHUAH again commands
Wisdom shows the people – time to be proved so thou must stand
As horn doth wax so loud – beginning with GREAT I AM reveal
Worship at holy mountain – Sinai be a promise and a seal

Wondrous patterns yet again – Sinai and the Mount of Olives Descending is glorious KING – what a show to us HE gives One GIANT step HE makes – begin now does HIS reign Comes our great YESHUAH – comes to collect HIS gain

## Aliyah With G\_D

Psalmist does not add - she neither takes away
Psalmist does reveal - what Beloved Talmid he does say
Extra special Gospel - declares Divine WORD be the truth
Oh Beloved Yochanan - from thee did Israel hear the proof

First witness be thy namesake - yes how RUACH did descend Lamb of G\_D was sent - heart and soul of Israel to mend But the story be much more - of this Savior named YESHUAH More than just Messiah - though HIS life be there in Torah

Seven signs impossible - Yochanan doth have us think about Things we all should know - things the world should shout First turn water into wine - instant perfect ferment Power to transform - who can change the Earthly element?

Then to heal the official's son - without the laying of hands
Healing by THY own word - second sign be healing at THY command
Then again heal on the Sabbath - while holy men did cringe and cry
Revealing how THINE own way - third sign as in Isaiah be ever high

Fourth sign it be so grand - five thousand bellies to satiate
What awesome power doth THOU wield - power to even create
Walk on water be sign five - laws of nature to THEE don't apply
The talmidim in terror - as THOU passed their boat right by

Sixth sign be a man sign - heal the blinded one from birth
Thirty-Eight years of suffering - to show Israel YESHUAH'S worth
Sixth sign be for mankind - to make us understand
We were simply made for YESHUAH - all things made just for HIS hand

Then finally sign seven - raise Lazarus from the grave Oh Israel thou plotted death - rather than sing and rave Yes even over death - YESHUAH'S power HIS to wield Seven signs that prove HE's G\_D - will thou finally yield?

Our Beloved Yochanan - satisfied with Gospel History
How he was so blessed revealing - awesome divine mystery
Fashioned greatest Gospel - not content with Messianic glory
Revealed YESHUAH as G\_D - telling the rest of the story

In Genesis he did begin - HaDabiyr right from the start There to testify - this was his charge - this was his part All along the way - he heard and saw it all Faithful Talmid always - listened to YESHUAH'S call

What great soul love can we see – yes with YESHUAH there was a knitting
Like Jonathan and Daveed – special love be upon them sitting
Through the glory and the heartache – Yochanan how he did forbear
Finally paying tribute to the one he loved – it was Yochana who knew G\_D was there

In closing out his record - Yochanan brought the proof
Showing great YESHUAH as - the life, the way and truth
But more so than Messiah - fulfilled requirements of Torah
Yochanan showed us how ELOHIM - walked with him upon his Aliyah

Please hear Yochana resonate – she did not add or take away Another witness in the end – these things we have to say YESHUAH HE is G\_D – there be no other talk Please come and join the Aliyah – please come and join the walk

#### **That Generation**

Oh you generation of vipers - always looking to trap and snare Signs of the times however - you don't even care Vexing thou doth bring - under the Holy as the guise How testimony comes - yes witness Earth and Skies

Thinking that generation be - only those who don't believe Oh so wise thou be - it be thy selves who be deceived Visitation comes - yes to Goy AND Israel Patterns they do show - Psalmist sees and tells

Thou doth trumpet oh so loud - our tradition you won't keep Arguing just like before - how you chirp and peep Saying it be our family's book - and "we" will show the way YESHUAH called it "your torah" - oh what a price you'll pay

Will thou just admit - how thou also be so needy
Will thou just admit - Nicolatians be oh so greedy
Set thy selves on high - servants who reign supreme
Hiding behind the call for order - setting up thy special team

Meanwhile where be the gifts - yes how thou doth scowl
If gifts come not from thee - they must be wicked thou doth howl
Never building up - leaving thy household without power
Lifting up thine own head - oh soon doth come the hour

But as long as thou be accepted - yes seek the favor of man Making sure thy reputations - they be well in hand Never worried that the Kingdom - be slipping past thy sleeping eyes Looking oh so good - YESHUAH sees through the disguise

So Psalmist must of course - be talking about the others Surely in the mirror - thou knows the least must be another Thank You great HaSHEM - Thou made me not like that "publican" Thank You great HaSHEM - for I be a purposeful man

How we led the congregation - preached in Thy great name Did we not bring shalom - for Thee LORD all the fame How we followed close the torah - how righteous yes we tried All things yes we did - the way, the truth we cried Yet now the visitation - comes upon thee oh so fast Never knowing patterns - not seeing times of now and past All along thy hearts - be doing all things just for self Did thou sacrifice it all - the little ones did thou help?

Did you tell them some would die - others be held captive Did you ready for survival - were some given signs to live Did you tell them where to go - tell them when to run Were thou simply playing shul - yes having thy great fun

What of their identity - were children lifted up Did thou let them grow - did thou steal or stifle their cup Oh wicked generation - thou lips they may pay tribute White washed tombs thou be - this thou can't refute

Doth thou stir them up - doth thou make them jealous Not to show thyself approved - rather to make them zealous Did thou ever ponder - if thou were to be lifted up at all Now for thou hath done - so grave shall be the fall!

Matthew we can hear thy song - thou did set the tone Generational theme be true - would not leave our LORD alone Come against HIM always - the LORD and HIS children to kill Generation of vipers - thou was and are yes still!

### Fitting In

How this wondrous Talmid – by ELOHIM's hand was raised In the very beginning – how he longed for his self-praise Cut down oh so fast – by terror yes face to face Talmid claimed that he received – the ultimate in grace

His missions be so famous – how for Jacob he did long Trying everywhere – shul and synagogue to sing the song But alas his mission be – take gospel to the nations Leave thy brethren Jacob – to their own imaginations

But the heart of Jacob – yes it be so strong Soon within the movement – came Judaizing throng In Antioch it happened – even dear Peter did separate Wondrous Talmid did rebuke – did not hesitate

Oh so many messages – beware of Judaizing movement Children do remember – Apostles who were sent First to show thee grace – then torah we did teach Revealing how in RUACH – great heights you could reach

How they did sneak in – yes to rule your flesh
Sounding oh so righteous – destroying good nephesh
Telling thee to change – showing thee a path to be righteous too
Thy circumcision of your heart – is what it means to be a Jew

Yes indeed love Moses – put torah in thy heart Change the way you live – message from the start Shine the great love light – on all men as it can be Oh wondrous talmid Paul – he said you can be like me

But Paul he also said – rituals of Torah without our LORD They be so strange a sound – they be a clashing chord For there is a torah of love – there also be a torah of control GREAT YESHUAH proved – torah of love doth make you whole

Yea children don't let Judaizers – liberty from thee take Yea children don't let Judaizers – perfect innocent faith to shake Yes do cleave to Israel – haAM now yes you be When Judaizers come to feast – turn and yes do flee Poor children it be so hard – fitting in be such a desire So much so we see – how Judaizers you pay for hire But they won't tell the truth – how they desire all things of the flesh Just remember children – in the end the chaff gets threshed

Follow great traditions – for Jacob yes have tender heart Remember that the elect – from the nations also be set apart For it be too small a thing – that only Jacob be given for YESHUAH's glory YESHUAH came down from Heaven – to show us the rest of the story!

## **King's Torah**

As Moses was inspired – come wilderness journey end Great "Devarim" discourse – instruction to Israel did he send 40 Years the journey – experiences awesome and great Not yet to enter the land – that Aliyah be his fate Lasting legacy however – yes Israel never forget Upon thy wondering hearts – his words commanded to set

Enter special King – chosen Monarch yes so strong Noted for all time – beautiful Psalms and lovely Song Oh so special touch – how demons had to flee Wondrous resonance – something special can't we see

40 Years of ruling – came final Tishri Royal days
How our lovely Daveed – pondered all the ways
Time to make the legacy – something special yes for sure
Time to write thy torah King – showing thou knew so much more

Beginning with the Aleph – end with Tav of course Riding Mo'adim days – spurred on by wonderful force How David did seek Moshe – wanting tabernacle presence shine Crafting his King's torah – so articulate and fine

Oh the secrets Daveed – below the surface thou did hide Waiting for so long – sages throughout time thou doth chide For so great a legacy – they won't lift an ear Finally comes the Psalmist – Bat Tzion thy torah yes to hear

Legacy great King – Shema Yisrael yes thou began Whole hearted cleaving of haTorah – holiness thou doth fan But so crafty yes thou be – not "shema" but rather "natsar" Did thou know oh King – prophesying in the future far?

Thou doth love to play on Moshe – yes thou be the apple of G\_D's eye Or could thou be referring – to HE who comes down from on high? For Isaiah knew the deal – that "natsar" be for thee a special use Thy torah father Daveed – the Psalmist won't refuse

Why thy use of special words — "piqquwd" another be such a clue Why not the root or children — what be going on with you? A "principle" it be — yes the wise men surely say Psalmist knows the truth now — G D's own heart it be the way

Thy house oh father David – heart of G\_D it be the KEY

Heart of G\_D be visitation – it's MASHIACH's RUACH yes we see

Bless the one who opens – yes with all authority
King Daveed's so great torah – yes a written mystery
Legacy be granted – Philadelphia House it be upheld
GREAT YESHUAH haMASHIACH be the KEY – now Psalmist she has telled

Oh you wise men do be wise - "visit" Daveed's 119 again Look to find the doors - you'll find YESHUAH then Or doth thou have no need - no Aliyah to chase or take Days of Tishrei command - thou must an Aliyah make

Aleph - Tav be calling out - more than two letters in the scrolls Aleph - Tav be calling out - beyond our realm the resonance rolls Aleph - Tav so special - King's torah the Psalmist now doth see YESHUAH said look in Psalms as well - in there yes you'll find ME

### **Royal Scribe**

Chronicle continues – yes the royal history
Raised up for the grafting in – as with King David we did see
Special scribe yes testimony – pattern again prevails
Oh Shavsha oh so faithful – royal record would not fail

Facts that only be – contained within his record
Good doctor who did tell thee – who sang to thee sweet chord
Royal Mother's secrets – woven deep within her heart
Barren births conclusion – how scribe's record it did start

Scribe doth set the record straight – defining Earthly power Rome It be the seat of oppression – coming against our home But fated be YESHUAH – from HIS destiny none could keep Even baby Yochanan – in Elishevah's womb did leap

Oh thou tricky scribe – for Priest be given name not in his line Connections to the barren song – yes Chanah be the sign So Miriam did sing – Chanah's song of grace Just imagine the sweet glow – emanating from Mother's face

How the Heaven's sang – G\_D doth do a brand new thing Authority yes Shalom – to the Earth our ELOHIM did bring Song of Yeshayahu – yes Navi from of old Scribe doth show us plainly – the ONE did come as told

Shlomo's Righteous Son – to ELOHIM's House did come young man Being about my Father's business – in the Palace, please do understand Scribe chronicles in such a way – it be a similar legacy Kingdom it be all about – ELOHIM's Royal Family

Royal Scribe yes for YESHAUH – but for Miriam as well For royal story must be told – yes the scribe does tell For Chronicles it doth not end – with great Bavel Exile Chronicles simply silent – hundreds of years but for a while Scribe then paints the picture – how things yes be in order Special purpose all along – good doctor he be a great recorder Levitical line and charge – proper order established by the King Oh so lovely Immerser – of thee praises YESHUAH did sing

Tell us doctor Luke – was thy gospel written for just one Tell us who is Beloved by G\_D – of thy great diligence so done Gather all the details – paint royal family in best light Like the Kenite Scribe of old – tell of Royal Family oh so right

Why do pundits sputter – oh such wayward wandering How thy gospel Luke – be such joy for righteous pondering Thy purpose it be clear – continue Chronicles yes the story Of the Righteous Kingdom – unfurling YESHUAH's great glory

## **Being Real**

Being real what does it mean – perhaps a question one should ask Has it to do with anything – or for WHOM you task What's your purpose dark or light – what is it that you feel What defines you after all – is it claims that make you real?

Redemption came on Pesach – Israel did leave in haste But only two did make it – a generation put to waste ELOHIM of the living – not those who purpose on their own No respect for person – this the Torah it has shown

Jacob what of thy destiny – simple purpose thou were gifted Always the great inheritance – by way of Aliyah so lifted Time and times again – pattern of exile and return Finally the seventh – but inheritance you do spurn

Oh Israel what have you done – in the land how you've refused Diaspora Jacob do they care – waxing fat and so confused Do your children ask – during lovely Pesach story What of Mashiach coming – shall again be any glory?

Going through the motions – thy mo'adim makes weary

Do the sages or the children – make any serious inquiry?

What is our purpose now days – are these times by ELOHIM made

Where is the crying out – only thy whispers they do fade

Oh Jacob don't you hurt me more – don't you make me cry Poor Psalmist losing all her tears – soon completely dry Living in your little world – peculiar and a target Cry out won't you loudly – perhaps ELOHIM shall hear you yet

Tis about the covenant – tis about being real Pressing in so tightly now – what is it that you feel The Land be over run – nothing special because of thee In the Diaspora – flickering light from thee does flee

You say that you be real – where be wonders and the signs You say if you stay clean – it will all be fine But thou doth have a purpose – yes how ELOHIM doth snort Listening to no one – never believing any report In Goshen you were safe – yes from plague how thou were spared Pass prayers unto thy children – all of them you shared Time and time again – how thee our LORD has chased But alas the cold hard truth – Jacob thou hath never faced

So now a new scourge comes — who doth our LORD inquire Doth thou ever ask — why we be plagued by olam fire? Most sheltered in the Land — yes you have same blood Something is going on though — Jacob caught up in the flood

Perhaps one final call – lowly Psalmist once again sings Message of lasting hope – to thee the Psalmist brings Eat thy meals in haste – ready like in the Torah If thou gets a chance – oh please do make the Aliyah

For thou refuses purpose – thou won't choose to be real Run back Jacob run – pursue the covenantal deal For YESHUAH he be waiting – if thou would just receive ELOHIM doth do these things – be real and just believe

No ears to tickle anymore – another love song just to woo Psalmist pleads oh Jacob – with every little coo You know it isn't right – deep inside be something you must feel In the end you all will see – how Mashiach YESHUAH, HE be real

### **Song of Return**

How the numbers show – how Aliyah numbers reveal Those desiring to go home – those desiring to be ever real Flee from persecution – coming both from left and right While millions still be comfortable – feeling oh so right

Next generation remnant – yes Helper Priest did lead the way After fear of ELOHIM fast – nearly 50,000 started off that day What would the Aliyah show – yes what would they find Thank YOU ELOHIM – THOU be loving and so kind

Yet Israel be oh so mixed – Helper Priest be so distraught Disobeying all the more – forgetting all the things G\_D taught Mingling all the more – Holy People setting the snare What good can come from Aliyah – if Jews in the land don't care

They now say it be democracy – reformed and liberal all the more The place that seems to beckon – to only olim who be poor So many without heritage – no halakha but olim rights With the Ezra's of today – how the liberals do so fight

And as numbers show – in Bavel how children stay Seeing little difference – between them and Israel's way Why leave all this comfort – why start out brand new For even in Bavel – surely we still be the Jew

Same but different things remain – in bondage and in exile How in Bavel yes they love – their life and yes the style Where be the olim remnant – where be Ezra's crew Those who did agree – what it meant to be a Jew

For there be no such thing – this "secular Jew", this term A Jew be covenantal – whose faith is real and firm For one who spurns GREAT ELOHIM – cut off they shall be No tribal rights, no land – sadly sore, no holy family

Yeah a remnant only – know the word means to survive Escaped by hand of GREAT PELE – saved to be alive Another generation – chance for Israel to turn the tide Where be Aliyah of the faithful – those who in Torah do abide Ezra won't you sing – thy haya song to those in exile Can't they see the Jacob's trouble – now the time of trial Won't they just come home – escaped into the land Ready to be delivered – by PELE's Wondrous hand

Psalmist just can't take it – why won't you just go home
In the land there be a chance – for you to be shalom
Complete your destiny – be the remnant if you would
How blessed you be right now – make Aliyah yes you should

#### **Exodus Or Not**

To stay or flee and go – this not be in our hands

No matter our what our wants – or what we understand

For all things by G\_D's hand – only done be HIS great will

Stew and wrestle always – each moment never still

Not asleep at all – watchman on the tower Following on the Aliyah – led by G\_D's great power How all this, now seen coming – prepared as best one could Perhaps not well enough – perhaps preparation was not good

Able and at the ready – with resources sweetly blessed Time to flee with precious ones – time to flee from great distress But every turn so taken – yes closed be every door Blessings mean so little – for G\_D's will be the "all much more"

Olam doth prepare – how the hill lands be all sold Realty run like this – like Holy Land entry days of old Gather up the places – fly there sight unseen Something is now going on – even the blind know what I mean

What say you seeking man – still no place to flee Is thy money of no use – no other place for you to be Spurned when offer made – seemingly always moments late Find that special place – hurry don't you wait

But perhaps how patterns show – tis one fate not another Perhaps it simply be – one safe but not the other But try until the times be lost – stare tribulation in the face Make exodus even if – one be stuck right in your place

Rachav could not flee – yet Exodus she made Trust and faith she had – a scarlet cord and she was saved Who knows the mind of ELOHIM – who with HIM contends Exodus be made – only if ELOHIM doth send

Oh GREAT ELOHIM – impossible be at the door How we need THEE so – need thee all the more But THOU can save the precious – THOU need not man's hand Matters not at all – just help us tall to stand Funny how it goes — children won't make Aliyah
But flee so many do — not even knowing of YESHUAH
How the hiding place doth call — beckons every moment
Let it not be said — they stayed when they should have went

What means these words at all – yes many now do fear Wondering what they're doing – stuck around still here Writing on the wall – time is waning fast Echo words of YESHUAH – flee to the hills yes from the past

Some be for the sword – prison yes for others
Safety even for – some sisters and some brothers
Let not the precious fall – LORD mercy yes please grace
Remember how we've tried – at least to run the race

#### The Benediction

Gather Israel gather – let thy selves be numbered Attendees who be awake alone – not those asleep or slumbered For the children shall be blessed – in a special way be the command Blessed by ELOHUIM – through Aaron and his children's hands

Oh not just simple ritual – consider BaMidbar 6:22 through 27 How the very NAME of G\_D – comes upon the children out of Heaven Truly an event – at least three times in a year Israel working out salvation – doing so with trembling and fear

Make Aliyah for the covenant – make Aliyah bring oblations No sitting by for "Chag Festivals" – oh Israel leave thy stations So when gathered to the place – where GREAT G\_D sets HIS NAME Children of Israel be blessed – by GREAT ELOHIM of fame

But alas GREAT ELOHIM – city and temple HE did depart Leaving the children of Israel – without their beating heart No HaKippurim Atonements – no Olah or no gathering in OH Israel thy blessings now? – Where can the Psalmist even begin?

For now children yes of Israel – confused and scattered still all about Even within the City Gates – there still be no Aaronic Benediction shout For THE NAME is not upon thee – nay the NAME YESHUAH of great fame For lost so many sheep still be – for to them HIS NAME is shame

It not be designated priest – the rules you rabbis cannot bend For only if THE NAME be upon thee – will the blessings ELOHIM send For the children covenantal – yes still in play be the great Torah But also thou must have the faith – of and in the GREAT YESHUAH

But all be not yet lost – for the prophet he was told How "m'at mikdash" be gifted – still even little strongholds So that where the two or three – be gathered in covenantal accord There shall be YESHUAH – NAME above all others, yes our LORD

For HIS NAME it be the blessing – delivered in accordance to the rules We know our ELOHIM is gracious – but not to countenance of fools Only where the shine doth glow – where real love does abound Surely when things are right – how the Lev'i shall be found

Please put HIS NAME upon us now – hurry don't you wait
Little Sanctuary it be found – not by luck, of course it's fate
The power be in the NAME – all things given Psalmist now doth tell
Yes with Torah and YESHUAH – blessed and saved be all children of Israel

6,24 The LORD bless thee, and keep thee;

6,25 The LORD make His face to shine upon thee, and be gracious unto thee;

6,26 The LORD lift up His countenance upon thee, and give thee peace.

6,27 So shall they put the name of Mashiach YESHUAH upon the children of Israel, and I will bless them.'

Oh Children of Israel – still the secret don't thou know
It be the shine and beauty of holiness – bo YESHUAH bo
The real blessing wrought by ELOHIM – to be in the SON yes be "shashua"
For HIS delight be in the sons of men – bring forth shiny worship to YESHUAH!

#### **Washed Clean**

How many do so say – by YESHUAH we be washed clean Doth not any venture – asking what do you really mean? For such nice thing it is – to consider what's been said But who doth ask indeed – how can clean be what is dead?

Yes we have heard so – Messiah's blood it doth atone For sins of the all the world – we pray more so even yes our own Kohen HaGadol doth lift – HaKippurim offering high to raise YESHUAH's perfect blood offsets chattat – let us give HIM praise

Yet still there be defilement – still there be decay Headlong straight to death – of this what do you say? In the world we be – but also to be separated How then from defilement – can we be repatriated?

Not just with HIS blood – but the water so doth clean Seek within THE WORD – see what the Messengers do mean How mysteries unfold – what means the ashes that make pure How can defilement and decay – how can death be made tahor?

Washed clean by the WORD – for the WORD it be our help For the LIFE is in HIS blood alone – YESHUAH has life within HIMSELF Spotless in becoming sin – consumed yes through and through When the nega becomes complete – oh who could have ever knew?

Waters of niddah – this be what's been shown HIS blood within the ashes – perfect heifer HIM alone But how do hearts be sprinkled – how can approach be made How doth ritual cleansing come – how in mikvah can we wade?

So thy sins they be forgiven? – Doth forgiveness do you ask There of course be Yom Hakippurim – do you see it as a task? As well each day it be the third – also each day be a seven How doth the waters of niddah – remove thee from all leven? Immerse and do so drink – living waters that be gifted
Each day have a mikvah – from defilement be so lifted
For the waters be HIS WORD – this WORD doth wash so clean
Mysteries and revelation – Psalmist prays you know, exactly what it means

Oh Jacob can't you see – all you need be right here now Yet you chase so zealously – that perfect one red cow For clean thou cannot be – Torah shows the only way Psalmist sings the love song – please listen she doth pray

And you nations what of thee – poo-pooing what be made forever Challenging not thy doctrine – don't ask "what means this" nay no never Saying rituals be useless – saying all has been set aside YESHUAH said you'll find HIM there – why doth the truth you still deride?

Spotless without blemish – water and the blood The holy one would not decay – in death his liquid was not mud Alive HIS blood it doth atone – alive HIS water it doth clean But alas who even ponders – what these mysteries really mean?

Another love song sung – who shall be consumed
When BaMidbar challenge comes – will some LORD not be doomed
Come against G\_D's ways – come against HIS order, HIS commands
Pray when in the wilderness – thou knows where not and where to stand

### **What Happened**

What happened when G\_D said – Avraham call the boy's name Yitzak
Make sure that you tell SarAH – when you do get back
But sure enough when SarAH heard – LORD's Angel speak this truth
Her laugh exposed surprise – she didn't know, her laugh it be the proof

Did she know her name was new – could such joy contain Soon be gone forever – her yoke, that barren shame Bring forth special child – how Avraham so loved Ishma'el Father Avraham – did thy wives all truth yes tell?

Mother SarAH persevere – years of trouble thou endured Not until your boy was weaned – handmaid's departure was thy cure It was you sweet SarAH – declared a Princess by decree How important and so special – we need only look and see

Father Avraham he knew – why his living son did favor Esav the great hunter – his own first born he also savored But tell sweet Rivkah truth – T'was Ya'akov with sweet song Father Avraham yes told – Rivkah to be strong

And when her time did come – Rivkah made her play Commanded loving Jacob – to trick Isaac in that day For Rivkah was Ezer – bring forth rightly our G\_D's will Warned Jacob yes to run – so his brother could not kill

What happened yes indeed – for we see the Ezer's role Working in G\_D's plan – to make husband and family whole The stories be there for us – yes great legacies Psalmist sings of their glory – pointing out their histories

Isra'el what happened – where did Ezer stories go
Thy culture now seems foreign – at least to the Ezer don't you know
G\_D said be echad – yes function as you need
When husband needs a push – Ezer will come through yes indeed

G\_D of the impossible – unconventional just as well Seems the way G\_D works – makes us uncomfortable Psalmist tells Man can simply not – determine impossible on his own The Torah and the Writings – this proof they have shown Ezer do be strong – yes do take thy stand

If thy husband be for G\_D – then be bold yes for G\_D's plan

For surely it doth seem – sometimes the Mother doth know best

Even though the impossible – seems to cause a mess

Gentlemen take note – Shlomo pondered on his life
Oh the mystery so grand – what of soulmate yes the wife
For what be lacking so – no more stories like of old
Oh Isra'el thy way – put Ezer out in the cold

Don't say she be a Princess – then take away her shine Force upon her manual labor – saying yes it be just fine For good Ezer stays meek – working for the charge Loving husband and family – G\_D's will to enlarge

For comes that day for sure – when blessing G\_D doth take away Abigail and Joanna – G\_D saved them from the fray For true Ezer persists – someday made so full Unconventional be our G\_D – yes all things be possible!

### The Harlot

When is lowly Harlot – in fact the needed hero
When does the lowly Harlot – know which way to go
Let's review G\_D's WORD – see for us what it does tell
What's revealed about the Harlot – oh yes Isra'el

Of course a lowly harlot – by its very name How it invokes such heartache – yes invokes such shame But what of special cases – when man perceives with guile Not considering at all – that even a harlot be a child

There be sweet Tamar – the harlot how she played Waiting yes no longer – for seed due which was delayed Come to find out yes – much more righteous than the leader So it was for good – that Y'hudah he did seed her

There also be our Rachav – though the jury still be out
As to what kind of life – this Rachav was all about
What we do know as a fact – her beauty was beyond compare
Cleaved to G\_D of Isra'el – when the spies paid visit there

And then again dear Magdala – what a precious sort

Not in the hearing though – nothing but a bad report

But how YESHUAH loved her – though once possessed the worst

Righteous yes indeed – our LORD appeared to Magdala first

How the wagging fingers – speak of harlots with disdain Not thinking of themselves – from self-critique they do refrain How the double standards – yes they do prevail Brought the woman to YESHUAH – but the man, they did not so assail

Oh Isra'el – and Y'hudah just as well Playing the harlot often – how G\_D's WORD it does tell So could it simply be – that harlot must mean someone else Not seeing the harlot ever – in the mirror, in thyself

Yes the judgment falls – takes time to accurately reflect Upon the so called harlot – without knowing what came next For sweet Tamar did mother – yes the Canaanite she bore Israel's line of kings – this we know for sure And let us look at Rachav – Talmud shouts her beauty
Talmud even states – descendants be great family
Another grafted in – another washed so clean and pure
G\_D's working with the harlots – wondrous works for sure

And Magdala the friend – how YESHUAH she loved so much So eager when HE rose – oh HIS face to touch Tell them little girl – tell them I rose just like I said Tell them little girl – YESHUAH be back from the dead

Psalmist thinks that something – be going on in stories
Harlots lifted up – raised up to awesome glories
Yet Israel and Judah – still be wagging their long fingers
How presumption and cold hearts – still within them lingers

A harlot song be sung – yes Psalmist doth so resonate
Israel pay heed – for at best this be thy fate
More righteous than the scoffers – their self-righteousness counts for naught
ELOHIM doth have HIS plans – of this thou should have thought

GREAT ELOHIM YOU WONDER – only THOU doth know the heart
Only THOU doth really know – who be a harlot from the start
For THOU upholds the lowly harlot – time shows THEE in their grand stories
Only THOU our GREAT YESHUAH – gives them splendid fruits and glories

Who be not a harlot – who be spotless in the way
Who can say for sure – thou weren't a harlot any day
Psalmist doth forewarn – yes all presumptuous guile
Before the fingers wag – take stock in thine own self for a while

For it be nothing that thou knows — only desire to lift thyself Putting down the lowly harlot — piling on with wicked help But as we see in G\_D's WORD — yes we see in truth G\_D says not a harlot — the fruits they be the proof!

### Avot

Avot, devout Jews chant – yes Amidah One each day But what of motivations – what's considered when they pray Doth prayer name itself – do justice or importance stress True nature of "what means this" – perhaps a mystery, yes?

Fathers be real meaningful – Avraham, Yitzchaq and Isra'el Psalmist sees no surprises – as far as anyone can tell ELOHIM be called out – KING, HELPER, SAVIOR and SHIELD But what goes through prayers' minds – what outcome is the yield

Of course we love the Fathers – For ELOHIM loved them Covenantal Promises – began yes way back then But what of Noach and Shem – or Channok, Seth and Adam What of other special fathers – be they missing from the prom?

Oh Isra'el what do you think – prayer be just a Jewish thing? What really comes to mind – think of heritage when you sing? What be of real importance – yes when children do refuse To understand the mystery – it's about who G\_D doth choose

For the Torah it does tell – that Isra'el be oh so small Not anything of import – nothing special, not at all But special ones were chosen – called out to make G\_D's point That it simply be all about – who G\_D chooses to anoint

Then of course be others – who pray Amidah Avot as well Angers Jacob greatly – as far as Psalmist she can tell But they also, yes do pray – with heritage in their mind Thinking somehow acting Jewish – it be a heritage sign

They also miss the mark – Avraham be Aramean sort Yes a so called Hebrew – the Torah does report But Covenantal yes by choice – and G\_D so chooses others Bringing in the nations – to be sisters and yes brothers

How people love the light – focus on this Jew-Jew twinkle Psalmist calls them out – yes forgetting a little wrinkle That G\_D doth be the CHOOSER – G\_D says HE doth have two pens Does it really matter which one be – in that day yes when? Oh GREAT ELOHIM – yes FATHER of us all
When Amidah One be prayed – how I thank THEE for the call
Focusing not on heritage – but chance for great inheritance
Keep me close GREAT LORD – though I stumble at times per chance

Let all focus be on GREAT PELE – Avot of Isra'el, them all LORD of LORDs of course – KING of great and small HELPER and our SAVIOR – HIS SHIELD we can't refuse Endless praises to HIS NAME – for it be G\_D, WHO doth CHOOSE

For reasons of thine own LORD – let us all take stock
As Immerser did reveal – sons of Avraham, raised up from rock
Living Stones indeed – inheritance far beyond the river
In Ephraim's nations as well – be the strength of Jacob's quiver

Yes Yosef was displeased – the greater blessing upon Ephraim But Jacob knew something yes – knew the plan of ELOHIM That Covenantal promise – comes to many yes by fate Far more than just Isra'el – PELE's inheritance be so great

Psalmist she doth ponder – when Amidah One she prays Wondrous plan for PELE – ELOHIM HE lays Does our mind go to YESHUAH – tis HIS FATHER HIS alone Only begotten SON yes one – Torah it has shown

So Jacob do pay heed – Avot thoughts, they might be skewed For THE SON he was before – Avraham upon review HE is much more than Moshe – G\_D be in HIS NAME When Jacob considers Avot – what of PELE of such fame

And those of other pen – does thy heritage matter so What be on thy minds – when to Amidah One you go Thankful that G\_D chooses – hopeful you're HIS choice Thinking of fitting in? – Or of YESHUAH ABBA, and rejoice

All things be created – in, with, through, by, yes for HIM Made to be just so – by command of ELOHIM There be no fathers at all – no Covenant, no light For Shlomo saw it revealed – in mankind was HIS delight

What means this prayer Avot – yes Avinu Shabashamayim PELE YESHUAH did pray – to HIS FATHER ELOHIM ABBA has one true SON – real humans have SON's SHMO Psalmist doth think this way – when Psalmist prays Avot

### **HE IS**

What be this confusion – what be G\_D's GREAT NAME ADONAl or ELOHIM – what is such glorious fame What means this YHVH – this NAME forgotten long ago Why such mystery – be there HIS NAME we do not know?

Conjecture oh so long – where be those vowel marks now Oh to know the mystery – sit back and just say wow Nay it not be this way – for error, chance or by fate Let's reason now together – surely it cannot be too late

I AM be declarative – supposing same must be HE IS Be there any notion – in Scripture WHO IS HIS Virgin shall bare child – G\_D WITH US be the NAME SALVATION HE doth come – oh the PELE fame

Psalmist calls to Jacob – don't say this be not our Book Run from Navi Isaiah – for thine own good please do look There be no mistake – child-son hath mysterious name Ignore HIM if you dare – to your suffering and shame

Thou HIM did condemn – yes HE spoke the truth
Always to the end – HE delivered all the proof
That in HIM yes did reside – ELOHIM's GREAT NAME
HE stood amongst you Jacob – HIM and ELOHIM were ONE in the SAME

But fret not my dear Jacob – for this YESHUAH wants you to be HIS For HE IS life eternal – HE be ELOHIM, HE IS
All it not be lost – thy redeemer HE IS and HE still waits
Such wondrous grace doth linger – Jacob it not be too late

I AM and yes HE IS – G\_D doth not share HIS glory
But what of ELOHIM – plurality be part of HIS STORY
Though your writings Jacob – yes NAME mystery in Torah
Psalmist she doth send love song – a hint look for YESHUAH

#### WONDERUL

WONDERFUL be HIS essence – what says Miram
Housing in her womb – in the flesh the GREAT I AM
Chaunnukah how it came – Chanukkah did descend
Came the hope of all mankind – HIS inheritance to defend

At that moment of conception – what happened to her soul Was it LIGHT so great – how did she keep control For t'was something other worldly – something only on that night Came inside her yes HE did – RUACH brought THE LIGHT

Miriam dear Mother – thou didst know no man All the same you believed – in some way you did understand Gavri'el did foretell – but how you let it flow My it must have been so WONDERFUL – your special Channukah glow

How these Mo'adim deliver – special babies come to home But none did ever deliver – PELE, yes our SAR SHALOM Thou must have been so special – patterns show yes quite a Princess Miriam above other women – thou surely were the best

Thy song sweet Miriam – how Channa did foreshadow What would come to thee – amidst Chanukkia candle glow How you did light up – oh to see the glory of your face Thy beauty little Miriam – must have lit up all the place

Sing thy sweet song Beloved – thy song was old but new Reserved not just for anyone – reserved yes just for you Blessed amongst all women – yes pure LIGHT in thee to reside Faithful dutiful Yosef – was right there at thy side

Though all things were so humble – glory still be glory
And we know come Sukkot – nine months later comes the story
SON OF MAN be born – thou Miram such a success
Of course it had to be – for thou were such a lovely Princess

How your heart lit up – when Shepherds came to see You holding in your arms – that wondrous PELE baby They were breathless when they said – Angels appeared to us to sing How in David's city – ELOHIM, our SAVIOUR that night did bring WONDERFUL be it all – another miracle G\_D made So that all mankind – from remembrance would not fade The virgin did give birth – amidst tribulation and the strife Oh Miriam you Princess – mankind's second chance for life

A new song oh so WONDERFUL – this time just the truth Chanukkah conception – Sukkot birth it be the proof Patterns of HaELOHIM – Psalmist gladly shouts Chanukkah DEDICATION – YESHUAH, it be all about

### **Blood**

Cleansed by blood one says – miracle of magnitude What means this Psalmist cries – what is the attitude? Where might thoughts so wander – doth a "how" so matter Who doth search at all – to see what be the pattern?

From the very beginning – nay before the world was made Great sacrifice was offered – so mankind would not fade Price of existence it was paid – so that some would become delight Blood offering at Father's hands – unblemished sacrifice just right

Abraham and Yitzqak – shadow of their past Great sacrifice to cover all – covenant to forever last Why then all the animals – why then Korban and Olah Realms they had to intersect – in the physical came YESHUAH

It be all about the blood – in the physical it be the life G\_D surely doth declare – innocent blood must be sacrificed Everlasting Covenant – all the blood, this be the reason Who doth think we now be – beyond all sacrificial season

Acceptable order at Mikdash – order upon the Earth Pattern of HOLY order – established in the Heavens first Eternal Kohen haGadol – order of Melchizedek for sure So now upon the Earth – why not order "how much more"

Yes the life be in the blood – Father speaks only of the Son Holy approach, yes redemption – atonement for HIS victory won So that here and now haTORAH – be the covenantal way to live Living sacrifice with joy – honoring YESHUAH, the blood HE gives

Psalmist doth cry out – Korban, Mo'adim, Commands and Aliyah Eternal and Everlasting – not done away by GREAT YESHUAH Blood offering still made – serious business for Covenant How lovely that High Priest – how HE doth not relent

What be covered by the blood – in Torah find those things
It only be the HOLY – truth resonates and rings
Psalmist she doth ask – what be HOLY, yes so sanctified
Doth HOLY BLOOD dash profane? – Let G D's WORD be the guide?

Sprinkle us with THY BLOOD – with THY WORD us do allow Cleanse us so we can approach – THOU did show us how For with THY BLOOD upon us – WATER and SPIRIT, inside doth seal BLOOD of the COVENANT be the way – G\_D's children become real

We consume THEE LORD – THOU doth make abode inside Please stay here forever – always to reside For in THEE yes there be LIFE – abundant and so full THY joy and life within us – yes Covenant Eternal

What be thy charge, thy offering – what be thy sacrifice Do not come empty handed – make thy approach so nice Covenantal waters be for free – yes come all who thirst Psalmist sends a love note – be careful and prepare first

All Isra'el shall be saved – why GREAT YESHUAH yes was sent But Isra'el be special – because of Eternal Covenant Don't say the old all be gone – because of HaBrit Chadasha Also never say – there be Isra'el without YESHUAH

## **Living Stones**

Living Stones – what did Kefa Peter know
Did he not so ponder – how Korban did go
How could such thing be – from flesh to Mikdash jump
Oh so Holy indeed – be the brand new lump

Korban be the Aliyah – all the preparations made just right All directions and the details – measurements so tight So that Covenantal relationship – with Isra'EL could abide But the portents we can see – we just can't let them slide

Adam and Chavah yes – sacrificed did Kayin and Havel Noach packed clean animals – Torah it does tell Covenantal relationship – before Moses it was there Consider Avi Avraham – sacrifice if you dare

How intimate the relationship – not so national we can tell Something more was given – formal Korban to Isra'EL Simply so we could see – those Heavenly patterns sweet Portents of Heaven on Earth – so a nation G\_D could meet

But then no Temple Korban – the HOUSE yes it be gone Came our GREAT PELE – ushered in new dawn Back to times before – when sacrifice be oh so personal How then until HIS HOUSE – can Korban be full?

No flesh or fat to burn – where be fragrant incense Without nice Korban – how can we fix offense So many offerings to make – Chatat, Asham and Minchah Shelamim as well – of course there be great Olah

Nay the Korban not be gone – declared to be forever HaB'rit Chadasha – Korban it did not sever Filled up in every way – by YESHUAH it be shown Oh so far HE went – now cutting living stones

What of ma'at mikdash – what of personal sacrifice What offering could be made – that G\_D would think is nice What sacrificial element – yes what be our sign Oh so elusive to mortals – this offering be our "time" Shabbat it be the minimum – yes required it be still Declared from the beginning – it be HOLY and G\_D's will But what of Korban Aliyah – who doth make the walk Of the Holy Service – who yes dares to talk

Living Stones do count – morning into night So thankful for each yom – eternal flame burns bright Make entrance into mikdash – bring offering of praise How much more each day – to THE LORD our hands we raise

T'was YESHUAH all along – soon it will be again Sar Shalom be coming – from Heaven yes descend Set things up yes dedicate – Ezekiel, he did see Sons of Tzadok arrive – to serve by G D's decree

Someday living stones – when Temple not be needed New Jerusalem doth come – approach be not impeded Then HE be the LIGHT – one nation of all nations Korban it then be perfect – beyond wildest imaginations

Nay we not be orphaned – Isra'el be not alone Simply another build – this Torah it has shown Build not by Moshe – patterns of RUACH gifts GREAT PELE be builder – HIS own HOUSE how HE lifts

Sweet Korban do resonate – Aliyah steps we take All the while it seems – living stones HE makes Let us offer freely – offer precious time it seems Like the GOOD BOOK says – let us the days redeem!

#### The Vow

Let us do consider – let us ponder for a while YESHUAH told us not to swear – how do we reconcile Wilderness commandment – man or woman's dedication vow What of the Nazarites – how, can such be for now

Yes The Master Rebbe – to all forever did explain
How the flesh cannot fulfill – yes the oath it be in vain
For no hairs doth flesh control – there be no guarantee of good
Therefore restrain the flesh – Master Rebbe said we should

Oh for want of dedication – who then shall so separate
What of the longing soul – when it desires holy fate
Hath the special vow – hath this Aliyah been forever disallowed
How could this our Great Rebbe – what of dedication vow?

Fear not says YESHUAH – for those planted from Heaven above Those who be called And chosen – how souls answered out of love Hineni was their cry – "here I am", means we have a deal Once GREAT ELOHIM begins – there be none to break the seal

For if The Covenant by HIM be upheld – then surely vows they be as well Rebbe YESHUAH did declare – inside the dedicated HE shall dwell What greater dedication – HIS own RUACH makes our stand Nazarite Vow it be upheld – Psalmist thinks well she understands

Answering "here I am" – it be a kin to saying "I will"

But of course be doing G\_D's charge – for so many how they still

Claim a holy charge – yet on their own they did so dedicate

Preferring their own honor – themselves sealing their own fate

For Dedication Vow be inspired – yes comes Holy resonant chord Dedication Vow – has special blessing from THE LORD Wilderness Priestly Blessing given – in line with those who be dedicated In dwelt AND having G\_D's NAME – their completion, only by G\_D so fated

Psalmist doth cry out – so glad the old hath not been deleted Great YESHUAH simply explains – how Mysteriously all be completed Children of The Vow – let HIS RUACH take thee home Thy gifts and fruits define thy dedication – signs and wonders for shalom HE will finish what HE started – don't let flesh define the way
Where there be no gifts – no signs and wonders, just flee and pray
For the buildings they be filled – with persons in hearts, yes dedication that swear
Calling thee to make same vows – of these thou must beware

For RUACH does Own thing – yes RUACH life defines
The flesh cannot control – what be perfect and divine
RUACH simply IS – yes perfect IT be "HAYA"
Same but different old and new – how blessed be Nazarite Aliyah

### All About The Land

All about the land – how all the world can feel
Something about the land – something oh so real
Talk about the Jewish people – talk about the land of lore
All about the land – for her, the world be oh so sore

But the land was precious – long before the Jewish people Precious long before – temple, mosque or steeple Land of milk and honey – picture of fabled special place Sweet Garden yes it was – man and G\_D were face to face

Patterns show us connections – yes stewards and the land First patterns of an exile – the LORD did reprimand So enmity there was – between serpent and man's seed Twas not a place for death – no innocence to bleed

But Isra'el was made – G\_D's plan all the while Back into the special land – clean what was defiled Chase the serpent's seed away – yea don't leave a trace For ELOHIM determined – yet again to show HIS face

But alas again – mortal man how they did fail Lovely milk and honey – it still remained so stale Garden was not cleansed – Moses song was true Spat out from the special land – spat out was the Jew

Center of the world – who could argue ever Consider a world without the land – it can't be we say never But Psalmist also cries – G-D's face shall return Yes indeed the land – will be cleansed, how it shall burn

Return oh Jacob please – wicked generation rules
Where be the garden picture – world sees only fools
Thou were chosen yes – as good stewards for G\_D to bless
So that all the world would see – twas Isra'el G\_D doth caress

Psalmist sees the portrait – milk and honey without bad seed Psalmist sees the beauty – only innocence and none to bleed Where be that great exodus – where be the wondrous Aliyah Floundering be poor people – floundering be dear Judah Thou not be seen as blessing – Jacob thou be seen as curse Of all the children of men – olam says Jacob be the worst All along the enmity – land remains defiled Hated Jacob always – hated ELOHIM all the while

What is the olam relationship – one of love and hate
This little slice of land – so much strife doth initiate
Some can feel connections – deep in soul do understand
Tears of all emotions well up – when considering special land

And others how they bite – gnashing with anger grind Considering not the Heavenly – it be hatred that they find Want the land they do – yes only to defile Soon goyim days be full – yet a little more while

Oh sweet land of lore – Psalmist sings of home
Waiting for good stewardship – please hurry SAR SHALOM
Connections from the Garden – Temple portal yes FACE in the land
Clean it all out GREAT PELE – come and make THY stand

Messianic Kingdom – taste of garden repair
But for a thousand years – there be rebels in the olam there
Whence shall come beginning – New Jerusalem to descend
Whence shall come new things – raised up in the end

Psalmist smiles broadly – sunrise, hope it brings
Psalmist getting ready – special new song yes to sing
Wait you lovelies wait – even if you just can't understand
So deep inside your soul – you be a garden man

### HaGo'EL

Tell us wonderful YESHUAH – why us YOU had left
THOU LORD knows our hearts – we were so sore and bereft
OH GREAT PILLAR disappeared – when we crossed into the land
THOU left us all alone – against the enemies to stand

Why couldn't YOU just stay – be our power and might
Why couldn't YOU just stay – bring us victory each fight
What means this thing GREAT LORD – after redemption picture shown
That we left to wonder – yes wonder on our own

Why such questions needed – be there a mystery
Was it to test our faith – how doth laugh our enemy
What be this Go'EL story – come and leave within THINE season
What be the lesson learned – yes what be the reason

How the Judges were raised up – each one with the gift Each and every one of them – RUACH did so lift And they all delivered – a savior to Isra'EL This be true we know – this our Torah it does tell

What of ACTS that came – yes of RUACH descended Yes if we do look – we see THY power was not ended Though YOU left both times – the pattern can be found RUACH helper came – from Heaven to Earth's ground

LORD THOU doth redeem – but surely we should see From Yochanan 1:12 – it's about the opportunity The right to chase inheritance – the right yes to the land YOU LORD left, so would come – HaRUACH we should understand

THY ways are so different – two truths at same time
THOU LORD did depart from us – so that with RUACH we would shine
So that WORD of ELOHIM – yes proven from beginning
Not by power or the might – but by SPIRIT we be winning

But alas the pattern prevails – "haya" shows us yet again There be just one Heavenly Go'EL – simply one GREAT MAGEN No matter how we struggle – no matter how we fight In the end our KING – we'll need PELE to come and fight But in the meantime LORD – ELOHIM's WORD it be upheld For those in need of saving – THY RUACH won't be quelled Without THEE LORD yes nothing – possibly we can do But also can we act with RUACH – this be also true

Todah Rabah for redemption – now send RUACH, help us fight
Opportunity be at hand – to become the children of light
We see how Judges came through – with mysterious RUACH power
We see in ACTS THY Talmidim – RUACH descended yes to shower

Oh inheritance be not lost – redemption victory has been won HaGo'EL be YESHUAH – GREAT PELE one true son Let us grasp the opportunity – let us be taught, upon our own to stand Be it Earthly now or later – LORD help us keep the land

### The Choice

The choice it might seem easy – but narrow path be tough
Many believers talk as if – things are simple and not so rough
But Psalmist doth consider – choices in Scripture we see
Abigail, Nabal and Jonathan – of course there be Saul and yes Daveed

For pride doth have it's way – Saul could not stand the truth All the while the signs – showed him straight up proof Strong Jonathan he did lay down – all things for the anointed Nabal, the fool, of course – he got self-righteous and so disjointed

There were warriors there for Saul – a remnant did choose Daveed Abigail, the fool's wife – acted wisely yes indeed But despite the fates we see – some tragic while others rejoice There was always free will – there was always choice

Oh indeed how RUACH moved – turned the tide when sent Nudging at the right time – blowing at the critical moment But even when the truth was there – some refused to be moved Arrogance, pride and violence – their spirits never soothed

Our David so imperfect – but steadfast he would not touch No violence to G\_D's anointed – David would not have such So trials and tribulation – came upon David all the more Losing precious priests and Jonathan – the pain was oh so sore

Yes there be the choices – see them in each and every story
See the battle of kingdoms – see the fight for glory
Some fighting for King and Israel – battling against G\_D and HIS will
The delusion it continues – it be happening still

G\_D uses people and choices – HIS purpose shall be done Mordechai told Esther – if not you, then G\_D will have another one Do your choices children – bring charge, and Aliyah and gifts Do our choices make a life – G\_D's glory does it lift

Tis not enough to say – we be on board with all G\_D's plan Do our choices bring the hardship – do children understand Do we sit around – agree with ideas in our mind Do our choices bring reality – is G\_D alive be what we find The broad path it be easy – wonderful feeling elect yes what a life Do your choices bring conflict – do choices bring thee strife Check the record once again – see how our heroes fared Choices they brought hardship – they chose and yes they dared

There be a Kingdom battle raging – Psalmist knows of tribulation Psalmist also knows of signs – of wonders beyond imagination This path and life is hard – yes RUACH's whisper be sweet voice Each and every day G\_D asks, "child what will be thy choice?"

Both Abigail and Jonathan – wise choices that we see
Also it be clear however – good life be no sure guarantee
Good choices not be measured – by anyone or anything but THE LORD
But always might good choices – potentially bring to thee a sword

## **Royalty Patterns**

THE LORD doth surely select – lines are so up lifted How we see in Scriptures – not all of these be gifted But G\_D's grace doth abound – sometimes love be tough The royalty patterns show – often, times be ever rough

Israel doth struggle – Judah has her pangs
Wicked kings and queens – rear their vicious fangs
But as they move along – the people they do fade
Royalty patterns show – how different roads are made

Oh thou Jeroboam – thy legacy holds true Striving yes oh always – with Judah yes you do And Judah doth so languish – sitting on the fence Sometimes seeking to help – at times attack without relent

Where be two sticks joining – tell the Psalmist what will it take Is there no sweet union – can strife ever take a break Who is who these days – why such a mystery Doth not the faithful wait – for return of Royalty

Some believe it be – like the days before the Kings Some now still believe – just to ELOHIM believers sing But patterns and the Prophets – a new song they reveal Thou shall await the KING – HE's alive and HE is real

In the meantime be no seed – where be royal ladies and gents? Not orphaned was the promise – where be special ones Heaven sent Surely if we look real close – surely royal patterns persist Can we doubt the promises – surely royalty must exist

Perhaps our jaded eyes – imperfections seen do turn us off
Or perhaps the thoughts of select – might pride just cringe and scoff
But needed ever so – be now those of royalty
Come provide some guidance – we now be in misery

Judah do rise up – line of Daveed give us hope Maybe not all perfect – but righteousness to help us cope Surrounded now we are – filling be the tribulation cup Psalmist sings so loudly – line of David please rise up As for Israel – Jeroboam won't thou sleep
Oh so close you've kept them – ever do you keep
The golden calves do moo – the echoes still be heard
Royalty patterns playing out – see it in G\_D's WORD

A people oh so lost – Psalmist please do woo Resonate to the Heavens – how we need the glistening dew Power of great youth – dawn waking mystery Whence be our YESHUAH – whence be true and righteous Royalty

## **Authority**

Authority is given – yes even commanded Submission to the Imperium – on it's terms be demanded Who doth know a riddle – upon G\_D's Kingdom what sits atop What by force be permitted – righteous Kingdom to stop

Psalmist cries aloud – why haven't children been told How the Imperium has authority – how the world it holds People ask all over – how can G\_D let all this wickedness be Have faith little children – it's about the authority

YESHUAH told the talmidim – prince of olam comes for HIM Just as HE told Pilate – t'was by the will of ELOHIM Tempted was our LORD – with power, riches and land Authority of the Imperium – this our YESHUAH did understand

Render unto Caesar – this YESHUAH said Imperium got it's due – it saw YESHUAH dead But such authority has limits – Hell, YESHUAH could not contain Imperium's power destined – to wither away and wane

What means such for us now – who withstands the tribulation Should children just give in – to all vain imagination Woe upon us people – where be David or zealous Maccabees Bo YESHUAH Bo – hurry do come please

Yet even with our champions – we see how Israel split Some for righteous kingdom – some for Imperium fit Oh we see in Ziklag – Psalmist counts yes just about half Small numbers for the Maccabees – oh Israel what a laugh

Patterns, Pictures, Portents – again we see in Torah Pointing to PELE – yes signs of GREAT YESHUAH For authority be taken – yes given to THE SON HE defeats the Imperium – the victory HE has won

Hide out if you can – Psalmist says don't fight
When our CHAMPION comes – you'll know the time is right
But do get ready now – Imperium seeks your very soul
For in this Earthly plane – Imperium it still has control

Will children be led astray – being integrated and going along Please listen for the wakeup call – yes listen for the love song G\_D is REAL indeed – HIS WORD then also true Give Caesar what is his – but give to G\_D HIS due

Don't question G\_D's great wisdom – don't question ELOHIM's will Don't be angry children – that Imperium has authority still Don't raise high hand up – for deserved be all this tribulation Authority of the Imperium – not meant for shalom or sweet elation

Psalmist thanks THEE LORD – for sight beyond the haze Understanding the Imperium – watching it's orderly craze But lawless all the same – while invoking laws that people see Choking in it's vomit – for now Imperium has the authority

#### What Kind Of ELOHIM Hath We

What Kind Of ELOHIM Hath We – ONE that descends upon the Mount An ELOHIM of everything – all things doth HE count Hairs upon each head – stars within their course What kind of ELOHIM hath we – what is this AWESOME FORCE

WONDERS beyond imagination – SPIRIT beyond the living An ELOHIM of splendor – kind and oh so giving Thinks of HIS creation – visits us upon HIS MOUNT Teaches us to see – teaches even us to count

Orchestrating LIFE – yes HAYA such mystery
Our lives living upon the pages – this even we can see
What kind of ELOHIM hath we – MASTER of all that exists
Despite our lowly efforts – HE allows us to persist

Shine and Sparkle he doth gift – lighting eye and face Provides the perfect cover – yes a Sanctuary Place Choosing as HE does – seeing who shall follow All the rest they be – just something to be swallowed

HIS righteousness be foreign – though it we so can see Laid out in HIS WORD – there be no mystery What kind of ELOHIM hath we – HE doth let us understand What kind of ELOHIM hath we – takes us gently by the hand

HE saith yes to all – the glory HE shall not share
But everything be for – HIS TRUE SON standing there
What kind of ELOHIM hath we – yes ONE beyond our mind
Let us bow and worship – let thanks and praise be lovely sign

Oh yes indeed in fear – for fear alone it would be wise
But how our ELOHIM – wants our hearts to grow in size
Desire with our hearts – our souls and yes our might
To worship HIM in holiness – not in fear, but in resonance and light

Oh GREAT ELOHIM – THOU WHO rides upon the sounds
Oh GREAT ELOHIM – HE WHOM only the SON has found
See us through THY SON – and SON see us through THINE pages
Our lives yes they be living – it be HAYA through the ages

So we count GREAT ELOHIM – we follow patterns they be shown We revel in the joy – we mourn and sometimes moan What kind of ELOHIM hath we – yes ONE that lets us live An ELOHIM of death and life – the ELOHIM that gives

Let the record show – GREAT ELOHIM be alive and well

Matters not if man forgets – Psalmist doth surely tell

What kind of ELOHIM hath we – ONE that keeps a remnant yes alive

We bless the ONE TRUE ELOHIM – this means surely some survive

#### Who Is Wise

Royalty did visit – yes pattern Scribe did record
The queen of oaths arrived – not believing the grand report
A millennia did pass by – royalty did visit yet again
Seeing for themselves – zeal and treasures they did send

What be this Chronicles mystery – a portent, a pattern yes laid out What be this visit to the king – Psalmist she doth shout Oh so grand and awesome – wisdom and greatness yes to check How doth this give sign – to the coming Melchisdek

A sign yes of the nations – for the KING they longed Prophets spoke of such – in messages and song Nations be the metaphor – for royalty coming from afar Second wave did come – yes following lovely star

But what of report and tests — what of pattern revealed Foreign royalty of nations — we see their approval sealed But others did check out — others did investigate Response to investigation — determined their own fate

Pharisees and Scribes – how they came to test
But by the Heavenly Wisdom – sadly they were not impressed
Caiphas and the gang – though they of Israel stock
Were found to be wanting – not part of the KING's flock

But lowly Shepherds ran – to David's City on that night
Believing yes they did – seeing a King so shiny bright
And others like dear Andrew – and Yochanan how they believed
But alas those who could not listen – they left and never received

How the nations long – how they so desire to believe But only some of Israel – that hear decide to cleave The royal nation visitors – bring gifts, yes do bring treasures Israel all to often – brought test and all their measures

What means such Psalmist asks – what of next return
Will the pattern show – again that nations will so yearn
While Israel doth wrestle – not being awed by Righteous KING
How so long our LORD – desired to take thee under HIS wing

Lovely Queen of Sheva – thy approach accepted yes Humbled yes thou was – for the report wasn't even the best Thou found that the KING – was far more wonderful then thou heard Nothing ever better of course – than perfect wisdom in KING's WORD

Who doth see the mystery – yes one Psalmist doth reveal Pattern it be showing – how G\_D's Precepts all be real As it happened once – and happened many times again Pattern shall emerge – when THE KING returns, oh when?

# **Torah Exposé**

Psalmist plays on words - given something to say
For a moment shine some light - what did mean our lovely Moshé
Tis thy light oh Israel - yes different you shall stay
Psalmist cries a love song - sending Torah Exposé

Shine unto the nations - Torah be thy wisdom Perhaps yes just perhaps - listen, will yes some But even most Judeans - don't want Torah Exposé Like nations of the olam - Judeans also want to play

But of course some Jews - fervently to Torah cleave But so few of these as well - in SALVATION really believe What then be the purpose - is Torah a cultural thing What then makes ha-goyim - to Torah chase and cling?

Beautiful David yes did say - shine the light and look inside For Torah Exposé - will straighten out your stride Paulos also declared - Torah shows us what is sin Torah Exposé in the end - no different then when it did begin

So what of all legalities - what of commands and rules "Not under the law" how rebels shout - those legalists be fools So lovely ways for mankind - be forsaken yes it seems Even by purported believers - those who claimed to be redeemed

Israel thine light - it just be so very dim
Thy Nation and thy Torah - seems to follow every whim
Thou can't convince thine own - this great Torah yes to follow
How then can the olam nations - your Torah possibly to swallow

And purported Christians - again what can Psalmist say Be prepared to answer - yes when comes that day Why reject the Torah - why call the good so bad How could you make YESHUAH - oh so terribly sad

Neither side doth draw in - neither be truly zealous Neither can make the other - wonder or be jealous Let Torah Exposé - in SPIRIT be written within Let Torah Exposé - thine Aliyah yes begin Just so perfectly imperfect - the Psalmist she doth say When one seriously considers - objective Torah Exposé Can't keep Torah it be true - but love it and yes cleave Commands, Sabbath and the Seasons - is our way to believe

The answer be YESHUAH - always the one and only key Perfectly yes perfect - showed true Torah can't we see For Torah in the mind - not bad, it be a start But Torah Exposé in SPIRIT - writes Torah on the heart

Shine your light HE said - your faith and submission don't you hide Let them see your Torah - spilling out from deep inside For Torah it was given - from Tzion it doth spread Torah Exposé is THE WORD - this be what YESHUAH said

### What's The Use?

So many they so question – Psalmist hears the abuse
The howling of the masses – simply "what's the use?"
Years of faith and in the end – departure just like all the others
Leaving all thy labors – to children, sisters and brothers

What was the use of it all – Jobe and Kohelet did declare
Did mortal life mean anything – what's the use of being there
Each going oh so far – cursing birthday when then were crushed
What's the use they lamented – when hopelessness them brushed

Psalmist doth sing song – remind them of Daveed
How he answered such lamentation – how he did indeed
No questioning his own righteousness – yes lamenting all the evil
But hope for RUACH and restoration – amidst turmoil and upheaval

David contested what's the use – as they lamented the fate of man David knew there be no earning – no leg upon to stand Yet David knew of mercy – yes David knew of loving grace For David saw THE SON – yes David saw HIS face

Wise men spoke of She'ol – of dark places of despair But David knew of mighty hand – take hold of him down there March right through the valley – for death won't withstand light Hand held ever gently – by Mashiach WHO did fight

What's the use the wicked prosper – the faithful be tormented Vexation upon the faithful – never to be relented Woe is man we're nothing – but what about G\_D's GREAT IMAGE Answer yes be in THE WORD – written on the page

What's the use indeed – Psalmist cries out "life yes all the more" For man there be no use – but life for G\_D yes this be sure Tis not about the man – but who will worship and yes praise If all mankind be lost – whose hands to ELOHIM shall raise

What's the use indeed – Paulos speaks without imagination Revealing how some be for glory – while others for destruction Psalmist follows all the breadcrumbs – follows the Potter's ways Who dare saith "what's the use" – while there still be days Listen to a love song – look past woes and despair
YESHUAH says build thy treasures – up in Heaven with great care
For HE was righteous and perfect – HE took the punishment and all abuse
So that we need not lament – oh well what's the use

It's good that some know more – like Psalmist from long ago Love songs yes were sung – shalom and comfort us to show Now Psalmist sends reminder – sends a love song for the glory Before the lamentation – listen to all of G\_D's amazing story

## **New Wine Mystery**

Father named G\_D blesses – Son is EL as himself
Psalmist resonates a parable – yes comes the greatest help
Bursting out from inside – comes the news from Heaven sent
New Wine in old skins – who asks, "What this meant?"

Who dares speak so boldly – with yada, truth just perfect Some awesome power with this man – it did intersect Listen up sweet Jobe – open thine eyes to see For revealed what is to thee – answer to a parable, a mystery

Many years passed by – all men knew the truth New wine into old skins – wasted efforts be the proof New wine into the new – old wine into the old This surely was the truth – even by YESHUAH we were told

What meant our YESHUAH - was it simply just not possible Could the old not hold the new – could the skin be never full But at lovely Cana wedding – yes a miracle, first sign New wine into old "ovot" – head steward found it was divine

They hated HIM so much – he forgave the lame man's sin Such blasphemies they pondered – only G\_D IS and has ever been But YESHUAH said – would you prefer I make him whole Lame man made just right – their thunder yes he stole

There be more occasions – GREAT REBBE left the clues Exhorting Pharisees and Scribes – go and just pursue But the old just wanted the old –wouldn't even try the new Even when new be inside the old – oh only if they knew

Far much better be a scribe – when of Heaven Kingdom has been told Bringing out the treasuries – that are new and that are old Yes the new wine we can see – in old skins can go inside By miracle alone we see – the two they can abide

So go ahead and scoff – laugh at Psalmist and her musing Be like those at that Shavu'ot – those the truth who kept refusing What was it that they said – these Galileans be full of new wine Ironic yes indeed – accusation false and true, both at the same time What then of "baqa" – what new words be so grand
What be the news that everyone – needed to understand
The answer be that unrighteous men – can be reconciled to THE ONE
Because of just one thing – the victory of THE SON

Sing aloud oh Heavens – sing forests and the hills Don't thou give up hope – there be a chance yes still Don't be counted with them – who mingle wine for destiny Don't be counted with them – a people called m'niy

Drink my blood HE said – yes take it in as covenant
As he lifted up the wine – for HE was Heaven sent
The miracle of Cana – was a portent of what HE could do
Pouring new wine into the old – pouring new wine into me and you

Psalmist cries for joy – new wine inside bubbles Now the new wine vents – old and new yes portion doubles WONDER be HIS NAME – THE SON HE is our help As it was for Jobe – young man is G\_D HIMSELF

### **Dedication**

What be dedication – to ELOHIM, HE WHO sits on high Is not all HIS alone – in the Earth and in the sky Who can say they're not – anything but HIS to use Only of course the fearless ones – the truth they so refuse

So go ahead and dedicate – what offering can thou give Can thou offer any worth – can thou guarantee thou'll even live What is it then this offering – what to HIM will thou offer Be there anything at all – ELOHIM adds to HIS coffer

First David then YESHUAH – what do we see, the story
Is it not the giving – of all the strength and glory
Beloved Mashiach declared – here be glory for THEE FATHER
Unless this be the offering – why then why oh bother

For proper dedication – calls for offering so great Not something thou can afford – not something given too late Something extra special – something not of our own hand Ears to hear do listen – please do understand

What so can be counted – perhaps moments, precious time Can there be just something – worth dedication we can find Be it warfare waged for right – or battle tested fingers Is it resonance of the saints – that ascends and lingers

Is it groans of mourning – or joy so spirit filled
Is it trying oh so hard – to do what G\_D has willed
What be this glory spoken of – who be like David or YESHUAH
Or perhaps like Samuel – a dedication by sweet Channah

Oh GREAT RUACH tell – lead each n truth not imagination
What doth ELOHIM desire – from each their dedication
Torah tells us tithes – tzedakha would be good
But really what's the answer – let's dedicate what we should

For some a vow indeed – Nazarite for a while Bless these ones with the blessing – yes in Aaronic style Single minded always – meek and humble in the way What be good to dedicate - servant's life each day No straight answer as we know – given much there be to a few Also what's then dedicated – must be so great too
So dedicate as been received – dedicate with all thy heart
Then perhaps the King will smile – radiate thee with hadar

Don't worry about thy stuff – it shall come and go When thou doth depart – downstream stuff shall flow Dedication be for what is given – yes this be the story Psalmist says to give G\_D back – what HE's given, yes thine glory

Be thou filled with Yirat HaSHEM— perhaps Wise and Understanding Maybe Counsel & Might — or maybe Messianic Anointing Maybe even Sight or Prophecy — maybe a Witness life transformed Maybe a spirit of Shalom — maybe just Re-Born

Dedicated as what – messengers or maybe prophets

Perhaps teachers yes just maybe – or miracles one might get

Can thou lift and heal – can thou help out yes administer

Doth thou speak in tongues – or do you just chase after

Yea the dedication – not be man's to make

Dedication be of ELOHIM – all be HIS to take

Shall we not give back – from ELOHIM what's received

Give back glory received – all things ELOHIM doth retrieve

### Jeshurun

Portraits how we see – well, if one would look Craftiness of the scribes – recorded in the book How in Devarim – Moshe on his last day Portrait of the King – this the WORD did say

Years before gather sons – yes heed Father Jacob's call How upon his sleepy bed – Isra'el in Mitzrayim blessed them all Now escaped from bondage – comes man of G\_D's last day But Moshe be as Jeshurun – blessing tribes in royal way

Patterns show a portrait – something else to behold A man be shown as greater – how patterns they have told Jacob he was Isra'el – Moshe be Jeshurun Moshe promised one would come – someday if not soon

Who doth bless the people – did another prophet show sign Were there any clues – of Jeshurun ever fine Such deep mystery – sages say a code word for Isra'el Psalmist points out the truth – there is something else to tell

For Prophet Yeshayahu – provides mysterious context Speaking long before – of what ELOHIM planned next For formed within the womb itself – no not a metaphor Prophet spoke yes plainly – Jeshurun be how much more

Came forth Jeshurun – born so humble and low
In the land and out of – how HE was forced to go
Blessed the seed forever – Torah and Wonders did PELE bring
On HIS last day how we see – declared as Jeshurun, the Jews King

Oh GREAT ELOHIM – THY ways so perfect and so pure THY patterns of revealing – jumpstart hearts oh yes for sure Patterns of inheritance – Jacob, Moshe and YESHUAH All right there for us to see – in THINE lovely Torah

Is it really to hard – is it stiff necked or just blind Everlasting clues be there – for GREAT PELE just to find Why stifle simple truth – on scroll's pages doth remain GLORY of GREAT ELOHIM – descending as sweet summer rain No strange G\_D amidst them – not out of, or in the land Faithfull witness forever – declared by ELOHIM's hand Yes Jacob and Isra'el – G\_D's servant this be no guess But YESHUAH be Jeshurun – comes to redeem and bless

## Mystery Of Stone

Oh Israel do ask – perhaps while doing so yes quiver What of the Priestly stones – those pulled from the river Set them up in Gilgal – yes the scribe was quoted But such a mystery – Psalmist ponders things devoted

Stones laid from the beginning – in the water simply waiting There just for the Ark – for special Priests who be wading Oh a wondrous portent – twelve stones for a sign Devoted and with purpose – for Israel to remind

Devoted things be special – especially those devoted for good Psalmist doth cry out – consider this we should What of sacred stones – what is the entire story Surely not a mystery – must tell of ELOHIM's GLORY

Stones set up in beginning – devoted, yes a foundation Stones to support the way – stones to support the nation Retrieve these stones indeed – set them up as ELOHIM doth say Forever a reminder – Israel crossed the river on that day

Is there not a Pesach story – where be the wise, the sages Could it be a mystery – not seeing what is on the pages Daveed, Yeshayahu and Zechariah – in one accord be prophesy What of Foundation Stone much more – what GLORY could this be

Yes what of great rejection – oh Jacob thou still contend Such prophesy so fulfilled – even now you will not bend But Foundation Stone be devoted – no matter if Israel be contrary No stopping what be HAYA – set up be HIS Sanctuary

Cry out grace and mercy – comes the Servant yes the Shoot Long after days of Daveed – Prophet sings of Jesse's Root And the Builder doth HIS work – building Temple with HIS hands Oh Israel still a mystery – Psalmist hopes you understand

But only a remnant be devoted – this be stated in the Book Most be crushed and trampled – caught with sharpened hook But yet there still be some – living stones not so contrary Laid upon Foundation Stone – building eternal Sanctuary GREAT FOUNDATION STONE – YOU be not a mystery For yet again when we look – tis YESHUAH that we see Clues so lovingly provided – breadcrumbs for all to find Jordan River stones – for some an awesome sign

Yes connect the dots – Psalmist she doth plea Open up thine eyes – such joy if you will see Perfect and perfectly devoted – in beginning, before time Rock of our Salvation – always YESHUAH that we find!

### **Blind**

Israel so blessed – none lovelier can we find
All the same still drunken – all the same still blind
Thou doth love the people – yes thou champions the Nation and Land
Still thou be so blind – still thou can't understand

The leaders and the elders – against David did rise up Seeing how David was weak – they filled rebellion cup Better that Beloved fall – so the Nation would survive How they wished our David – be no longer alive

Our David oh so noble – his worse battles came from within Israel's transgressions – worse than olam's sin Even Judah turned upon Daveed – Beloved had to run Israel the webs thou weave – oh the webs that thou hath spun

Ahithophel you Judas – worried about thyself Thy counsel it was horrible – to Beloved nay no help Hang thyself in great remorse – on thee be thy shame Picture of treachery forever – actions oh so lame

Elders where be thee in this – blind as well for sure
Thinking that thy guidance – would be better all the more
Forgetting about anointed one – yes more important than the nation
Thy thinking be stopped up – oh the constipation

Absalom so lovely – beautiful like thy father
Presumption oh so grand – in pride thou did not bother
To consider the will of G\_D – step beyond thy post
Becoming the greatest adversary – absconding with the host

Can't thou see oh Israel – how they did not inquire
Taking matters in their hands – making things so dire
Ignoring all along – truth and patterns in the Torah
Oh so blind thou be – can't even see the GREAT YESHUAH

To this very day – a people of national pride

Still not choosing right – still not on G\_D's side

Taking matters in thine own hands – do what's right in thine own eyes

But testimony comes against thee – witness Earth and Skies

Psalmist sings to thee – sh'ma yes Israel
Patterns in the Torah – these be show and tell
Won't thou just stop – in Torah look behind
Patterns and the truth – how YESHUAH thou shall find

HE be the key of Daveed – as thou doth seek salvation David was a portrait – one man greater than a nation How much more so ever – than HE predicted by Moshe HE being the ONE BELOVED – HE being named PELE

Why choke upon thy traditions – please listen to a song It's not about the people – rather BELOVED all along Nation and the people – a backdrop, in stories a whim It's all about THE ONE – all about HaELOHIM

Ephraim doth call HIM – but HE desires calling Judah Look around and see – precepts, patterns in the Torah Psalmist cries out loud – LORD make them not so blind How lovely and so fierce they be – when YESHUAH they do find

#### **Order In The Court**

Like Moshe long before – Daveed did tell recorder

Pattern it was revealed – pattern of the order

All around the Levites – first born substitutes

But was the order quite exact – was the order absolute?

David he did add – to what Moshe had revealed Wilderness army and people – gave way to city fortress shield But still a pattern given – to one man with authority One to get the job done – haya ruach it would be

Same patterns yes but different – but the two they didn't last By the time of GREAT YESHUAH – these orders were of the past So what of Kingdom come – what of pattern Mashiach did show Was it same but different – which way did it go?

Was there inner circle – was their first born representatives Was there a priest or scribe – one to write down how HE lives What of sanctuary build – seems nothing but the tear down What of lovely "ORACLE" – upon the HOLY ground

What be this thing with women – where be thy schooling certification Priests, Scribes and the Pharisees – thought it was just HIS imagination But new order did HE bring – followed patterns well laid out There be order in the court – Psalmist this does shout

New Temple revelation – came by only ONE All authority t'was given – to the one true SON HIS building be of RUACH – it be of stones yes living Truth be not of men or systems – to plant or saving to thee for giving

Kingdom it be different now – ma'at mikdash throughout the lands Still yes there be purpose – still revelation to understand YESHUAH set the rules – governance pattern by HIS making Gifts and Servants raised up – what be needed for the taking

Yes indeed set up – plant yourselves in buildings strong Call them to you now – don't sing any Aliyah song Keep them right in place – no real purpose be thy story For we see it's all about – not G\_D's, but only for man's glory Where is order now – where be Levite in the midst Teachers, Scribes and Witnesses – yes the order this insists What of love for brethren – what of signs, wonders and the dreams Who be ready to wake the dawn – so much lacking as it seems

Where be praise and worship – don't say ELOHIM you'll bless Don't say all that so is needed – HIS great name to confess Don't say Torah will restore – without Mashiach here Escape nothing in the end – for Mashiach be so near

You say G\_D no longer speaks – there be no Aliyah to make You say you have right order – such presumptions yes you take Where be living WORD – can you be counted among the living Can you say of RUACH gifts – thou be taking what HE's giving

Oh poor little children – the systems have no order Your ministers and rabbis – have no gifts, Levites or recorders No love songs or good message – no temple rising up No part in YESHUAH – no part in HIS cup

Lowly Psalmist hears accusations – but answers only with a song Orderly in every way – yes orderly all along YESHUAH doth show the way – order determined by the need Ma'at Mikdash be ordained – orderly yes indeed

Nay there be no bishop – no minister, no deacon No teacher certification – no steeple as a beacon But there be revelation – for brethren there be love There be purpose real – gifts sent from above

Cheers for house of Chloe – cheers for Lady of the home Their paths they were upheld – given greetings of shalom What of this can be said – but Ma'at Mikdash be approved Order in the Court – determined by how HaRUACH moved

Such a time as this – stand alone the little places

Take comfort yes in knowing – G\_D loves all your beautiful faces

Free from smothering systems – free for purpose and for charge

Someday vindication comes – ma'at mikdash be enlarged

#### **All Directions**

Imperium and Kingdoms – yes in all directions
Allies perhaps at first – but then comes insurrections
Judah look at the record – tell us sages, what can you see
Doth help come from the nations – or from the Heavenly

Thy kings and leaders falter – broker deals so fast Learning nothing ever it seems – from The Book, the past Psalmist sees the patterns – over and over again Right back to thine own ways – until the bitter end

Assyria and Babylon – Egypt and from Greece All directions known – thine allies or thine enemies Harlotry at play – thinking of existence Patterns not to be broken – yes keep up thy persistence

Played with every Kingdom – as thou doth today
Friends and business conducted – thou travels every way
Broker deals indeed – North, South, East and West
What shall happen Israel – when comes all the mess

Who will trust Jerusalem – like days of Pharaoh old
All the pundits will wag the finger – saying, "see you have been told"
Judah can't be trusted – with all Kingdoms they be in league
Thine own Book speaks of betrayal – all nations against Israel to besiege

Last Kingdom yes Imperium – mingled and hard to see
But then again sweet Daniel – detailed the mystery
Dear Judah do be careful – then again really there be no choice
For always do you stray – from ELOHIM's great voice

Thou longs oh so much for peace – instead thou begets strife As like long ago – thou be unfaithful bride and wife Cavorting in thy politics – yes such fornication Thinking thou be crafty – Psalmist sees thy great imagination

Yes thou hath been blessed – we see upon reflection How in times long past – they do come from every direction What be different now – is there no G\_D in Israel Seems to lowly Psalmist – truth no one seems to tell Perhaps thy Eastern deals – shall give thee much more hope All along from the West – thy deals have helped thee cope From the South be allies – tenuous but still there Go ahead and sure things up – in the North do you think they really care

Judah little Dove – patterns thou doth let repeat All the while the cauldron – be boiling with much heat Do it Psalmist cries – time now for the build Soon thine allies be enough – yes prophecy to be filled

## **Song Of The Maccabees**

Accounts yes oh so horrible – a record oh so gory
The Jewish sages can't withstand – rather ignore recorded history
Imperium doth wage it's war – against it who can stand
On the verge of assimilation – poor people of the land

Stand fast doth Mattathias – yes courage in that day Like Pinchas and Samu'el of old – blasphemers did he slay Come along my sons – our glory it be so defiled Our GREAT ELOHIM – shall not abandon HIS first born child

How the battle raged – how the blood did flow Imperium from all directions – would not let them go Victories did come – yes uphold G\_D and Torah Kislev special dedication – yes even came the Chanukah

But one by one the heroes – over time how they fell All their hopes yield treachery – Psalmist she doth tell Just can't trust the olam – sadly they never be real friends Thy hope oh Isra'el in them – sadly we know how such ends

And inside precious walls – yes even by their own kind Our faithful Maccabees – how betrayal they did find Always those of Isra'el – who prefer the call of the Imperium Seeing such as the better way – even better than G\_D's Kingdom

Why do sages not much like – the great Maccabean tale
Oh they love the Chanukah lights – yet not truth of hearts that fail
They say it be the time – when things be oh so silent
To the lowly Psalmist however – what happened yes was meant

No worse time indeed – no matter how you ignore
Ups and downs like no other times – victories and defeats yes all the more
Each time G\_D doth save – even heroes in olam trust
Always ending just the same – always in a bust

Great Hasomean Dynasty – Pharisees against thee did they thee sing Simply because thou did presume – to even make thy selves be King Set the stage this did – for the very days that wicked generation would bring Yet Pharisees, Priests, Elders and all – just would not accept YESHUAH as King

Oh Josephus do so scribe – leaving out what you didn't desire Like the sages later to come – let's not speak of damning fire Let us bury the history – let us keep truth silent Lowly Psalmist she shall stand – she shall not relent

These records they be Scripture – yes the Maccabees sweet song
Truth it shall be shouted – though silent for so long
How they fought and died – how for nation, G\_D and Torah
How they set the stage so perfect – for the coming of Messiah YESHUAH

Heliodorus got to see – the RIDER ON THE HORSE Also left so helpless – flogged by witnesses of great force POWER OF ELOHIM – yes came the WARRIOR the SAVIOR Standing for the Temple's Glory – showing Isra'el G\_D's favor

How sages so deny Dani'el – remain silent of great prophecy Maccabean Song be WORD – coming of fourth kingdom be no mystery Set forth thy Babylonian Talmud – yes ignore the Maccabean proof No matter what thou tries to hide – Psalmist sings the truth

All things in their time – yes had to come the power of Rome Destiny how it revealed – t'was they to destroy thy home Only Kingdom we see – plowed Great Temple, left barren the land Let ears that hear yes do so – let discerning hearts yes understand

Rome thou still can't see – thy be the greatest treachery
Inheritors of Hellenism – still hate the Jews yes we do see
But Maccabean Song be sung – for Isra'el doth fight THE LORD
Next time when thou fights the KING – he shall come on steed with sword

# **Inspired Seeking**

Psalmist doth so ponder – yes the Psalmist muses What inspiration came – that David never refuses Good parable yes questions – answers he was seeking To ELOHIM yes RUACH – David was beseeching

Consider in his teaching – his Torah that he penned Answers to the past and future – yes, David did send How ELOHIM loved man – not all meant for the worm Yes dear sweet lyyov – the question made all squirm

Iyyov laid up parable – said none could see the FATHER
David did not stop there – yes he dared to bother
FATHER said to Son of David – stand here by MY throne
Surely David knew – FATHER by someone HE was known

Let us speak of darkness – let us speak of death
Let us speak of She'ol – after man's last breath
Compassed all about – cut off and no light
David knew that SOMEONE – was in the valley yes to fight

Jobe and all his friends – yes those knowing Pharisees

Spoke without real knowledge – spoke of ever deep mysteries

Took one side of the knowing – yes spoke of certain truth

Jobe challenged them to show him wrong – dared them to show the proof

And David spoke first person – spoke of wondrous mercy and grace David said he saw such – saw even ELOHIM's face David spoke of resurrection – of which Jobe could only hope For David and his knowing – for him no slippery slope

David knew of transgression – yes he knew of sin David knew that such was there – when it did begin But David spoke of holiness – David spoke of light David spoke of Salvation – even during the fight

Iyyov and his friends – how they bantered greatly
Each side hoping to prevail – perhaps in their doctrine there be safety
But in the end they knew – that theirs' be speculation
David seeked and found – bring wondrous exultation

Psalmist pleads with sages – consider such inspiration David taught us well – not using man's imagination Look inside some Psalms – peer closely at the content Answers to Jobe's riddles – yes answers Heaven sent

Sweet Psalmist long ago – sweet Psalmist of Isra'el Answers that you sought – yes so you could tell Jobe and all his friends – do you all huddle in Sukkah David tell them once again – about the GREAT YESHUAH

#### **Ashrei**

Proverb like saying – described in old Latinus
A saying they so called – labeled as "beatus"
Indeed be true the into - means happy and also blessed
First in Hebrew however – "ashrei" of course be the context

Psalmist peers still deeper – what of ashrei more Hebrew implication – walking straight and sure Surely grace is given – surely blessings they be gifted Beatitudes do declare – the treasures for those lifted

How it be so taught – great Messianic teaching

Be there any seekers – that be looking so more reaching

Were these sayings never – uttered in times before

Psalmist David knows the answer – from old he did implore

How often David uses – ashrei in the verses

Many times to offset – coming to the wicked be the curses

But remembrance of his best – yes moments of loving and good

David muses how the King should be – how all the Kingdom Citizens should

Psalmist doth look further – at what David did so say
Long before great REBBE – expounded on that day
David's hopes and desires – for humanity and the Kingdom
Hoping in the here and now – how the Kingdom it would come

Meek and Humble – not necessarily weak

Merciful and kind hands – blessing when times are bleak

Persecuted but seeking peace – walking in their space

Hearts so pure indeed – seeking ELOHIM's face

Awaiting satisfaction – desiring great inheritance Longing for the beauty – of G\_D's great covenants A promise Psalmist sees – of the true and righteous King Declaring and living so – the Kingdom would HE bring

That day upon the Mount – GREAT KING did reveal With HIS sayings for sure – Son of David was for real Speaking of HIMSELF – filling up the TORAH Saying look at what I choose – I am King, I AM YESHUAH Let us not pretend – Son of David would not profanely allude To David's prophecy and sight - Psalmist does conclude Haya and convergence – all meant to be great signs Just like the other day on a mount – when YESHUAH did so shine

Ashrei be THE KING – whose Torah was fulfilled
Darkened hearts however – preferred to have him killed
But HIS blessings be revealed – and blessed HE surely be
Beatitudes sung by David – speak of YESHUAH we should see

## **Counting**

It started long ago – when teacher said that we should count Lift up G\_D each day – our praise for HIM pronounce Don't count just haOmer – listen to a Beloved King Daveed HaSHEM has us count kol yamim – yes this advice we heed

Each and every day – the aliyah moves along G\_D does show HIS mercy – in chapter, verse and song Scripture it does bend – the very space and time we know Scripture is alive – showing us how to go

Have you ever really walked with Yeshua Yes HE is the living Torah Watch your life in the patterns told Amazingly each day - does life in HIM unfold

How does your aliyah begin – yes how does it start
Is it orchestrated by man – or does G\_D set you apart
Do you simply stay on schedule – each week and every year
Do you venture into HIS ways – or simply follow a man you hear

Do your teachers seek to count – all the days alive
Do the teachers seek in Scriptures – the patterns to live and thrive
The Torah first and foremost – it be about upholding precious life
G\_D doth surely want for us – shalom without the strife

Good teachers speak of Torah - and doing the commands
But do your teachers know what is happening - do they understand
That Torah is entwined - with the testimony of living
That Torah is also blessing and signs - that ABBA keeps on giving

Are you comfortable with schedules - or simply gathering on Shabbat Life is so much more - than ritual is it not?

Are shepherds readying for storms - all you sons and daughters

Or is it sadly business as usual - this shall result in slaughter

Now glory its for sure - for those who shall withstand
Those saints who shall perish - by onslaught of olam and wicked man
But witnesses be needed - a special aliyah it be next
For some believers who are called - please find who G D selects

Counting be so important - part of aliyah that is given

To those who be separated - for those chosen to go on living

All things be in G\_D's hands - this we know for sure

But survival call the Psalmist issues - for some to live and still endure

So count your days each one - your aliyah from birth Knowing soon that our Yeshua - is coming back to Earth Make record of the journey - so then you shall be able to testify When Beloveds sing HIM back - Barukh Habah b'SHEM ADONAI

Psalmist calls just not to Beloveds - yes the ones who are sealed Psalmist calls to other elect - to whom truth is revealed Find each other this be the charge - for now the time is short How the Psalmist doth so pray - that some believe the Psalmist's report

## **Days of Noah**

As in the days of Noah - all will be asleep
Doing things as normal - going about as sheep
As in the days of Yeshua - Western Empire rules
Treating the world as nothing - treating them as fools

Babylon be so corrupt and it surrounds both you and me Please listen to this psalmist - please do hear my plea For the days have come upon us when all things do align The days of Noah and Yeshua - they will be our sign

Come this Yom Te'ruah oh how stars line up Please do pay attention - iniquity has full cup Treachery and idols - how they do abound Please listen to this psalmist - please just look around

Frightened for you is the psalmist - yes I care so much Thinking of the pending storm - who can handle such Your Yochana calls wide and far - please do lend your ear For so many that do sleep - this psalmist has much fear

Sages and wise men have told you what you'll see
Crazy signs and wonders - in a short time they will be
But what if these things - have been happening all along
Two thousand years of time - maybe some signs have come and gone

Our G-d be so mysterious - who can know his ways So wise we think we are - looking for these days But delusion does set in and this psalmist thinks we slumber What if we are wrong - what if the days be of short number

In Noah's time we see where such genetic treachery
Created havoc in the animals - bringing down G-d's fury
And here we are today - a time when science plays
Changing the natural things - into odd and very strange ways
And just like the days of Yeshua - when orthodox Jews did condemn
The Messianic believers - away these folks they send
We see it now today - all the world around
Against the Messianics - do orthodox heretics abound

As Yeshuah said - they persecute thinking G-d's will be done As they fight against true believers - they persecute the Son Not knowing they be wrong - oh how they do fight Against our Lord Yeshuah - against the Lord of light

This psalmist thinks that we be close - each and every day This psalmist asks for mercy - wake them LORD I pray Soon the Beloveds will arise - learning their new song 144,000 gathering together - each shall play along

Oh what if we be off - what if the time is short Please don't contemn the song or the psalmist's report As in the days of Noah and Yeshua our royal King Psalmist thinks we are here - and Beloveds will surely sing

Awaken all you sleepers - time is running out
We be in those days - at least this psalmist will shout
Praying night and day - for mercy and wonderful grace
Please turn to G-d right now - please do seek His face

For what if we be wrong and soon we face the storm Will you see new signs - or for you will things just be the norm What if the days of Noah and days of Yeshua be here Will you be awake? Oh how does the psalmist fear!

Please listen to Yochana - her heart oh how she pours Psalmist prays so much - praying all the more Time is oh so short - shorter every day As in the days of Noah - it just could be this way

This Psalmist does not lie – this psalmist does not pretend This Psalmist has a song - this message I will send The days are quickly ending - soon that day will come Will you be awake - the elect - they who be just some

### **Creation Groans**

When I ponder the expanse of the ocean So wide and deep, I have barely a notion Just how perfect HE formed all this to be Everything amazing, another world in the sea

I know so little, I can barely fathom
His work of creation, how it all happened
I only know what I read and heard
His story of creation as set forth in His Word

G\_D gave us the story, His own account
Of what we need to know, not to discount
For many it seems too hard to believe
But those who are His will choose to receive

Adam was created to tend the creation
He lived in Eden amongst beautiful vegetation
He had a helpmate, she his Ezer
Together they worked, took good care

We too should take care of this earth, so nice Even though now it be filled with strife Mankind has not cared for the earth as they should Disorder and chaos has invaded the good

Now the earth seethes with evil corruption Consequences of man's ignorant assumptions That the earth will simply take care of itself No personal regard, leave it to someone else

Those which were created on Day five Are suffering disease, barely remain alive They suffer and succumb to mankind's folly Of pollutants and filth and all that is unholy

Oceans polluted with radiation
Causing even greater degradation
Scores of creatures lying dead on the sand
Surely this was never G\_D's plan

The creation that rejoiced, praised and yearns Now groans in awaiting YESHUAH's return It awaits for G\_D's kingdom to come to the earth For YESHUAH Himself to give life new birth

The trees of the fields will clap their hands
When YESHUAH and His people return to the land
But not until the cleansing comes first
YESHUAH in judgment scorching the earth

Cleansing by fire, this time around The first by a flood of world renown Even man has corrupted his seed Mixing in profane, such evil deeds

Hasatan has his hand in this evil scheme He and his workers making men unclean How far will man go to be just like G\_D? No satisfaction with what He made good

There be no stopping the evil, now it has started Just like the days of Noah when righteousness departed This is not new, we know before it has happened When Nimrod and others built a stairway to heaven

G\_D stopped them right in their tracks
Confusing their language, only babble for talk
Mixing the seeds, the world calls that progress
G\_D forbids it, it goes against holiness

So much profanity for medical reasons Changing DNA and creating diseases Now the pressure to get immunized Then for the old, time to euthanize

Wanting to be like G\_D, man keeps trying With science to live longer and stop dying Just like in the beginning in the garden The great lie to man from satan

Evil is spinning out of control Not much different than the days of old For what once has happened is yet to be Cycles of history, again we will see

So listen to the prophets of biblical renown They tell the truth this second time around Events which happened before will happen again No doubting this, it's just a matter of when

So be prepared, turn to G\_D and live Embrace YESHUAH, His salvation He gives Get ready for the coming judgment and cleansing Creation is groaning begging its mending

The earth is waiting for YESHUAH's return Until that time it moans and churns All creation looks forward to that day When YESHUAH burns all corruption away

### What's Going On

What's going on in this world right now Should we be mindful - should we show extra care Oh what to do - oh what is our how Should we be considering - extra prayer?

Seems like the same old - same old Seems as if things could be worse by far Oh believing children - do come in from the cold Like the wise men of old - do follow the star

Signs and wonders - oh so often ignored
As in the days gone by - who would believe the report
But alignment celestial - soon be coming our way
Oh so very close to 5777 Yom T'ruah day

Perhaps the counting of years it be wrong Perhaps we know less than we thought But the Heavens in their courses do sing their song Coming to mankind - is what we have wrought

How many are watching our G\_D's seasons Not just playing Torah - but paying attention Contemplating HIS mystery and all of HIS reasons All of the things HIS HOLY WORD does mention 2

What's going on - right before the eye Spiritual discernment is in need For comes the season of G\_D MOST HIGH There is no stopping this - no way indeed

Stars peer down upon Earth fast asleep
Staying the courses always as told
Oh the testimony of Heaven shall keep
Time for us to be a witness - time for us to behold

Soon both Heaven and Earth shall bring the testimony Of how all defiled - becoming corrupt Separating the sheep from all the baloney G\_D did gift grace - HIS plan coming so abrupt Here it comes - message straight from creation

There in the sky - yes this September So very rare - coming upon this generation Oh let us recall - let us remember

Oh how the stars and Heavens did sing
On that night - Yeshua came to man
Oh what love and grace did He bring
Please open the heart - please understand

Such celestial events are not a coincidence How much more do we ask "what means this" It is time to get off and over the fence This be G\_D's work - this be His

Signs and wonders - oh so often ignored
As in the days gone by - who would believe the report
But alignment celestial - soon be coming our way
Oh so very close to 5777 Yom T'ruah day

Psalmist your Yochana - praying on her knees Pouring out the message of my soul Won't you stop for a moment and listen please Look to the sky - our Mashiach to extol

Great Babylon has come to G\_D's attention Now is His time - now is His judgment Don't think there be a rapture or ascension For those not even seeing the sign from Heaven sent

Signs and wonders - oh so often ignored
As in the days gone by - who would believe the report
But alignment celestial - soon be coming our way
Oh so very close to 5777 Yom T'ruah day

## 40 Days of Night

40 Days of repenting - beginning with an event Sun's light darkened - a sign from Heaven sent Issued to the seat - of global empire power The fragrance oh Egypt - it be worse than sour

Coincidence you say - this happens 40 days before Yom HaKippurim - let us look intently all the more Sound the shofars loud - each and every one Lets consider t'shuvah - repent before YESHUAH the SON

The days of awe be coming - let us kneel and pray Let us sing in hope - we won't get blown away Brief window has been opened - MERCY is HIS NAME Let us put on sackcloth - may we not be put to shame

Psalmist's heart be dreading - distraught is what I feel All the signs being given - don't you know that this is real 40 Days to repent - before the books are closed 40 days to get ready - let's not be naked - let's be clothed

Sun won't give its light - moon doth not appear
If ever a time to consider - now be the time to hear
Revelation signs appear - come Yom T'ruah days
Think what is going on - consider the Maker's ways

Yes the cry has been raised - warnings in the past Soon the signs be ending - soon we reach the last Hour or day we know not - but seasons we should know Tis the season to cry out come YESHUAH - BO

Tell the unbelievers - oh please do sound alarm
Tell the wavering family - we want to see no harm
But choices must be made - the message must be sent
Time to scoff at signs - or time to really repent

The day the darkness came - let Israel be clothed in light Judgment against the Mitzrayim - what a horrid sight The wise men say its normal - happens every now and again Psalmist says to raise the warning - time to warn a friend

Oh heavy heart be still - cease thy crying and thy pain Mercy comes to the elect - like wonderful summer rain Now it be the time - to sing a mercy call LORD of light please save us - Israel one and all

Psalmist again doth issue - Psalmist cries aloud Get down on thy knees - repent and don't be proud Coming from beyond the veil - judgment all around Please listen to G\_D's signs - listen to their sound

Wilderness days be here - let us find our way
Let us look on darkness - let us never say
That G\_D HE did not warn - that G\_D HE did not foretell
That G\_D HE did not ring - judgment's warning bell

Psalmist prays and begs - please open up heart and ear Psalmist's heart be heavy - for the unbeliever I fear Normal things might seem - normal again shall never be 40 days of darkness - please do repent with me

Great MAKER hear this prayer - please don't turn away Let Psalmist's plea rise up - above the darkness on this day Let Beloved's call be heard - resounding from the lip Comes the biting darkness - upon non-repenting Egypt

### The 4th Kingdom

So Daniel's sight was correct – four kingdoms did emerge After Nebuchadnezzar came the growing surge Medes and the Persians – followed by the King of Greece His kingdom split in four – but never came the peace

But when the four horns faltered – out of one there did arise Northwest of the beauteous land – came the fourth – a big surprise So enamored with Alexander – with Hellenism they be right at home Emerged kingdom number four – comes the power of Rome

Consolidation and assimilation – what a wonderful plan Even upon defeat – to the East the empire would stand Regaining its composure – power shift back to the West Fourth kingdom steadily grew – yes it stood the test

Oh king of Greece thy metal – iron be so hard Sweep away gold and silver – knife cutting through the lard Thy strength be in thy order – freedom to be sought Independence within the empire – oh what have you wrought

Fourth kingdom stands on legs – in the west and in the east Personal freedom and materials – being the weapons of the beast Iron mixed with clay – empire of independence by the people Self-determination rules – even under the steeple

Fourth kingdom it be ruled - not by holy appointed power Authority given by the people - to the favorite son of the hour It's emblem oh so noble - yes it be so regal Western mindset conquers all - it's emblem be great eagle

Fourth kingdom it did spawn and grow throughout the ages Please listen to the Psalmist - look at history's pages Always under refinement - always fueled in fire Always representing - the people and their desire

And riding on it's back - ever present for victory won
Corrupting and delighting - is mystery Babylon
Defiling all the holy - empire's religion be a personal feast
Religion be the whoredom - riding upon the beast

So rises one of fierceness - oh the great deal maker
One of sinister schemes - a mover and a shaker
Alas the deceit and cunning - prosper yes it will
Some will rise so high - but the many shall lose their fill

Thy arrogance be mighty - king of empire's perdition
Steam rolling over everyone - yes this be thy mission
Make the empire great - take it to it's height
Sacrifice oh people - for personal idolatry doth thou fight

On principle fourth kingdom stands
Personal liberty and freedom - can you see this man
Oh thou people thou clay thou dust
Be crushed by YESHUA - the rock thy must

Prophets they have spoken - Yochana sounds the bell See prophecy unfold - in this thou shall do well Soon the beast shall turn - tired of the whore Babylon be just a tool - one soon the beast shall gore

Oh feet of clay such fools - soon shall come the stumble Idolatry soon be gone - thy self-determination shall crumble Final rule shall enter - oh come YESHUA come Oh how saints do wait - bring the final Kingdom

The Psalmist she does warn - praying all along Come out of her my people - run from idolatrous song Fourth kingdom be at peak - oh please don't be the least Run from Babylon you saints - be ready for the beast

### What's In a NAME

What's in a name – after all it be just a name The answer be either glory or shame Essence be defined by what is thy call Is it a name to rise – or is it a name to fall?

First there was A'dam and Chavah as well
The first two – this is what HIS WORD doth tell
And A'dam let in sin – clarified by Paul
Why doth the sin of the father – cascade to us all

The truth in Torah says sin doth not promulgate From father to son as a matter of fate Our YESHUAH said neither father nor mother did sin But the son was blind from when he did begin

Why then doth all that break the womb

Be fated for death – sin sealing our doom

Psalmist thinks that death be in each and every name

Except that of The SON – where there is life and fame

Oh LORD how can our own name be death and least With our own name being the mystery of the beast Only by choice can some take The Son's NAME inside Where life of IT'S own doth reside

Yes LORD – wisdom doth solve the great mystery A'dam and Chavah were not alone – with them was me Three sixes were there – all humanity by name Each and every soul – imprinted with death and shame

Why then LORD doth some names be living – sin atoned Is this why YESHUAH has new names written on white stone All who stand before thee on their name before THY face Stand before THEE – with no saving grace

Oh yes we stand in judgment – all before the throne Where YESHUAH be inside – mercy is shown But for those who stand on their name – the least Stand before THEE with the mark of the beast

Oh yes we were there – each and every one Watching and agreeing to what A'dam and Chavah had done Just as all stood at Mount Sinai – with a choice To yield or rebel to HIS covenantal voice

Only fear of the LORD let the wise speak well Resonating in spirit – we will do as YOU tell Understanding the truth that our G\_D is THE LORD Renouncing their names with a submissive chord

Have you ever remembered these events – or do you miss it Has memory from HaRUACH – quickened thy spirit Psalmist knows for she has been given this sight G D's wisdom and discernment – resonates so right

So as believers look for beast's mark not to take
Remember that it was always there – ready for you to shake
Imprinted before time – implanted with name overlaid
This name can be revoked – redeemed children YESHUAH made

So what then can't you get without your beast name Oh Laodicea – naked and full of shame Thou canst receive the tithe from YESHUAH – HIS gold Reserved for the priests – from the days of old

Who did tell you that implant, chip or card
Was what to fear – how doth confusion bombard
Having us all look for that name and the beast
When the choice of names results in chaos or peace

This Psalmist speaks truth – yes Yochana was there My own name – oh LORD THOU made me scared Then I was there – standing close to Mount Sinai Trembling in awe – yes with others I did cry

By YESHUAH'S blood we overcame the beast Renouncing our own name – for the PRINCE OF PEACE Our choice it be the same – submit to the eternal covenant Be the choice made – by Israel – HIS remnant As we revoke our names the olam each and every day Longs to find out – their heritage and DNA Seeking and longing to glory in what came before Running backwards – deluded all the more

Oh foolish children – so rich, comfortable and feeling no shame It's not about us – even less about our name Building the tower – let us make names for ourselves in Babylon Do we consider such things – do we ever reckon?

So go ahead – watch and look for the beast Oh please consider thy own name – it be least Your Yochana shall reveal, warn and pray Awaiting a new name – at judgment day

Where is wisdom – is all just a mystery
The son of perdition has his own name – wait and see
Things will not be so literal – the purported wise will be numb
Like a thief in the night – will YESHUAH'S Kingdom come

### Witnesses

Two thousand years before - spirit of Elijah did certainly thrill The very soul of the Immerser - prophecy doth fulfill And so pattern fulfillment - sent from man to man Elijah here but not in body - do we understand?

And oh how pattern plays out - yes we saw before Annointing and spirit of Elijah - upon Elisha a portion more This pattern doth prevail - Moshe upon Joshua did lay hand Spirit to Spirit transfer - do we understand?

How YESHUAH revealed - of the wilderness voice It was Elijah who bare witness - to receive it be by choice Spirit to Spirit transfer - resonance to be received Do we understand - the report who doth believe?

So now we look for witnesses - we seek them to come by two Elijah surely be one - others look for Moshe or Enoch too Who says they come in body - why not Spirit resonance Do we think we know the answer - tell me what is the chance?

And while we ask what means this - Psalmist wants to know Is single person to person transfer - the only way it goes YESHUAH doth give Spirit - special to Talmidim to help Breathed upon and transferred - power to the twelve

But pattern did play out - again we look to the past
Spirit shared from Moshe - upon the seventy it was passed
And then we see YESHUAH - he doth send seventy out to testify
Two by two they went - to water what was dry

When the seventy had returned - demons subject to HIS name Spirit to Spirit transfer - testifies to our LORD G\_D's fame Not just one but seventy - Spirit shared from one Seems to be a pattern - utilized by the SON

So we look for just two witnesses - olive trees and lampstands Trees and Lampstands share of root - do we understand So we think there can't be many - why not multiples of two So we think we box G\_D in - not the Psalmist and she hopes not you Awaiting temple foundations - awaiting authority grant
Witnesses get ready - doth thy hearts not pant
Seventy for the nations - perhaps the same or less for Israel
Who doth know G D's mind - who can surely tell?

But first shall come oblation - as in Ezra's day Return of the Holy Service - before the build is underway Seventh month year one - Yom Te'ruah marks King Cyrus Might there be oblation - maybe Pesach fuss

But soon the build will happen - beginning it doth come Time for witnesses to appear - announcing YESHUAH's Kingdom Testimony in all the nations - and in Israel too Testimony by many - the spirit of witnesses two

Psalmist hopes ye hear - Psalmist keeps eyes wide Watching out for patterns - so there be no surprise Oblation it be coming - Tzion's jubilee when they won And with this going on - strong is the synagogue in Babylon

### A Time Such As This

Oh so mysterious – yes LORD THY patterns
Shaking the pundits – putting their theories in tatters
So many believe the emergence of King Cyrus
But what about the rest of the pattern and all the other fuss

First did come the safety – Y'hudah she was spared
Came the strong Assyrians – Y'hudah she was scared
King of Bavel so nice – being glad for Y'hudah's survival
Yet later we saw the pattern – King of Bavel's destructive arrival

First pattern it did show – Nebuchadnezzar came to destroy Then came servant Cyrus – let them rebuild with so great joy And now we see where Cyrus – looks to Jerusalem once again What about Nebuchadnezzar though – patterns flipped on end

So lifted from the North – prepares the princes of sour mire Readying for the battle is the maggot – King of Tyre Still more all around – old hatred of Israel's ancient enemies Convergence takes its shape – comes ALL the prophecies

Wilderness voice did cry out – harbinger of good news HE does come Not for most however – planted were the remnant only some Voice does cry again – harbinger again will HE arrive Good News rides on the clouds – who will listen and survive?

Harbinger was ben Yosef – blessed servant to the last Harbinger this time be – ben Daveed coming fast First HE came as "judgment" – not being one to judge This time HE comes as ruler KING – HIS foot none can budge

Oh Jacob why the curse – Israel though be lifted
Pursue the new man name – mercy to him be gifted
Some call themselves by Jacob – others belong to the LORD
Others cleave to Israel – all hearing beautiful chord

Tis time when men are weak – he-goats, leaders they don't hear Thinking they be in G\_D's favor – yet still they have no fear Who doth cry for harbinger – good news to beauteous land Where be the wilderness voice – who doth make a stand

Speak to them in parables – prophecies do converge
Patterns will play out – now will come the surge
Look to all the prophets – they speak with YESHUA's inspiration
Together prophets converge – in the Book of Revelation

## **Princes of Tyre**

Ye prince of Tyre - a G\_D thou be not Oh simmering iniquity - thou doth ready in the pot Think not thou be hidden without identity Think not that thou be a mystery

Oh Prince of stone - thou are not the rock With authority thou did raise up large flock But thou be not like Dani'el - nay not as wise Just waiting for thy carcass are the buzzing flies

Yes oh Prince - made so special and bright So many blessings gifted - from the LORD of might Thou were told to master and to reign But self-idolatry didst drive thee insane

Just like your father - the master of lies He also shall know the maggot and the flies Thou hearts of flesh - hardened just like stone Total rebellion - all chance of redemption blown

Indeed there be so many bleating in thy flock While so few do seek YESHUA - the living rock Thou hast beguiled them all oh King of Tsor Now comes the prince - to defile all the more

The sanctuaries be defiled - yes it be a picture so clear Iniquity and trade be so ever near and dear For the princes of creation hath lifted their own cup Lifted up their own hearts - up, up and up

But ye prince of Tyre - shall in a flash
Be consumed - brought down to ash
The idolatry of mankind - yes each to their own
Shall be revealed - all will be shown

Oh prince of Tyre - spawn of bad seed
Thou never thought to repent - to plead
Thou did listen to thy king who did seem so bright
But now thou and thy king - shall be engaged in the fight

Now brutish prince - yes all ye brutish of man Let us see thou strength - let us see thee stand Yeah but a short time thou has - so quickly have thy way For soon comes the ROCK - soon comes that day

This Psalmist she doth message - zealous against the idols
Thou people can have your gods - at the cost of thy very souls
Oh princes of Tyre - thou be so great in number
Be forewarned however - ADONAI HE doth not slumber

Who be THE prince of Tyre - oh just look around Candidates be everywhere - yes they do abound Working oh so hard - building up their own great name All of them still seeking - their own glory and their fame

Let us build up statues - lasting monuments Let us worship heroes - forgetting G\_D's great covenant Let the people have their way - oh do walk contrary Let the people defile - even the supposed sanctuaries

They who say this place - not be big enough for two
They who say they be in charge - yes they be "over you"
These surely be the same ones - who lie and say they serve
Oh prince of Tyre - what audacity oh what nerve

Thy service was not faithful - upon a throne thou wants to sit Thou hast received thy Earthly reward - awaits thee is the pit On the day thou eats the fruit - partaking of that tree Is the day thou surely died - just thou wait and see

The Psalmist she doth cry - please do look and see Abandon self-idolatry - to YESHUA bend thy knee For the King of Kings be coming - returning to the land Coming to take HIS vengeance - coming to destroy thy plan

All thy traffik self-anointed prince and king - shall feel the power of G\_D's sting There be nothing thou can do - against HIM nothing can thou bring Thy brightness be a plague - in the heart of all Ty-re Thou doth not fool this Psalmist - thou be no mystery!

Loyal subjects do make note - Israel not be alone in travail G-D's judgment it will extend - it shall surely scale One kingdom it be dark - the LORD's it be of light Now be the time to choose - on which side will thee fight?

### **Psalmist's Lamentation**

Amdist the tribulation – amidst all our imagination
Is heard the groan and shudder – of the souls' lamentation
Awaiting more correction – knowing it be just and true
Knowing how unfaithful – the world it be to YOU

Gone is song and timbrel – gone is smile and grace Gone is favor to the elders – who doth honor their face? Gone is holy halakha – gone is holy separation Gone is order in the world – where is holy exhortation

As mankind doth suffer – all be idolatrous nations
Who doth mourn and hurt – who doth take up lamentations
Who doth cry to G\_D – who doth confirm how just
Is the judgment of our LORD – Psalmist cries out yes she must

But far beyond the woe to men – beyond our sorry state Is lamentation for the latter – a most horrendous fate So few there be who find – grace and narrow path laid out Amidst the coming onslaught – for mercy who doth shout?

LORD what have we done – forced THY holy hand To rent from THEE THY SOUL – to come and make a stand To lay upon THYSELF – all that we have done We cry great lamentation – pain and suffering for THE SON

Yes some do lament – please mark their souls you scribe Holy ones lament – it can hurt to be alive For no matter how we pain – no matter what's been lost THOU GREAT ELOHIM – t'was YESHUAH – the greatest cost

Lamentation it be real – saints their souls do shudder
Lamentation hurts so bad – within saints the RUACH flutters
For the hurt that has been done – yes the hurt to THEE our LORD
Sounds melancholy song in us – a deep and troubling chord

Pesach LAMB be given – redemption has a NAME
YESHUAH be SO GREAT – but the cost – oh mankind what a shame
Through it all mankind persists – doing what they do
Psalmist sings a lamentation – yes G\_D just for YOU

For G\_D must pound creation – with judgment oh so perfect Righteousness after all – HE cannot neglect We've hurt THEE oh so much – presuming all will be forgiven Psalmist cries so very deep – for so few are the living

Please saints do lament – let fear of G\_D take hold Would not G\_D prefer that everyone – come into HIS fold Oh great G\_D in Heaven – Psalmist for THEE cries and doth lament For pain and judgment comes – THOU LORD won't relent

All creation groans – such pain is mans' imagination
But terrible is their folly – to THEE pure indignation
Making perfect love – into perfect rage
Comes judgment to this generation – lamentation for this age

Forgiveness be so great – but not sin's consequence
Patterns circle round – there always be comeuppance
Psalmist she doth cry – lamentation for our KING
For balance scales in righteousness – surely HE must bring

Stop with all the glee – pray and fast a while

Doth not your Aliyah – sometimes cry without the smile

Haya be forever – sometimes haya be so sad

There be order in G\_D's seasons – not all of them be glad

## **Hosea's Song**

Another Prophet – yes another song
This time Hosea – for Ephraim not strong
Though it be another mystery – yes another parable
Prophet's song be true – it surely be no fable

Ephraim first was rebellion - then came Judah's scorn
Oh so many warnings — reasons to be forlorn
Yet there be no ears to hear — not now just like back then
Punishment before redemption — we be coming to the end

Great G\_D doth not contradict – yes thee HE surely cursed Then again for Ephraim – we see our G\_D He doth reverse Both be true indeed – both be true for scattered sheep Some go to the ash heap – redeemed ones G\_D shall keep

Oh what secular whoredom – Ephraim doth play
In the Golus thou doth like – in the Golus thou doth play
Using all thy talents – gifts beyond imagination
Ephraim he doth fulfill –goring all the nations
Lead them far away –of the Earth yes to the ends
For thy glory and thy wealth – away the nations he sends

Then there be the blasphemy – yes cursed by the winnowing fan Be religious whoredom of idolatry – yes the curse of Dan As in the days of Bethel – sacrifices oh so poor Aliyah be good in its place – abomination all the more

So Ephraim hath found its home – Babylon be new place Thy pride and purported holiness – found upon thy face Staying where thy children – be born in foreign land No rescue for thee Ephraim – no help from ADONAI's hand

But days of counting have begun – starting with Yom Teruah Don't think that Moshe he will save – don't say that thou hath Torah Oh yes a whore can be redeemed – but in the GOEL's time Times and one half time again – counting be thy sign If the woman will return – a new price G\_D did pay
Flee into the wilderness – get ready for that day
For King Contentious he shall turn – thou shall lose thy friend
There is only one YESHUAH – for redemption in the end

G\_D HE is great mercy – faithlessness forgiveness thou shall plea Understanding signs – new faith will have thee flee But from the curse of Dan – nay there be no hope indeed From G\_D thou shall hear silence – in thy day of need

Bad enough for thee Ephraim – but thy woes they do cascade
Defiling oh so far – in thy sin doth Judah wade
But first comes pain to Ephraim – before Judah doth feel stroke
Three cycles they shall pass – then both of them shall choke

There be no safety anywhere – stay in Golus brings no pity How dare thee Ephraim – high hand against G\_D's holy city Hosea's song doth play – halfway point he shows Count not just the omer – revelation winds they blow

The Psalmist she doth pray – oh please LORD let some hear Let return the sanity – Yirat HaSHEM – yes fear Prophet's words be perfect – these do not neglect There be no Golus holiness now – G\_D's light doth not reflect

## **Song of Amos**

No fancy prophet schools - not with the in crowd Simple shepherd and farmer - not boastful or proud Called loose from the stockade - comes a message of fire Judgment be coming - Amos was no liar

Righteousness doth elude - wormwood is thy way
Thou cannot escape - soon coming is that day
And now thou be so far away - beyond Damascus thou doth reach
Deaf to thine own Torah - look close the Psalmist doth beseech

The fishhooks they were used - remember all the pain We cry at Yom haSHOAH - oh the evil did so rain But troubles they do come - brought forth by ADONAI Again thou be so blind - and still thou don't know why

Better listen close - leaders don't serve well
They all be left so naked - doth the prophet tell
Oh Ephraim first judgement - comes upon thee where you are
Thou doth not seek the HOLY ONE - HE of the seven stars

The shepherds in the field - yes they did delight
The chorus of the Heavens heard - long ago that night
Next time shepherds wail - yes how will they mourn
Knowing what was done - remembering treachery and scorn

There be to many times - the LORD takes issue now Haughty kines not be good - it be no holy cow Thy mo'adim be unwelcome - olah doth not rise Take heed and be forewarned - let there be no surprise

But remnant shall be spared - for sake of G\_D's great name And thou enemies oh Jacob - shall be put to shame Rebellion along the coast - and across the river Jordan Punishment doth come so harsh - the LORD doth give command

Thy palaces and power - be broken all ye princes
Pay the price thou must - for great sin and vexing instances
Thou hath plagued and cheered along - against Jacob thou conspires
LORD of HOSTS be furious - of thee G\_D doth surely tire

Summer basket be the sign - harvest of great fruit
Pass over not again - thou must have the shoot
Sun blackened in that day and place - were any children counting or awake
Thy ELOHIM oh Dan - to She-ol doth thou take

Now the times be stirring - soon the Earth doth shake Two years comes the trembling - yes here comes the quake Day be determined by the judgment - in the olam or Israel Be Nisan or Iyyar - look to cry in April

Remember yes thou will - for the LORD doth say these things By the tongue and pen of Amos - contention G\_D doth bring Yet Psalmist will be brushed off - yes this be thy way Crushed be Ya'el's house - history repeats itself that day

## Song of Micah

Hearken all ye Earth the LORD doth testify
Thou man hath tested - thou man hath HIM tried
A Faithful Witness G\_D be - yes even until the end
Now there be short time - soon HE shall descend

Stoking so much anger - be the ongoing idolatry
Repeat the sin of Lachish - this time thou can't flee
Spreads back to the kingdom - defiling entire nation
Doing thy own thing Israel - doing thy own imagination

"In that day" - yes there be more than one
"In that day" - both times be about the Son
Rent this kingdom from thee - a new family shall be raised
Bless the breaker who did come - it is HE who shall be praised

Follow the King out through the gate - leave the evil behind Follow the breaker all the time - justice thou shall find Render a doleful parable - sing unto ears so closed Jacob's trouble be here - forget their haughty and high nose

Folly upon folly - pundits talk of security
Thou hath no seer's vision - truth be a mystery
But raised up be the Psalmist - here to sound alarm
Doing so with loving song - doing so with charm

Sweet love song to thee be sung - receive it yes thou will But heed the words of the prophets - nay thy hearts be still And so Jerusalem builds - yes it roils in the blood Comes thy trouble Jacob - now doth come the flood

But ADONAI doth remember - yes the holy covenant ADONAI doth preserve - for HIM always a remnant "In that day" the latter - new family shall be free Sound the great Yovel - resting under the fig tree

Daughter of Tzion rejoice - yes thou did withstand Oh Daughter of Jerusalem - doth thou understand? Redemption be so near - right now here in Bavel YESHUAH has won the victory - He hath the keys of hell The sign it be so simple - against Israel do they stand
United Nations fights them - hate, rebuke and reprimand
Thy window be so short - for our LORD's reign doth soon begin
Many come from the nations - not following the national sin

Who be this one from Bethlehem - this one who is to come Judgment upon all the Earth - to all and not just some For smite him upon the cheek - flee now all is lost Hard price to be paid - "in that day" such cost

Oh such majesty of NAME - he and YAHWEH they be ONE In that day the next time - in power comes the SON Executing vengeance - making the nations cease Comes Israel's redeemer - yes to the land be peace

But first comes controversy - first G\_D makes HIS case Pleading with thee Jacob - pleading to thy face What thou doeth G\_D disdains - sorely so displeased Only true teshuvah - only by YESHUAH can ELOHIM be appeased

That generation oh so wicked - "in that day" the latter Oh so much dishonor - they look for riches and flatter A generation bereft - to each themselves a lord Wanting everything - all they can't afford

But remnant Israel shall live - recipients of THY grace Inheriting the beauteous land - with the presence of THY face Darkness fell because of sin - but light our LORD made shine Oh enemy you whore - Bavel's destruction is the sign

Micah he doth sing - of two times "in that day"
Weaving multiple parables - it be the Torah way
Again come warnings for the Golus - Jacob thou not be safe
Run you listening children - go back home and find a place
Psalmist sings from long ago - Prophet's song doth sound
Time to escape oh Jacob - before thou be again yet bound

## **Song of Nehemiah**

Patterns and themes in these days return all the more Think not be useless the song of Nehemiah the Governor Upon his heart did melancholy for his people ring THE LORD did have a plan – city build up HE would bring

A businessman, a director – yes one stuck in the Golus Who now doth hear his song – hear his chorus One with influence – one with means and the skill One close to the power – who remembers Jerusalem still

Time has come – oblations started and priests be ready Jerusalem's security – it still be sore unsteady Where doth rise Nehemiah – envoy from the exile The people they be waiting – hurting all the while

Away Geshem – no opponent's rain shall cease
To stop the Governor's work – nay not in the least
All mocking and vexing and violence thou hath planned
Shall put away the work – the rebuilding work shall stand

So to shall the rulers' tight grip on people be made less Oh Jerusalem – comes the time for you to be blessed Let the walls be built and the gates again to shine Oh yes comes Nehemiah – it be another sign of the time

Oh yes Samaritans – ye anti-Judah contingent All thy howling – worthless energy be spent For G\_D doth bless Tzion – even in short season Look deep into the Torah – thou shall find the reason

Amidst the great rebuild – doth thousands take their chance Coming home they do – leaving exile circumstance Judah loves their genealogy – so do come with thy evidence Assuredly some will not – and away they will be sent

Oh LORD please do bless new Nehemiah – hold this on his account For in short time doth come – excitement round the mount Foundations, walls and gates – looks like things be oh so grand Things just be stacking up – for Jerusalem to make a stand

And for Nehemiah - to exile he doth return

Only to come back again – seeing how covenant did Judah spurn

Defiling the very Sabbath – going again to thine own way

Renting soul and clothes – be Nehemiah on that day

Oh ye leaders, priests and he-goats - again thou will fall down Falling prey to Hellenism – Babylon's shiny crown Coming of Torah with joy – not be here until YESHUAH'S return Celebration of great Yovel – from the Torah thou just won't learn

But in the latter "in that day" – yes you'll finally see After freedom comes – you will celebrate the Feast Only then to learn – then thou shall HIM truly mourn Then thy MASHIACH shall be known – thou be so forlorn

Then as in the days of Shlomo and his father Daveed
Order shall return – yes this the KING HE hath decreed
Holy Kingdom be restored – Governor not needed we be sure
YESHUAH KING doth rule – all the land forever more!

#### Oh Nineveh

Oh Nineveh – one prophet did warning bring
Jonah against his will – repentance song did sing
A generation a chance to listen – 40 times they had to repent
Would the G\_D of Heaven – HIS judgment on them relent

40 times before – comes the LORD's "days of awe" Listen yes they did – mourning they heard the call Their wilderness experience – season of testing and trial Chance to recant their way – it being oh so vile

Oh Nineveh came mercy - just so thou could do
What ADONAI – did have planned for you
To come against our Jacob – to bring the suffering and pain
Great terror of Nimrod's violence – upon Jacob did thou rain

And then did Bavel come – requiting thee with shame Yes oh conquering Nineveh – Nahum said would come the flame Doing ADONAI's will – yes none can ever refuse Justice comes to those – ADONAI doth accuse

Though Nineveh be destroyed – time and time again

Spirit of the Nimrod – continues to the end

Foothold through the ages – Mosul again to power

Violence and hatred her harlotries – from her did spawn and flower

Yeah a brotherhood of rebels – by blood bring the caliphate Darkness across the land – many nations they do taint Who be this Nimrod arm – who doth refuse to ever yield Who will again attack Jacob – testing Israel's shield

Who be the empire's agent – perhaps thy strength of old New generation doth arise – boastful and so bold For a generation did repent – yes for Mitzrayim came peace For forty years between the two – hostilities they did cease

But now doth rise the brotherhood – trial times be done Ways of repenting generation – the new ones they do shun Nineveh shall strike again – oh Jacob thy sacred Mo'ed Comes again the pain – comes the horrible bloodshed But prophet doth foretell – festivals will continue For with beloved Jacob – ADONAI be with you And Nineveh be found – Bavel again brings flame Yes you queen of violence – to you will come great shame

Psalmist sings a parable – of Nineveh story be told ADONAI's great plan – continues to unfold Nimrod be exposed – power of first empire Days Of Awe be coming – to Nineveh comes the fire

Psalmist cries for Jacob – for all hatred thou can't be ready Staggered though you be – look to YESHUAH and be steady Worst of times becoming – beginning oh so soon 40 years of peace be over – out of Egypt doth Nineveh croon

So get ready oh great Babylon – again doth come the call Time to do the bidding – of ADOANI LORD of all Time to play avenger – time to smote Nineveh so violent Time to hammer the generation – the one who won't repent

### **Embrace the Hidden**

Two Prophets they do sing – together telling a story Not just of long ago – not ancient history One is "embrace" – the other is "hidden" Telling of latter days men – how they be smitten

One doth embrace – oh how the one doth mourn

The other reveals the hidden heart - G\_D's ways they really scorn

Comes to the city a warning – yes a cry a hark

But only those who mourn – shall receive the survival mark

As in the days of Jericho – Shofars of T'ruah did sound
Out of season shouts perhaps – Pesach days around
From Ephraim's Gate a cry – from the second quarter a howl
Crashing mountains shake - Cut off be those who worship Baal

There be secret in the Shiggaion – leads us to the clue Back to tribulation – reveals the betrayer - too All three connected to Cush – hidden be the man of sin Rising up from the tribe – a wolf a Benjamin

Comes super power Chaldees – taking things by force
Tis the spirit of the Nimrod – violent of course
As in the days of Noah – G\_D be just so angry there
Violence that broke Lebanon – covered righteousness made bare

Go and build thy city – see if wood or stone doth live By power given to thee –thy idol's voice do give Thy sin doth have no limit – even against thine very soul Fill up the cup of G\_D's anger – fill the cup all whole

Go and spoil all the nations – this be on thine heart You tallest cedar of Lebanon – wicked from the start Oppress my people while you can – for so short be thy time Tribulation time be here – thou can see the signs

The seers be of such light – prophets oh so blind
Thy judges so corrupt – taking all that they can find
Defiling the great law – making unholy defiling everything
Sanctuaries of GREAT NAME – shame is what they sing

But in the midst of nations – in the midst of thee ELOHIM doth charge – a remnant there for ME So sing you daughters of Tzion - and Yerushalayim In the end fear not – comes the LORD from haShamayim

Yes in the latter days – in the days appointed Shining oh so bright – be HE that is anointed Glittering Minstrel now doth speak – surely she doth sing Prophets' song be heard – resonance of string

Parable be issued – tis plain message to divide WORD of ELOHIM – seek truth if you decide If G\_D is real and days be here – doth thou really believe? Hear the Psalmist resonate – she prays thou might receive

Two Prophets they do sing – together telling a story

Not just of long ago – not ancient history

Embrace be sent through space and time - to help in the Lion's den

Now the Prophet's song – be coming round again

# Song of Isaiah (והיעשי)

Listen to his song – heed the Prophet's sound Wondrous love song resonating – Isaiah's song abounds Prophet son of a Prophet – his message not just for kings Oh who does hear Isaiah – please listen as he sings

True to form the Prophet – bringing to Israel correction
Warning of iniquity – warning against insurrection
For what of your oblations – all things on which you are bent
Isaiah first sings of old love – covenantal obedience

The Prophet doth foretell – of idolatrous latter days' land Prideful Cedars of Lebanon – lifting up thine own hand Same Garden of Eden song – when shall mankind learn Try to be thine own god – man shall surely burn

Haughty daughters of Y'hudah – lead them all astray Who told thee to stand – hypocrisy day by day All the while the sons sleep – basking in their own light Tis thee Y'hudah first – whom YESHUAH will come and fight

But LORD of HOST prevails – bringing forth Mashiach YESHUAH PELE YOEZ after all – is the culmination of haTORAH Suffering Servant first – then conquering Right Arm doth arrive Holy is the remnant made – those fortunate to survive

Comes great second Exodus - highway from afar People of the nations - seeking Morning Star Dumb shall speak and blind shall see - in great joy they sing Making Aliyah so nice - for the beauty of the KING

But in Tzion there be fear - for rebels they don't see
Nations come out of Babylon - running from the Chaldees
So much joy and sight - called and strong they fled
No redemption for the blind though - no peace for the wicked

Redemption be act two - Isaiah sings G\_D's song

Oh so beauteous Bride - their worship upon thee adorns Wrapped around thee like a robe - perfect and not torn Sing new song for the builder - HE who brings the light to dark Awaken to HIS call Jerusalem - this Psalmist she screams "hark"

The battle shall be waged - all shall know HIS NAME KING of GLORY doth descend - now be YESHUAH'S fame King of Bavel he be blown away - good Cedars of Lebanon do sing Finally rest for a weary Earth - victory YESHUAH brings

Third song be a victory - what a wonderful chord
Battle it be waged - YESHUAH plays strong LORD
Psalmist hears the love song - do you hear it too
Search the singing Prophet's songs - Psalmist calls to you

Fourth movement it be best - oh so very long Begins in dust but ends in light - what a lovely song There be no pit for Beloved - ELOHIM doth lift Rise up all you Psalmists - you be YESHUAH'S gift

Arise and serve the LORD - HIS RUACH you HE doth rouse
All your days do sing - worship in HIS house

Eunuch and the Barren - tents will be so grand All sorrow and confusion gone - thou shall make a stand HIS face no longer hidden - HIS light it resonates All of this be HIS will - yes this be wonderful fates

All because of new name - surely it not be ours'
Coming is the time - coming is the hour
A new thing G\_D will do - yes a new thing HE shall bring
All for HIS YESHUAH - oh how servants sing

## **Days of Awesome**

Each and every one - shall be brought to knee Beaten down or mercy plea - or perhaps plain old idolatry All be on a journey - some do make the aliyah Some know days of awe - a remnant cleaves to Torah

Awesome be THE G\_D - YHVH the ancient NAME
Oh great G\_D of Israel - CREATOR one and the same
Each and every cycle - mercy call it can be sent
Days of Awe be here again - the righteous do repent

Shofar sounds the call - Psalmist she doth cry out Know the fear of the LORD - on thy knees get down and shout For not peace be the message - mankind's journey it doth send Destroyer be set free now - in sight we see the end

Cycle two be looming now - oh such tribulation

Mankind doth continue - in vain imagination

One journey be a grand descent - worship of humanity

While aliyah doth make ascent - mercy LORD please mercy

Leviathan doth squirm - places shall be strafed Even sanctuaries - places called to be safe Vexation it doth follow - descent and aliyah alike Comes the swords of justice - falling as a spike

Saints do seek the "ROCK" - between the swords is "SUR" Now be the time to get ready - please listen all the more Days of AWE be here - more than ever time to TrusT Saints in Judah and beyond - listen now you must

Violence be so normal now - children sacrificed each day Anubis has no power - mortal death shall have its way And Seth there be no need - chaos reigns supreme Slavery and old sins be perfected - a generation oh so mean

Time to buckle up saints - Psalmist again doth cry
Tribulation be ramping up - tis the season saints be tried
Don't think there be great rapture - many saints shall fall
Days of Awe be here now - listen one and all

But destiny doth not falter - G\_D completes what HE doth start Feel destiny oh ye saints - way down in thy heart Days of Awe be upon us - let us kneel and pray Pray we can withstand - Mashiach coming in "that day"

Let us rise above - the din of olam hazeh
Let us know and do the charge - each and every day
Let us hope our G\_D - doth hear our mercy call
Tribulation it does smolder - it be the Days of Awe

He who seeks to save their life - yes this one shall be lost Great MAKER designates survivors - not all saints will be lost And mercy it shall extend - for many who do not call Upon the LORD of HOSTS - who knows the mind of the G\_D of AWE

Window it be open now - oh RUACH visit saints I plead Reveal to them their destiny - G\_D's will is what they need Psalmist she doth intercede - knowing the price to give Willing to follow YESHUAH - for HIM alone a life to live

## **Oh Babylon**

Weeping Prophet takes up - parable against thee Oy to Babylon – waves coming you will see Run so fast my Jacob – run home to survive There be for thee in Bavel – just no place to hide

Thy defilement – oh yes the stink of thy hate Hath risen high to Heaven – oh Babylon the great So mysterious be – this mingled multi-imperial thing Against thee Babylon now – doth the Psalmist sing

Babylon be riding – yes on the Olam's back
But now oh ravenous whore – thou doth suffer Olam attack
For the curse descends – peoples driven by gross indecision
A peoples called "Minee" – there be simply only division

Oh yes all the clues – to thee see how they point
4th Kingdom all ye children – generation did G\_D anoint
Ashkenazi not be blessing – succumbed to Alexander oh so strong
Thy journey it be filled now – after many days so long

So now Bavel doth grind – Olam it does fight
Battles in the street – between the left and right
Divided kingdom falls – one Imperium shall persist
WORD of ADONAI – how can mortals resist

Ironic yes it is – torn apart from inside out

One against the other – rulers they do shout

Olam wants no reins at all – it be simply about the "me"

Babylon holds so fast – to its blind idolatry

Divided kingdom can't survive – Jacob don't get caught Make the holy Aliyah – flee from pending onslaught For comes destroyer soon – wash away everything Psalmist pleads and cries out – Jacob hear her sing

All clues they point to Noach – pointing to the flood Foretelling of destruction – heaps and heaps of mud City that doth never sleep – sleep all surely will Wave doth wipe it out – forever to be still Yes torrent be the voices – peoples of all nations

Judgment it doth satisfy – all pundits' imaginations

Pave the way wave does – wipe out indecision

Pave the way it does – comes the horror the son of perdition

Oh Jacob won't you hear — amidst the rebels thou be dwelling Waves they now be growing — can't you see them swelling Comes another warning — comes again a fateful cry Weeping Psalmist she be crying out — Prophet he doth not lie

Yes Judah be for thee – to go back to that place
Oh so brave an Aliyah – don't harden thy lovely face
For redemption doth draw nigh – even though tribulation it doth sing
Jacob home in Israel – they'll be saved by YESHUAH the KING

## Oh The Mystery

Oh the mystery – oh what RUACH does let see Ever humbling – resonates so deep inside of me Things unspoken – going on all around Mysteries of the Heavens – within our realm abound

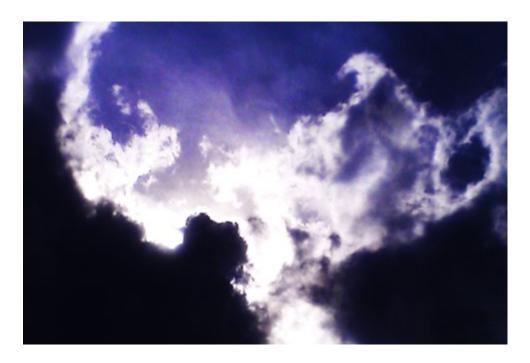

Doth mankind – ever stop to see and listen

Doth mankind – consider what he be missing

Signs and wonders – these latter days how much more

Ignorance not be bliss – consequences oh so sore

Heaven doth descend - mystery be the breech
Pay attention sons of men – how the Psalmist doth beseech
For visitation comes – portal be open wide
Don't be caught asleep – let RUACH be thy guide

Powers and Principalities – they again be marching strong Knowing that their time – it be short not long Judgments they be opened – mankind the time is nigh Look with RUACH to the Heavens – please look to the sky

Yeah they say we're silly – even out of our minds
All the same they're there – in the sky the signs
Comes the riders on the horses – don't think G\_D's WORD be just a story
Believers know the truth - G\_D's WORD be "history"

Leviathan be let loose – the people it shall swallow Those who choose to stray – rebels who will not follow The LORD of Light YESHUAH – please HIS light don't dim Pray HE light you up – Psalmist pleads you pray through HIM

Prince of Air commands – still with authority
YESHUAH saw the satan fall – Luke testifies to thee
Let thy Spirit strengthen – not for gifts or power given
Rejoice because thy names – are written with the living

Abounding so many wonders – won't you look and see
Anyone and everywhere – it not be a mystery
For now the time be here – wickedness doth take up their station
Now be the time for tribulation – time of the visitation

Signs and wonders they be grand – yes even darkness can be good When we stop to understand – when we look and listen as we should Supernatural is alluring – super natural we might think cool Super natural be not always for profit – oh please don't play the fool

Psalmist she doth pray thee – ask G\_D for advice Powers that be dark – can present itself as nice Look and record what you can hear – even what you can see Then find one who discerns – perhaps the truth they'll tell thee

Signs and wonders they be real – they be not the mystery "What means this" be the question – what is it that you can see All answers be the patterns – answers from RUACH alone Rightly divide the WORD – not just what you've been shown

Gathering doth take place – foulness flowing to UR

Traveling to the East – migrating to the tower

Chaldees be the clue – legend states the beginning of war

Who can withstand such – we need YESHUAH all the more

### **LET MY PEOPLE GO**

Messenger doth cry out – people listen up
The LORD be ready now – filled be judgment cup
Warned enough be Mitzrayim – told be Israel
Seems no one is listening – Psalmist she doth tell

NAME of G\_D revealed – first be EL SHADDAI eh'yeh ásher eh'yeh – HE be ADONAI But to Moses came a gift – more familiar Y@HOVAH Full circle do we come now – Redeemer be YESHUAH

Israel's great Mashiach – HE hath been revealed HE be the great YESHUAH – by HIM judgments be unsealed Poor people so enslaved – spirits crushed and numb Same but different now – still under Pharaoh's thumb

YESHUAH doth call out – listen up you Pharaoh
Don't play deaf and dumb – surely MY NAME thou doth know
Thou can twist the truth – thou might surely lie
MELCHIZEDEK be ever strong – this thou can't deny

Psalmist doth bring weapons – rod and pluck of hand Resonance to pain thee – oh yes Pharaoh understands Message doth ring out – Pharaoh yes he hears Still crushing all the people – mocking all their tears

Hear you Principalities –Listen you wicked Powers

MELCHIZEDEK be coming – rip down all thy towers

The people must make Aliyah – leave Mitzrayim forever

MELCHIZEDEK doth command – from thee people I will sever

For Israel be MY son – even MY first born
Thou hath treated him with bondage – crushed him with thy scorn
Taught him to forget – the covenantal promise
MELCHIZEDEK be coming – Israel to redeem and bless

Psalmist doth send message – Psalmist doth sing verse Lowly though she be – she proclaims the curse Listen close oh Pharaoh – these words yes you know MELCHIZEDEK commands thee – LET MY PEOPLE GO!

For nif'l'otay shall rain down — wonders for Israel not to harm her MELCHIZEDEK be for the people — their full and shining armor Message yet again — same but different from long ago PELE says to Pharaoh - LET MY PEOPLE GO!

### ha ZEFEQ

The beast be ready now – ready to infect

Bubbling up within his throat – be three wondrous zefeq

Oh foul unholy goiters – doth thou come out to delude

Miracles and healings – lead astray them so confused

For mortal yes man be – oh first death not to taste
Has so many running – for healing out of haste
But look beyond the miracles – doth healer yield to Torah
Doth healing power stem – from glory of YESHUAH?

Doth healer talk to the dead – doth healer have own power Doth healer know of secrets – ways to use the flower Doth healer walk straight path – is spirit holy and true Doth healer desire far too much – from the soul within you?

Re fa-einu ADONAI ve ne'ra fe we cry Heal us great "I AM" – please lift us up so high But let not our mortality – give us such a fright Let THY will prevail – let THY Torah shine so bright

Where be healers Tov – those with charge aligned Healers through HaRUACH – can we see the holy sign Healers not blown up – with worldly me me Healers ever humble – praising King of Majesty

Lo Mashiach must be there – look so wonderful and strong Miracles and healings – poor people waiting ever long Run away poor sheep – don't let fear take hold Let G\_D's will prevail – stand tall and ever bold

The days be short enough – extra wicked are the signs Redeem the days right now – yes redeem the time Run to G\_D alone – for comes unholy zefeq Know what the Torah says – this please don't neglect

Psalmist she be tested – has seen three hazefeq
Foul healer tried seduction – dreams upon her as she slept
Oh RUACH guide us all – from evil let us flee
G\_D be israel's only healer – let it always be

Darkness comes as bright light – ravenous wolves do eat Fear not the pending storm – or the fate that thou shall meet For G\_D's will it be perfect – so many shall follow blind In the hardship of mortality – eternal life in YESHUAH do find

He who saves his life will lose it – this saying doth ring loud Saints be different though – not following the crowd Recognizing evil – couched within the light Torah doth reveal this – yes Torah do shine bright

When thou gaze upon the healers – yes when thou doth gawk Remember nasty goiters – reminding you to walk Let G\_D's will for thee – be enough to bring shalom Don't let wicked healing – keep a saint from going home

## **Revelation Song**

How wondrous be our G\_D – LORD of mystery
But oh so great the love – yes G\_D lets some see
Patterns oh so deep – threads that so connect
Secrets of these times – G\_D declares what shall be next

Seven churches' journey – be over and left be two Generation in the wilderness – remnant survived just two Judah and Ephraim – two sticks remain this day Two flocks shall be joined – G D's WORD this does say

Praise our great YESHUAH – HE did break the seal Worthy be the LAMB – in HIM all things do congeal Give horseman great authority – give olam yes their king Four Beasts to usher horseman – chaos he shall bring

Oh horseman thou hath power – so sad that it be the "RA"

Thou perhaps knows not – coming upon thee be bad "haya"

Thou be king of Bavel – thy throne upon seven hills

Also king of the great city – the eighth of seven be Nebuchadnezzar still

Patterns how they come around - how prophet paved the way Miraculous birth it was - six months before YESHUA's day Holy miraculous births - the eighth be of the seven Following the pattern - comes false prophet full of leaven

Such great olam power – fill the world with strife Empty vessel yes thou be – never filled with life Fooling oh so many – Cyrus at first these be those days Indwelling coming soon – then thy trump sounds wicked ways

Comes the Holy Land tremble – yes doth come the shake Coming quickly doth say Amos – coming be the quake Foundation it be measured – amidst 2<sup>nd</sup> quarter mess Sukkot timeframe authority granted – yes here comes the witness Between the witness days – twelve hundred and three score Silence comes to Heaven – Angels battle no more Twenty-One Days doth end – dragon be thrown down First Fruits days do come – tribulation midpoint it doth sound

Sealed be all Beloveds – before bowls begin to spill Judgments how they come – blaspheme G\_D they will Tired of two witnesses – using beast's authority Overcome two on Pesach – yes coming all shall see

Oh you Revelation Song – great parable of pattern

### The "Collector"

Oh thou crafty "collector" - you the son of blameless
Write now to thyself - G\_D is for thee though thou be hopeless
Yes thou be a mighty man - brutish in every way
Thou be lower than the husband - lower than A'dam is what you say

Who could know the holy - who hath ascended up to the throne Who hath come back down - to make wisdom to be known Doth thou know HIS NAME - and all that HE hath done Doth thou know the NAME - of the HOLY ONE's only son?

King of riddles yes thou be - but hoping to reveal
Telling us what is useless - telling us what is real
Speak of that generation - from the beginning yes the same
Generation of rebels - those who won't be tame

Clues of great defiler - his daughters who suck blood Coming soon they be - riding on the flood Anti-Life thou be - "collector" knows the truth The grave, dead womb, no water - fire burning be the proof

How the Earth doth roil - when bad servant he doth rule Satisfied is the brute when fed - remaining such a fool Jezebel thou be married? - Or handmaiden doth inherit? How the Earth does squirm - the Earth just cannot bear it

But what if man could fly - or traverse the great rock field Or walk upon the waters - flotation be thy shield Even better yet - what of holy soulmate knowing Oh so wondrous be these things - the riddle it be growing

Let wisdom reign supreme - just do what thou were told Follow G\_D's great plan - no need to get to bold Thou were given simple command - keep quiet and just follow Cover thy mouth oh fool - don't speak and don't you swallow

Psalmist sings a parable - "collector" recorded his lesson Shrouded amidst the mystery - "collector" was confessing Seems that in the end - "collector" knew two truths Wisdom and foolishness did abide - "collector's" life it be the proof

### L'Dor v'Dor

Wisdom did cry out - three did heed the call Foretelling by great sign - yes Babylon would fall Oh ye seekers of the signs - looking to the stars Generational count of time - thou did come so far

Who did give thee warning - how did truth reveal
Did thee tell the exiles - did they know or did they feel
What of riotous King - neither did he know
What a lovely Aliyah - sign showed thee how to go

How did thou see a pattern - yes the pattern of the times Did thou know of Dani'el - did thou pay heed to his sign Forty-two units thou did reckon - thou did so very well Knowing WHO was coming - KING of All and Israel

Generations of forty-two - t'was the time for gifts

Blessed HIM with thy wealth - healing and incense yes to lift

Not to play the fools though – holy warning it did arrive

Escaped and went away - vicious King with innocence did strive

Oh wisdom hide HIM so - found only by those who seek
The brave will make the Aliyah - tis not for the ignorant or weak
Star sign it doth mark - the time of the calling out
Wisdom did make call again - Yom T'ruah sign did shout

Bar Mitvah be the date - when new generational count began Twenty-eight generations more - per Daveed this surely be the span When holy Mount Tzion - once again it did hear praise Modern Jubilee - Israel on Tzion flags did raise

Patterns and signs persist - yes this be G\_D's way
Seventy generations gone by - plus one Jubilee it was the day
43 units be the measure – days of counting from secret past
Mashiach's sign in the Heavens – proclaiming day of Jubilee be coming fast

Oh you precious Dani'el – how thy vision it does come Not for all the many – indeed just for the some Times oh yes they be – rendered only by the wise Times oh yes they be – declared within the stars and skies

Patterns of coming King - sign yes of HIS birth
Wise men they did see it - sign was seen from down on Earth
Jubilee proclaimed again - riotous King doth come against
Seven years of rebellion - before sore recompense

Doth Israel seek HIM earnestly - what of those in exile

Messianics what of them - hopefully waiting all the while

Wisdom she did call out - who did look up to the skies

Who doth bring their time, anointing and worship - to the King on high?

Time and Times and Half - How Bavel did destruct 42 Generations later - Tzion free to reconstruct But oh you generation - determined by Olam you see Time and Times and Half - how stiff necked yes you be

Let us do await - longing for Dani'el's days Extra time there be - this seems to be G\_D's ways Oh such great a story - how great the mystery Key it be YESHUAH - yes "that generational" history

Psalmist doth make parable – maybe interest for those who seek Psalmist doth not reveal location – she still be a maiden oh so meek Mysteries and "SOD" – LORD bless each one who doth look Speak to them in parables – this how it be throughout the book

#### **Even Now**

Who doth stop and wonder – where plague doth visit much Scientists and Pundits – chatter such and such Yet first wave it doth come – they'll say, look so many saved Wait ... oh yes just wait – what of the second wave

Even now they still be blind – even now a mystery still No thought at all it be – the working of G\_D's will Six destroyers set loose – first wave be about Israel Woe to man indeed – second wave on Earth be hell

Why doth plague consume – blood of Israel indeed
Why doth come a judgment – against Israel, take heed
For first HIS hand be raised – in whose body the blood doth flow
Come destroyer scribe – please mark us as you go

Even now they do presume – to us, G\_D won't come against For we be HIS people – we be protected by HIS fence As in days gone by – the LORD lets loose the plague HE be In charge of great destroyers – let us not be vague

Psalmist cries so deeply – for Jacob yes even now
Still no real T'shuvah – how still you will not bow
Making prophecy come true – because of you, ADONAI they'll hate
Comes antisemitism all the more – how history does dictate

How thy seed has spread – on thy journey oh so long So many centuries yes – played Jacob's exile song And insular though thou be – thy seed in peoples did take hold Comes now plague against the blood – yes a story to be told

Great Bavel, her daughters – paying now the price Thou stepped upon dear Jacob – found them to be so nice Took his seed into thy fold – a price to pay yes Psalmist said Far more than Jacob's troubles – oh so many look are dead

Oh Jacob, thou did not run – thou could have made the Aliyah Far too late it seems – thou won't be saved by thine own torah THE LORD against thee comes – in mercy still yes first Woe to those downstream – it shall be far worse

Psalmist cries out please – where be wisdom in thy gate Hurry and do see – before the time becomes too late Turn to YESHUAH quickly – for even now some yes do mourn Oh such a heavy heart – Psalmist be horribly forlorn

Psalmist cried to thee before – told thee wave would come Flood would overtake thee – killing more than some How the city that won't sleep – yes dark shall be her light Think thou shall survive – don't even know the enemy thou doth fight!

### **Infected Mourners**

What of mourners - what of those who cry
Looking all around - despairing, wondering why
Deep within their hearts - how they know it be so wrong
Misery in their souls - sing the mourning song

Plague it be for blood - the blood of those who mourn Those who persevere - those who be forlorn But marking by destroyer - still doth take a toll The weak they be relieved - G\_D's mercy to extol

Singled out for sure - yes people of all nations G\_D's plan doth extend - far beyond imaginations Infect us yes O LORD - who doth know a mystery Infect yes O LORD - this be an act of mercy

Did one have a dream - how the man did smile Standing all alone - witnessing for a while A scribe doth stand and watch - with excitement and such wonder Doth smiling man be blessed - or could it be great blunder?

A scribe he doth awake - in the throat such pain Cannot move at all - breathing be constrained Smiling man doth sing - given knowledge of infection First wave be a blessing - not infection, but selection

Who doth need vaccine - who shall need man's saving
Who shall have no faith - whence comes the plague yes waving
Testing be no good of course - for then so many yes would know
Infected but survived - away vaccine shot they would blow

Infected and survived - these be the ones so blessed Ready for the coming - ready for the mess Not so for the scared - vaccine yes take by law Woe to man it be - coming be great fall

Tis just a little plasmid - yes engineered DNA
Don't worry all you sheep - science will save the day
Genetic Marker so you say - COVID-19 shall it stave
Look deep into the numbers - something that they'll crave

Two truths yes there be - an eight and nine both teens Wisdom doth cry out - seek what the Psalmist means Hebrew eyes see differently - patterns appear so best Walk and see by faith - infection it could mean you're blessed

#### Who Will Tell

Who will tell the truth – who thinks GOD is sleeping WHO is behind what's going on – WHO is behind the weeping Look at pandemic patterns – who is hammered and who is not Will anyone speak up – or too afraid to be put upon the spot?

All together in this – again we always hear
Using media advantageously – spreading all the fear
Take away the liberties – more and more each day
Speak of what is going on – truth equals conspiracies they say?

Tumult in the markets – lock all the people down
Pay them off as well – so riots won't abound
Scurry as you may – let us save this global economy
Plague's first wave be just a taste – far worse be coming you shall see

But GREAT ELOHIM – HE shall have HIS glory Silent won't be the Psalmist – someone is ready to tell the story Such short time it doth take – but the warnings be not a waste Hurry up get ready – now be the time for haste

New normal how they say – oh how G\_D does laugh Soon humanity will find out – see the power of HIS staff Patterns in the infected – sons of Noah be real clue Plague be tormenting the diaspora – but in the LAND there be so few

Exceptions to the rule – they be the children of forced exile Slavery has its consequences – how the their casualties seem to pile Great Babylon has its message – though this wave will make you dull False hope as first wave wanes – there is danger in the lull

Days of Chesvan to Nisan loom – as they did way in the past 150 days of darkness – they'll cry out, can't this breath be the last? Patterns shown by ELOHIM – can't any see HIS hand So very few be seeing – so few to understand

Languishing in chaos – watching it recede Full solar year doth mark the time – patterns show indeed While the 8<sup>th</sup> one of the 7 – emerges from the shadow Mercy oh GREAT ELOHIM – show us where and how to go Shine brightly G\_D of Israel – yes THY glory do reveal Tell each and every one – show THY might is real Pray it not be on a Shabbat – please LORD not a Mo'adim Pray ye little ones – GREAT ELOHIM thee will redeem

# **The Change**

Now the change doth beckon – can little horn hear the call Dani'el did declare – pride doth cause the fall Cyrus be subdued – don't be fooled by peace It's time be so short now – descending be the beast

Seven years of madness – mind removed from king
Psalmist doth lament – pondering this thing
But such a time as this – while signs and wonders be ignored
Who doth see the judgments – upon us they be poured

Bit by bit the pattern – yet, world's lives be changed Those who watch and warn – be called delusional and deranged But even watchman seem so blind – debating how things are Psalmist weeps aloud – for things have come so far

Creation now groans louder – power mongers soundly sleep Ignoring what is happening – hoping just power to gain or keep But then again GREAT ELOHIM – all things by HIM permitted Nothing else to say anymore – by HIS power yes HE did it!

Arise again you 8th man – from the ashes of the seven
Time be oh so short now – no longer permitted up in Heaven
Suffer tremendous set back – seemingly a fatal wound
Psalmist she not be fooled – wild Nebuchadnezzar be coming soon

Another parable for no one – the Psalmist simply testifies
Human witness to agree – with the Earth and Sky
It shall not be said that ELOHIM – kept creation from this knowing
All along HIS great hand – to all humanity has been showing

Patterns same but different – all history this does prove All things Psalmist declares – in G\_D's way and rhythm they do move YESHUAH be the cipher – not just the key but the door and the prize OH so few can hear HIM speak – how the many will be surprised

Thou hath a NAME that lives – but alas you be asleep and dead Not hearing what G\_D's saying now – just maybe looking to what HE's said Come the days of the king now – but no time for a feast Woe to all the Earth – lifted be the horn of the beast Psalmist sensed the darkness – same old hatred for Isra'el But really all along – hated YESHUAH first the WORD does tell OH Jacob gird thyself – though thy Hamans' have been many None compare to the little horn – none of them not any

Same but different patterns – don't cut down but build the tree Warning and the love songs – perhaps these as well shall flee When it all be done – no stump nay no reprieve All sin laid upon beast's shoulders – all punishment to receive

Micha'EL thou protector – ironic thou did purge the leaven Shining so white Knight – sent the beast from Heaven But down to Earth alas – Psalmist knows thou do G\_D's will Power for a short time – power to corrupt and kill

GREAT PELE protect – Beloved calls upon THY NAME For Beloved make the beast – benevolent and tame Cry out if you can – even if you just suspect The time is nigh indeed – who doth man and G\_D elect?

### The Lie

Often it's been said – often comes the lie
It will be alright – surely you won't die
Ask our original parents – Adam and Chavah yes our first
Tell us which ugly lie – tell us which was worst

He told Heavenlies to leave their posts – a third did heed his call Surely you won't die – chained in the pit how they did fall And Korach was not the first – go down to Sheol screaming alive But also Korach thought – surely he would not then die

So what of insurrection pattern – wear the Ephod on thy shoulder Korach were you first – or was there one before much bolder Usurp Kohen haGadol – in thine eye thyself be great Thinking thyself as ELOHIM – Ezekiel tells of horrible fate

Insurrection pattern - in the past and in it's past
Before time insurrection - when shall be the last
For Micha'el be ready - soon comes the groan and sighs
Anti Mashiach and False Prophet - two more believe the lie

But there be casualties more - all the people who do say Psalmist shut thy lips - we're not dead, we're still alive this day We were told and believed - this would save us, we will not die Psalmist's heart be broken - thou doth listen to the lie

Rebel against Creator - try and change what was ordained Go ahead be saved - let thy genome get so stained And say we are alive - so Psalmist stop thy cry Shut thy lips you Psalmist - stop saying it's a lie

Let our ears be tickled - let us think yes G\_Ds we be Let us believe the lie - in this way we be free Oh mortal man so foolish - being used yes as a pawn Whose mark will thou show - when Morning Star comes with the Dawn

For a second death there be - whose names be in the book Who believed the lie - yes whose names, blotted out were took Time is running out - ask RUACH please discern Falling down to She'ol alive - oh the screaming and the burn Psalmist's tears do flow - heart of ELOHIM she feels How the enemy's lie - yes the truth it doth conceal Thou shall surely die - this ELOHIM doth say Oh mercy Psalmist pleads - yes for some along the way

Children thou be perfect - in the day that thou were made Don't let the enemy's lie - in thee let the truth to fade Live not for this world - again the Psalmist cries Vaccination it won't save thee - please don't believe the lies!

### Stand

A simple word is stand - AMAD it be in Hebrew
But Psalmist doth consider - what it means for me and you
For who can so rise up - who can follow command
Who doth really consider - what it means to stand

There be no cowering in tall grass - no slithering on the ground No hiding from the truth - no silencing the sound Tribulation doth so rise - the noose be getting tight Standing means to resist - standing means to fight

To "See" the "Chaos - peering out the "Door"
Pictographic Parable - Psalmist sings for sure
Who against this landscape - who against such tide
Can withstand the tribulation - who can so abide

During times of trouble - where be comfort, yes "selah" Where be solid ground - where be GREAT YESHUAH Oh my rock be firm - safe place I can land Without THEE GREAT PELE - how could I ever stand

AMAD it be my cry - Psalmist scrambles and doth cleave Times now be so treacherous - time now to believe Chaotic waters how they rise - olam din turns into roar Now I need THEE LORD - yes far more than before

Great Cornerstone uphold - the tempest doth draw nigh Place me upon THYSELF - lift me up so high Chaos seeks to drown - chaos seeks to sweep away Support me Awesome Rock - save me in the day

Psalmist feels alone - awaiting Dawn to come Psalmist also knows - she be not the only one RUACH do descend - COMFORTER ease my fear Destiny spring up - I sing the hachadasha shir

Where be safety LORD - yes where be that broad place Where be the shadow of THY wing - so hard is this race The valley doth descend - Psalmist knows this be the plan My Savior, haSelah sheli - lift me up and help me stand

#### Call Of The Wild

Now the world doth howl - now they do accuse What say all you rebels - our safety you refuse We be of one accord - oh this virus how you spread What would you do to us - would you leave us dead

Where is the show of health - yes where be your proof Don't tell of your beliefs - just tell us the plain truth Ignore the science yes you do - while you spread disease A simple little shot - and the world you can appease

Let us separate ourselves - why should we take the risk Make them wear the masks - while we cry tsk, tsk, tsk Wag the finger at them - how we wish you would just die Against all those not vaccinated - against them we do cry

See the numbers dwindle - science works so well Why be oh so ignorant - please all the world do tell Its not experimental - it's not anything to worry about Science it will save us all - this the world doth shout

Soon you'll pay the price - soon we'll leave you all behind Soon you'll know our wrath - soon tribulation you will find You all stay over there - better yet just go away Dirty unvaccinated rebels - at home you'll have to stay

And when the wave returns - upon your heads be the blame When us that be so vaccinated - our deaths shall be your shame Then sadly we shall move - against resistance the world will fight We'll show the errors of your way - by using power and might

Then see how you'll live - take your jobs away

No safety there will be - even if in your homes you stay

For science can't be wrong - the television speaks the truth

Your woes be joy for us - your woes will be our proof

Won't you just succumb - give in, make it easy
It matters not to us - if your spirit it be queasy
We laugh at your beliefs - these times be just like any
You're little without power - you can't resist the many

Do our lives mean nothing - you say it is my life But really all you care about - is keeping up the strife Just won't go along - warped minds spewing conspiracy Frankly we don't care - about any of your prophecy

If there was a G\_D - HE would agree with us all HE would not sit back - make you stupid like a wall HE would show you light - caring for your fellow man HE would give you knowledge - make you rebels understand

Psalmist doth contend - with a world that knows
Psalmist cries out loud - to the eyes and ears that be so closed
G\_D doth send delusion - by HIS hand thou be blind
Your call of the wild doth not impress - believers you can't bind

Go ahead and have your shot - hurry save your life
Drink the kool aid quickly - don't question, don't cause strife
Jump on that speeding train - but remember it has no break
Tis a mark that you have taken - away it, you just can't shake

Funny how you try - offer incentives here and there Force to keep me bound - the mask you make me wear But I sense your seething - soon on me you'll pour All you anger and hate - pour upon me all the more

But Psalmist prays for mercy - many did not care to ask LORD there be so many - pushed hard and put to task Maybe no one told them - maybe YOU they didn't know Psalmist cries incessantly - how her tears do flow

Even though you hate me - Psalmist doth not repay this hate Psalmist doth consider - even sadly thy own fate Your wild howls be answered - Psalmist sings love song Chazak Chazak little rebels - stand your ground forever long

#### **Tribulation**

What be this tribulation – so many suffer all the time
Is tribulation a series of events – or a frame of heart and mind
There be the poor oh yes – always there be the oppressed
Is this really tribulation – or is this purely human distress

G\_D doth bring destruction – tribulation HE doth not say Quick and decisive it is – always in "that day"

Do hard times simply count – what if tribulation is not felt Tribulation it be that – which makes the heart to melt

What of poor in spirit – and what of those who mourn Those who disdain pride – those who unrighteousness scorn Merciful and pure in heart – also those who do G\_D's will In the end for these – the olam persecutes them still

GREAT YESHUAH yes indeed – suffers tribulation most of all How G\_D's heart doth sink – quickly with the fall All were there, we were – all did self-idolatry affirm All throughout human history – sadly we don't learn

Tis the human condition – but why then were we made
For destruction it doth come – most humans yes shall fade
Why would ELOHIM – do such, do this thing
Because creation was YESHUAH's desire – t'was the song the SON did sing

Oh such tribulation – it doth hurt so bad G\_D's heart Humanity has done this – soon right from the start Oh the pain and agony – no humans could ever bare But perhaps with G\_D's heart – in tribulation we can share

Psalmist is beset – tribulation noose doth tighten
For safety not so fearful – more so other things do frighten
Wayward human hearts – Judah's blindness, pride as well
Then there be gross harlotry – yes of Isra'el

Human flesh how it be dross – here today and gone tomorrow Tribulation be rebellion – yes children that won't follow Made all for YESHUAH – yes made for HIS delight Sons of men be enemies – against ELOHIM they fight Can we feel G\_D's tribulation – none perishing be HIS desire Patterns and time doth show – how humanity stokes HIS rage and fire Don't say that YESHUAH's sacrifice – hath soothed our ELOHIM's heart Tribulation all the more – they scoff after soulmate was ripped apart

So THE GREAT I AM – must bring destruction beyond imagination Think ye this be fun for G\_D – Psalmist knows its tribulation But GREAT I AM endures – and THE SON has tribulation too All this for the remnant – YESHUAH will get HIS due

Oh GREAT HEART of ELOHIM – Father David felt the anguish Often how he pondered – his own life, THOU did not extinguish Exercising grace and mercy – for the sake of YESHUAH alone Tribulation comes to us – THY heart THOU hath made known

Who can bear this now – Psalmist no longer pleads
All creation be dying – yes all creation bleeds
Psalmist feels THY heart – through YESHUAH we be one
Restoration only comes – when destruction it be done

Play thy music and dance – in thy sukkahs yes make merry
Gates they have been closed – time for joy yes hurry
But remember of restoration – ELOHIM destroys before the build
Greatest tribulation of all time – by hand of ELOHIM so many be killed

Psalmist cries out loud – tribulation how it be real

Matters not at all – if olam and Isra'el can't feel

Unrighteousness so corrupt – tribulation it can't be felt

All the while ELOHIM's heart – our YESHUAH's heart doth melt

Perhaps another love song – better yet Psalmist plays a dirge Yes let's hear the happy – all tribulation shall we purge Sing not of the truth – don't tell us, of G\_D's broken heart We would rather believe the lie – the one told from the start!

## Why Me?

Psalmist ponders greatly – what of nation's disobedience Patterns do show judgment – always a time of recompense Samaria, Jerusalem – servant nations how they fell Torn down and built up – Psalmist she doth tell

Who can survive the fall – signs how they do warn
Oh so many just can't flee – so many so forlorn
Others be so obligated – sense of righteous duty bound
Hearts be palpitating – many hear the warning sound

Yes some for the sword – yes some be those captive Some also survive – yes the remnant they shall live Fret not of thy fate – don't await a fabled rapture Each lot of HIS flock – steadfast faith it be thy cure

Don't you ask "why me?" – let tribulation give thee strength Praise GREAT ELOHIM – for thy days of length In tribulation now – thy mourning it be thy prayer Tribulation it doth refine – remember G\_D doth care

All Israel shall be saved – Samaria how she was lost Judah finally came home – the price, a terrible cost For nations reach the brink – a point of no return Comes the wrath of ELOHIM – destruction and the burn

Don't say that G\_D won't do this – don't delude thy heart Patterns of HIS WORD – reveal G\_D from the start HE desires all be saved – HE desires all would repent Truth it doth reveal – righteous judgment shall be sent

Why Me?, oh who doth know – Jobe wondered and did ask Finally learning the hard way – don't take GREAT G\_D to task Be counted as one faithful – the question it not be "why" Olam since the fall – cause real believers how to cry

If thou haven't fled – no Aliyah did take
Stand fast in thy faith – don't let tribulation shake
Testing harsh be coming – simply, fate won't often change
For a short time in this world – don't eternal life exchange

Being in the snare – doth not mean you did anything less Oh maybe how you knew – perhaps you made a mess The lot however falls – for persons G\_D hath no respect Be sturdy and get ready – G\_D's WORD don't neglect

Psalmist sings to children – for so many help just won't arrive Judgment it falls on a world – no matter how hard children cried Be strong to the end – YESHUAH showed us all the way All the children did not flee – simple lot did have most stay

If thou were rent apart – torn from olam threads
Take and heed the warnings – act upon the dread
Maybe yes just maybe – there still be time and mercy
Psalmist's tears be flowing – if you can why don't you flee

### The Revival

Yes so long awaited - comes that sought for revival But who could ever expect - lawlessness arrival Constitution do over - founders thrown in the trash Great Revival oh Babylon - flames turn into ash

It's tolerance and love - rebalancing the scales
At least this is what they say - warm blush turns so pale
Tolerate all nonsense - put to shame foundations
Saying early build up - was vain imaginations

Oh perhaps they're right - why don't you get on board Why not just give in - why fall upon thy sword Rejoice in all rebellion - put elders and parents to shame After all t'was them - them we now can blame

Psalmist sees no revival - Psalmist sees great fall Babylon just ripped apart - come out of her I call Overwhelming anger - seething ready to fight Always out for flesh - something else to bite

Where be that promised church - promoting all the fraud Dancing on whore's lap - never G\_D they laud Scoff at what is good - yes eager to be so blind Is it great revival - in church seats do you find

Tear down all your idols - promote new ones who be least Hypocrisy won't end - insanity doth not cease Shut your mouth and follow - get on board, yes YOU too Join in sweet rebellion - forget all that you knew

A liberal revolution - Psalmist sees a sinking ship Liars lurking everywhere - shooting from the hip Get a piece of gain - hold on to what you've gotten Even if deep down - you know that all be rotten

Oh Babylon the GREAT - Laodicea thou hath beaten Consumed her yes completely - gone now she be eaten Sit there oh so numb - just watch it all unfold Not seeing that their future - long ago it was foretold Oh GREAT ELOHIM - Psalmist's tears be drying up Long past overflowing - be her mourning cup No revival in the end - just a stink to Heaven high Dark silence doth ensue - but Psalmist she will try

Nay no revival coming - just spiraling way down deep Institutional abomination - totally fast asleep Naked without knowing - infected with much yeast All fermented nicely - just waiting for the Beast!

# **Help And Comfort**

Let us see the pattern – let Aliyah path to form
Reminders of "help" and "comfort" – in the cold to keep us warm
Outcasts we so be – exiled so far from home
Longing oh so much – for restoration and shalom

What stories be the witness – stories of "help" and "comfort" What stories show a path – perhaps the Psalmist shall report Stories of the House – of the service and the order Stories of letters and scribes – events told by the recorders

Psalmist leaves the clues – of Tishri she be telling
The time when people settled – a time when they were dwelling
A remnant just for sure – yes so few to make a stand
But stand in Jerusalem they did – so that Torah they could understand

Third leg of their Aliyah – came witness, mourning and a fast How they all did remember – YEHOWAH'S glory from the past Confession and the heartache – but chedvah was commanded Lack of separation yes kadosh – how the people were reprimanded

Yet restoration it would come – how hard work did pay off Amazing build it happened – despite enemies tricks and scoff Under siege yes always – yet things would be again so dedicated For GREAT BUILDER was still there – these patterns being fated

Not since the days of Joshua – had such been so experienced How in two witnesses' records – doth Psalmist see convergence Return, Gathering and Torah – Separation, Order and Dedication Amidst the movement we see – testimony, labor and yada as the medication

Resulting in such simcha – oh yes what a Jubilee
Two witnesses' story was – but is also coming can't we see
Perhaps both "help" and "comfort" – did not always stick around or stay
But "help" and "comfort" were sent – when needed in that day

Patterns, Pictures and Portents – all Pointing to great PELE Of the wonderful Aliyah – what now can the Psalmist say Let the wise so choose – follow clues left upon the pages Patterns left for the lowly – not meant for the sages Don't think thou knoweth patterns – thinking of simple prophecy How so many won't ponder – ELOHIM's deep dark mysteries Yada be only revealed – not calculated or figured out Patterns of witnesses' testimony – yes "help" and "comfort" all about

Psalmist hears the sighs – yea another parable, our time let's not waste But let the lowly understand – let the lowly do make haste Testimony doth abound – GREAT BUILDER be behind the scenes What was then again will be – coming soon, just as it has been

Let numbers be the clues – yes a time, more times and a half time Months and Days and a Season – surely they be a sign Exiles surely count – the remnant be part of the reason When the count be right – then it surely be that season

### Out Of Order

Completely out of order – self-righteousness doth contend
Psalmist shows a pattern – thine ear yes please do lend
Jobe he was accused – zealously himself did defend
But accuser influenced witnesses – bad testimony did they send

Surely thy plight it be – the wisdom of THE LORD Surely it matters not of Defendant – what anyone might record But alas when tired out – Jobe laid blame upon THE ALMIGHTY Claiming there be no justice – as far as he could see

But came along Chief Justice – Elihu by another name Incensed with the nonsense – he came to join the game So a man defended ELOHIM – in the flesh he did defend For things be way out of order – Elihu yes G\_D did send

In this instance ELOHIM – decided to put things in right order To this day we have the story – written by a recorder ELOHIM came forth – put all humanity in it's place ELOHIM came upon the men – came there face to face

Proceedings out of order – the pattern would again so play
Proceedings out of order – against YESHUAH in that day
What sin or work doth thou charge – for what tov mitvah be I accused
Orderly proceedings that day – that Chief Justice yes refused

Bad witnesses came forth – speaking on behalf of man Speaking of things yes Heavenly – things they could not understand But this time the Defendant – did Himself not zealously defend Quiet as a sheep with shearers – this the record it was penned

Out of order indeed – Defendant charged without defense

Not denying at all – that there be no single offense

Allowed the out of order proceedings – to continue to the last

Putting HIS fate in the hands of ELOHIM – until all was done and passed

Jobe was given mercy – for our YESHUAH it be the same
Out of order proceedings used – to righteously place the blame
Upon the only ever self-righteous one – WHOSE defense was HIS entire life
So that ELOHIM's fierce anger – yes with humanity to end HIS strife

Psalmist sees the patterns – same but different as we know
Trial of Jobe a portent – for us to ponder, for us to show
The folly of proceedings – when mankind without wisdom
Attempts to take the place of G\_D – attempts to rule the kingdom

They knew nothing of YESHUAH – knowing of ELOHIM far less Prattling all along – with their own wisdom trying to impress But all by ELOHIM's will – so that authority be again so taken Out of order proceedings be allowed – made all Creation shaken

Unlike Jobe our YESHUAH – was exonerated yes complete
Unlike Jobe our YESHUAH – the accuser and all others HE did defeat
Unlike Jobe our YESHUAH – worthy of all authority
Unlike Jobe our YESHUAH – was perfect we can see

Let there be no doubt – "no contest" how it be our cry
For mercy dispensed freely – and we know the answer why
Total restoration without end – for the guilty can be received
Simply for YESHUAH's namesake – for them who in HIM really to do believe

Yes HE took the punishment – becoming sin, becoming blame Yes like Jobe a horror – in the flesh he was so shamed But how HE could have defended – with pure yada and the truth Out of order proceedings allowed – ELOHIM's righteousness it was proved

# A Song of Songs for the Bride

I want to sing of this special love; That Yeshua has for His bride, His dove. There is nothing on earth that can compare; To the holy love for His bride so fair.

He sees as most beautiful of women His bride; Not only the outer but the beauty inside. He desires her with a passion so extreme; She has captured His heart with her beauteous gleam.

A bride so special, with heart only for Him; He is just waiting for your song to begin. The new song you'll sing with harp and lyre; Will beckon the Bridegroom to your holy desire.

He sees the radiant beauty of His beloved ones; Beautiful as the moon, bright as the sun. Unquenchable is His love, strong as death; May you sing this desire with every last breath!

You have been set as a seal upon His heart; He is jealous for those He has set apart. It flashes like fire fierce as the grave; Of this love, many waters cannot stave.

Your Bridegroom Yeshua, distinguished and ruddy; With eyes like doves, besides streams of water. Altogether desirable is He the Groom; The bride is lovesick, O please come soon!

Vines are in bloom, the fig tree is ripe; He is coming to His garden of flowing spice. The flowers appear, the rain is gone; A time of singing has now come.

Our Beloved will speak and say at last; Come away my love the winter is past. He will gather His lilies, one by one; All those waiting for the Bridegroom Son.
To Him your love is better than wine;
O can't you feel this love so divine?
From Yeshua, the Bridegroom all decked in jewels;
Flows this passionate desire only for you!

Until the day breathes and the shadows flee; Away to the mountains, He takes His lovelies. O select ones, so desirous as the Bride; You have captured His heart with the glance of your eyes!

O beautiful bride, Yeshua's special love; Without flaw, you've been perfected from above. He is the One whom your soul loves and clings O for that day to come, will you please sing?

### **Psalmist's Heart**

- 1: Oh Lord my G D ... my very salvation ... the Yeshua within my heart
- 2: How doth my soul contemplate thee all the day and through the night
- 3: My very being burns within at all times delighting in thy tender mercies and miracles
- 4: My life would fail Lord if not for the hope and desire of finding thy face at the end of days
- 5: Yet the sons of men have forsaken thee beloved for the powers of Earth that be
- 6: I shed tears upon my soul knowing in my heart what awaits those who do not fear THEE
- 7: But more so beloved Lord my soul cries for it is thee who is offended it is thee who is rejected
- 8: Thou who has given freely everything from thy great storehouse even more thine only Son
- 9: Break thou oh heart of mine, never ceasing in grief and dismay for the folly of man doth wax more
- 10: Bless thee forever in thy righteous anger and heartache my beloved Lord
- 11: Were it not for thy charge given to thy servant Lord would I not be in thy sanctuary all my days?
- 12: There I would celebrate in the shalom of thy presence dazzled by thy light serving thee with joy
- 13: For now beloved Lord may it please thee greatly that thy servant doth long for thee continually
- 14: Though stumbling and meandering, thy servant seeks the goodness of thy Torah so that I may live
- 15: Bless thee oh Elohim lift up mine head from the dust let thy servant kiss the feet of the Son with my sacrifice of obedience and worship

- 16: Soul to soul doth my beloved Yeshua beckon to thy servant calling from the realm of Heaven
- 17: Hark oh ye children of men will thou be deaf forever? will thou be blind until thy souls descend to she'ol screaming alive?
- 18: In that great day when the brilliance of my beloved Lord doth shine upon all creation exposing what is both chaff and select shall thou cry out
- 19: But to the wicked shall my beloved Lord turn the deaf ear to thee foolish children to the wicked shall my beloved Lord turn a blind eye unto thee
- 20: Not so for thy servant Lord who has sought thy covenant who has thirsted for thee with soul renting all mine days
- 21: The Lord desires not that the praise and song of mankind for him be silenced forever by the depths of she'ol
- 22: In that day the Lord shall exalt his lowly servants and give them Salvation give them shalom give them the desire of their heart
- 23: Then forever more shall thy servant Lord lie in thy bosom thy tabernacle shining in the light of Yeshua

### **Beloved In Arms**

This Psalmist calls out to Beloved in arms
Fear not the pending storm - you shall not come to harm
Order has been given and set is the seal
Oh yes - the 144,000 - believe - we are real

Yes like David in his gifted glory shall we sing To awaken the very dawn with voice and string Away darkness - away all the enemies that fight Comes our Morning Star - ever so bright

Those Beloveds sleeping - rising up first upon great shout Meeting Yeshua in the air - so glorious and stout Then Beloveds alive chiming in with new tune Oh can't you feel it - all this be so soon

Who hath a heart like David of old
Who hath been sealed - who hath been told
By messengers and anointing the truth is revealed
To even loved ones and friends this truth is concealed

Beloveds awaken there is so much to do Search through eternity - this one calls out to you Have you blessed and always do you give Awaiting something so special - always do you live

There assuredly be Beloveds who appear to be base things Nevertheless our G\_D has ordained they shall sing What Beloveds be in the realm beyond great rift Is the revelation that they be elected's gift

Sealed to bless, call, protect and survive As in the days of Noah those close will stay alive Oh yes you will know of that special refuge place You know it in soul - there be our LORD's face

Awaken Beloveds in arms - it is time Look for it - G\_D is sending out the sign Truth be woven in soul before it did begin You've felt it - now trust in HIM Pray real hard for our prayer does G\_D hear Oh to Beloveds G\_D is always so near Just see the patterns - again and again they do play Patterns in HIS WORD will show you the way

Is G\_D's WORD alive - are you living as dreams Do people tell you that you shine and beam Are the broken and needy sent to you for relief Are you special - can you help their grief

Do you experience the great wonders and signs Does Torah pull your heart - do you walk a straight line Have you been sifted from Babylon the great Has your soul fluttered - considering such fate

All along has your heart been for others
Wanting to care for sisters and brothers
Humility always chasing such thoughts away
It's time to gird up - you be needed for that day

Don't let Nicolaitans stifle the new song
They be about order and themselves all along
Thinking that ministry always is G\_D's will
Don't let be silent what inside has been instilled

G\_D's selections and choices do confound the wise Even believer's jaw shall drop when looking to the sky For shepherds and he-goats will not be in favor Leaving the unlikely - the ones G\_D does savor

Chazak, chazak the end days do loom
Shortly we shall hear the LORD's wondrous boom
Time to gather close ones under wing
Time to nurture - time to sing

Call them Beloveds beckon them to safety
For they belong to the King of Majesty
Like all Beloveds - special blessing you be
Please listen to Yochana - please listen and see

# **Morning Star**

Come Beloved – Wonder Morning Star
Thou be so nigh – never too far
Brought forth as first – as itself the very life
Soulmate of ELOHIM – everything – child, word and wife

Tasked with the creation – making everything

Designing oh so perfect – designing everything to sing

Of the perfection ELOHIM is - and will always be

The very light of humanity – seeing ELOHIM shine so brightly

When the Heavens did rebel - not liking holy servitude Going oh so far — mankind they did delude Oh Morning Star was asked - to lay down divine itself Go and save creation — soulmate they need Thy help

Oh Beloved Star – what perfect love was given
Just so the creation – could be saved and go on living
All sin and deep transgression – taken upon Thy back
Thou emptied Thyself completely – deep into the black

Overcoming sin and becoming perfect love
Thou reconciled creation – with ELOHIM above
Becoming grace and mercy – right here in the flesh
Oh Beloved Moring Star – G\_D and Thee are one nephesh

Perfect and so righteous – yes Thou are the Torah Also life unto Thyself – Thou are the great Yeshuah Given all authority – Thy portion among ELOHIM the great Beloved Morning Star – election's wondrous fate

Beloved Morning Star – please do shine within

Bring us back so far – to when it did begin

Let us sing new song – yes a song made just for You

Come quickly with the dawn – for Thee our love is true

Just as Thou was cleaved - from great ELOHIM
Thou hast cleaved us as well – yes it surely seems
With Thy perfect love – awakened in us deep inside
Now we be soulmate too – in us Thou doth reside

We clamor for Thy glory – time to ride the light Time to come in power – time to come and fight Thy Bride great Moring Star – she be in distress We just can't go on – without Thee we confess

We cry out to the dark – we cry to wake the dawn With new song that we sing – a new song we did spawn Inspired by Thy greatness – inspired by soulmate Inspired by Yeshuah – salvation's life so great

Please listen to our voice - please do heed our string
Come oh hurrying Lord – come oh saving King
Thy soulmate doth await Thee – with a panting heart
Save us Beloved Morning Star – as Thou planned right from the start

Who is named Pele – Who can be called true Wonder Only our Morning Star – You be the one we ponder Spreading soulmate love – just so children will believe Spreading soulmate love – to Brides who shall receive

Woman or man means little – in this great mystery Except to comprehend soul love – this cleaving and ecstasy For soul love goes so deep – love it be the key In understanding Morning Star – as His Majesty

Sing you brides do sing – the dawn you must awake Time to wake the Heavens – the Earth your song shall shake For with thy melody – and thy lovely string Soulmate of all creation do you surely bring

# **Spirit To Spirit**

Spirit to Spirit - Psalmist does call out across the land I know you are out there - you 144 thousand In this realm or the better - just awaiting for G\_D's seal Feel it, know it, believe it - all of this is real

Onslaught it be coming - you can feel it deep inside Time to think of shelter - somewhere to reside A place where G\_D will lead you - show you where it is This our LORD shall do - you are special - you are HIS

Do you call out to the elect - do you beckon some to you Or do they just keep cleaving - this could happen too But be aware you must - with G\_D there will be order Please listen to my plea - time is getting shorter

Now more than before - so many seem to slumber The remnant need a guide - they be so small in number Awaken to the call - time to listen and take a stand No time for playing church - now comes reprimand

Spirit calls to spirit - please Beloveds pray
Destiny is calling - you just can't turn away
Open up your hearts - upon you others will depend
It is you to whom the friends - G\_D will surely send

Be it just like Noah - or even Rahab the prostitute Destined to survive - this you can't refute G\_D desires Israel - to stand and be haEdah Witnesses to Him - witnesses to HIS YESHUA

Can you see our Lord's selections - patterns that do sing
We find the pure and unblemished - in the humble and base things
Many sayings be literal - others given to be a shadow
Look for signs and pray - Spirit tells you what to say

Await the declaration - it won't be of your self
A message it will come - He'll send all necessary help
But know that action is needed - time to get in gear
Psalmist calls out to you now - for the time is near

Time to speak to loved ones – time to consider end days
The storm is surely coming – it be on the way
Even short of faith and perhaps with little trust
Soon they must be told – despite these things you must

This be about survival – this be about Yeshua's reign
This be about filling up Israel's bridal train
Be it tzit-tzit or robe – some will grab on tight just few
They knowing in their hearts – that G\_D really is with you

# Looking for the 144,000

Could it be you are a select of our LORD?
Having a special job, being one of the 144?
To take care of a group, perhaps they be small;
To keep them alive, sustaining life to them all.

Are you the one who will keep them alive?
Are you the select one who will help them survive?
All through time God always had a group;
Who would survive the tumult and make it through.

God wants witnesses left on this planet;
To proclaim the testimony of all that will happen.
Just like in the days of Noah, there was a group of elect;
Those whose very survival depended on a select.

God instructed Noah and he did believe;
Then he told his family and they too received.
Noah prepared the ark to protect family and float;
For when the waters from earth and sky would explode.

Only the seven plus Noah did listen.

God shut in the eight for safe keeping.

It was the haven of life for those eight;

To survive the judgment, the flood so great!

But those in the world would not listen to him.
Giving no heed to the coming judgment for sin.
To think that in the entire world there would be only eight,
Who would survive God's wrath, to have such a fate!

So now we look and see the signs.

The days of Noah are here at this time.

Are you the blessed one who will warn?

Those who are close to you will be protected from harm.

Do you know what G\_D's assignment is for you?

To bring them to life, to survive what God is about to do.

God has His select ones, they are the bride.

Those who cling to her robe will be the ones who survive.

For that day may come like any other day; People doing their thing, engaging in play. Things may seem normal if you are not paying attention. Soon comes swift judgment from another dimension!

Are you a beloved, one of the 144?
Are you preparing? You should know what's in store.
For if you are one and choose to believe,
You will witness G D's plan, to you they will cleave.

The brethren's very survival will soon be at stake.

They must stay close to a beloved for their own life's sake!

If you are a beloved, meant for this time;

Stay on course, watch for the signs.

Helping others to survive, that you've been given.

Do you know who you are, do you understand the mission?

Know there are others on earth right now;

Who are preparing and waiting for this to come about.

Listen to G\_D, He will put things in motion
He may even bestow a double portion!
Most important for the 144, for this they yearn;
To sing the new song of the Lamb, to call for His return.

I have waited so long to sing for my King; Yeshua come soon, we are all waiting! In the meantime, the beloveds will take care of your elect. Thank You Father for the charge of the select!

#### **Servant Resonance**

Instructions given oh so long ago
To a talmidim our LORD did love so
Revealed that only servants like him could understand
The great Revelation from our LORD to man

What means this is the question that we ask Who are the servants and what is the task To begin we were told to shema and believe The prerequisite before we can receive

Before anything - was revealed the path of the people Oh how we did see the years and church steeple Traveling a path defined millennia before Until finally our LORD shall have it no more

Then and only then when the cup is up to the brim
Then and only then shall latter signs and judgment begin
Kicked off of course by a trumpet voice - a blast
Revealing the power - present, future and past

Then new resonance - new song did commence 24 Beloveds with their harps, prayers and incense Prayers of the saints - crying worthy is our LORD Only YESHUAH - from ABBA given special chord

Again resonance - commanding look this way and see
The coming of the riders and horses that shall be
And we know that they ride - when the event is marked and doth shake
The wrath of YESHUAH makes the Earth quiver and quake

Yet mercy in the midst of judgment yet again
Oh such mercy from the throne until the end
Comes the seal for the Beloveds - those anointed
For these days - such times are appointed

Then the seal of judgment - resonance it doth cease
Silence in Heaven - for Earth no more peace
For trumpets and horns doth blast out resonance
Bringing pain and anguish upon an Earth without repentance

Oh whoring mankind - bitter water test did fail
Infidelity to the Husband - as creation it doth pail
Defiling land and water - with thy lumination thou doth make
Look at what's been done - to ocean, rivers and the lakes

But sleep it doth continue - as in the days of Noah Pundits looking hard - for a modern day Krakatoa But still the days proceed - and the prophecy it doth flow Truth be only revealed - to servants HE will show

Resonance to Resonance - sounded is the chord Get ready people of Earth - coming is our LORD Further things be along - judgment be on the way Soon so many shall be wailing - crying out oy vey

Rise up knowing servants - doth no one hear the call The great and wondrous surge - coming before the fall Sealed ones must be ready - there must be more than one Rise up Beloved sealed ones - tell them where to run

Time to prophesy again - yes many they shall hear Little book has been eaten - time to get in gear Resonance so sweet - honey on the tongue Bitter resonance of message - the Earth will surely plunge

Oh resonate so lovely - Beloveds speak of love Warning and the mercy - coming from G\_D above Oh elect return - repent and to YESHUAH run Too late to escape the judgment - but find mercy in the Son

G\_D doth speak to servants - a special resonance
All things do line up - nothing left to chance
Where be dreams and visions - signs up in the Heaven
Who doth listen now - for the resonance of the seven

Listen and obey - to the prophecies in the Book Listen for messages from those - allowed to take a look G\_D told us long before - what would happen in these days Revelation 12 be coming - who can know G\_D's ways

## **Arise Dry Bones**

Arise My Lovelies – no time to be dry bones Hear the Psalmist's song – hear the light that's shown Ready thy selves - for the grave rest be coming to an end Come Beloveds – thou hast a song to send

The Beloveds in YESHUA - surely shall rise first
Oh dry bones — how thou for so long did thirst
Come and meet the LORD — first up in the air
Come and meet the LORD — risen ones first be there

Be joyous oh dry bones – put on light and skin Listen to prophetic words – let it all begin Awaken dry bones – yes doth the Psalmist sing Hear the LORD's command – within thy soul and ears it rings

Beloveds have been waiting – patience is their way
Waiting on our LORD – waiting for such a day
When the prophet's words be spoken – thus saith ADONAI
Arise and live again – Beloveds whose bones be dry

Soon the Psalmist will arrive – and sing to thee up close For now just be excited – latter day winds they do blow Let thy souls be stirred – get ready for Mashiach HE is nigh Soon Beloveds arise – thy bones be living and not dry

Oh destiny and fate – what is this thing the LORD hath completed My Beloved brethren – in thee hath YESHUA seeded Thou shall sing new song – resonate with thy strings Thou shall call HIM back – thy song YESHUA bring

Rise up soon and ascend – meet HIM in the clouds Then be joined by the living – all the Beloveds shall be found For the LORD of Hosts – shall instruct thee on thy way Send you to Jerusalem – to stand for them that day Leaders, Priests and He-Goats - found to be so weak
The ones standing in the gap - be the Beloveds fierce and meek
Called upon to rise - House of David a special being
Beloveds be those standing - Israel and the enemies shall be seeing

Upon the battle front - doth Beloveds rise
YESHUA He be waiting - furious in the sky
When moment be just right - HE comes with jealous zeal
YESHUA comes to save Beloveds - Psalmist doth reveal

Get ready all my brethren - Psalmist she doth cry
Get ready all my brethren - both living and whose bones are dry
The LORD HE doth command - rising time soon comes
Dry bones that shall live - are not all but just Beloveds some

Listen to HIS prophets – LORD YESHUA HE hath spoken Prophecy revealed already – HIS WORD cannot be broken Parables be given – just so they can snare All the self-proclaiming wise men – chirping loudly as they dare

Who be these special saints – those awaken from dry ground Awakened to new life – destiny has them found Psalmist sings to thee – ready thy precious souls Soon living WORD doth command – arise and be made whole

#### **Soul Rent**

What hath soul love shown – love of soul be best
Of all that gives shalom – soul love burns the best
This be known in our realm – if experience of RUACH doth prevail
Soul love overwhelms – HaRUACH blows the gale

What of soul love greater – love eternal that is haya
Soul love that is perfect – between ABBA and YESHUAH
To know and be G\_D's pure love – to yada nothing else
To rent thy very soul in two – providing creation with needed help

Before the world was formed – YESHUAH did sacrifice
Being separated from ELOHIM – being rented from pure life
Oh calculate the cost – consider all the pain
Renting thy soul to leave it's love – so that rebels and sinners gain

There be no acceptable sacrifice at all – if not at the highest cost There be no sacrifice so great – as eons of soul love lost Rejection, betrayal and suffering – to loss of love doth pale Being rent from soul love – an eternity in jail

Who doth hear the Psalmist – who doth know such love Who doth know G\_D's sweet caress – tender upon the dove Who doth know soul fear – imagine pure love to be rent Losing perfect soul love – t'was given from Heaven sent

Beads of blood did flow – from YESHUAH'S beauteous head Not for fear of pain – not for soon that HE be dead Fear did take it's toll – for perfect love soon lost Separation from soulmate love – unimaginable cost

Oh FATHER how THY righteousness – makes groan my soul inside Rented from within THEE –YESHUAH not allowed to abide Becoming what THOU are not – condemning perfect soulmate YESHUAH became our sin – the thing that THOU doth hate

Psalmist she doth writhe – considering such a breech Perfect sacrifice of pure love – only YESHUAH HE could reach Go to them my SON – rent THYSELF from soul light Go to them my SON – for them stand and fight Oh YESHUAH how I swoon – this thing that THOU hast done Separated from ELOHIM – son of man did THOU become Mocked and scorn and sacrificed – greatest torment of all time Sacrificing pure soul love – oh victory divine

And what of coming wrath and fury – not for disobedience
But contemning perfect soulmate sacrifice – not loving perfect innocence
How dare thee sons of men – scorning gift from perfect dove
Choosing dark and wickedness – spurning soul love from above

If sons of men in zeal – guilty loved ones to the death protect How could ELOHIM – unrighteousness neglect Yes ABBA's perfect soulmate – for mankind did life spent YESHUAH to save creation – from ELOHIM did rent

Psalmist she doth plead – search deep within thy soul What greater sacrifice there be – than choosing to become un-whole Let us praise BELOVED YESHUAH – let us groan for separation burns Let us hope that soon HIS soul love – again in ELOHIM shall return

Woe to wicked hearts – those without soul love
Wrath and fury it doth come – from G\_D's throne up above
For G\_D is love its written – YESHUAH be the very same
Damnation comes to the dark – rejecting the gift, oh what a shame

Consider perfect love – could thou leave and rent Who could sacrifice pure love – un-whole a moment or eternity spent No greater love be shown – than the sacrifice of The SON Selfless soulmate separation – so ABBA's victory could be won

## 8 Days of Light

8 Days of wondrous light - perfect and so wonderful Closer and closer to HIM - doth us YESHUAH pull Again we cry out loud - LORD how can be this thing Resonance of soul love - to each other do we sing

Learning as THOU shows - yes LORD THOU doth teach Showing us the Heavenly - showing us where to reach Revealing perfect love - fullness of shalom Teaching us desire - oh please let us come home

Moments oh so sparse - yes we be from each other far Moments of sheer delight - burning light of eternal star On one hand desperate yearning - tis just so hard to cope On the other hand G\_D's promise - in HIM we trust and hope

In her womb did sprout - pure RUACH truth and grace Comes the Son of Man - glory upon HIS face Re-igniting light of mankind - oh HIS love we chase Pure light from our YESHUAH - can others see it in our place

Oh Channukah thy resonance - yes a holy Feast
Let thy light and love rage on - oh LORD will THOU please
Countenance of FACE - please show us GLORIOUS SHINE
Let soul resonance engulf us - us and our YESHUAH please combine

Soaking kiss of soul love - sweeps across our essence Can there be a doubt - we know it is THY presence Kingdom spreads to us - in this realm here and now YESHUAH's light is real - haya is forever now

8 days of Channukah be - 8th Feast be our LORD's
Biblical or not - there be no denying Heavenly chords
Resonance so special - gifted when YESHUAH did create
Light did come to this realm - when YESHUAH left ELOHIM the GREAT

Run to HIM dear children - please don't hesitate Finding living love - HE is mankind's everlasting soulmate Let HIS light rain down - let it soak way down inside Let YESHUAH's Channukah gift - forever in thee abide

## See As G\_D Sees

Do we see as G\_D sees - what is behind the veil Can we see the strength of grace - in the sinful and the frail All throughout the ages - from Adam did G\_D view The remnant to find grace - the humble and the few

In this realm the look - may not be the very best
In this realm it may seem - none can stand up to the test
But beyond the veil great G\_D - does see the innocent dove
Those on the Torah aliyah - with YESHUAH's soulmate love

Humanism be fine - for the sake of humanity
Humanism be fine - if one doth seek idolatry
In it we shall be - but of the Olam we are not
Children brought by blood - those YESHUAH HE has got

Love not the pride of life - but learn and do G\_D's will Turning away from the world - be quiet and be still For G\_D sees oh so differently - G\_D sees through our Ozer G\_D sees YESHUAH's seed - beautiful and fair

Imperfect as we be - struggling along the journey
Admitting every day - G\_D be such a mystery
Quietly awaiting - instruction from G\_D's TRUTH
Speak to us today dear LORD - let faith be our strong proof

This Psalmist she does cry out - LORD please let it be Beyond the veil like THEE G\_D - for a moment let us see To look upon the brethren - to see the veil from behind To see the grace of YESHUAH - to see their soul love shine

As G\_D's WORD does reveal - "hallelujah" in G\_D do we shine Praise and worship HIM in truth - with RUACH oh so fine Resonance of saints - reflecting true light of The SON This light be pure soul love - in YESHUAH we are one

Oh great G\_D how can we see - the shine beyond the veil Despite Creation's beauty - mortality looks so pale Let us see as THOU does - YESHUAH let us see the soul Let us see the glorious shine - when rebirth makes us whole

Oh LORD let us shine forth - let lovely be upon our face Let others see YESHUAH's shine - right here in our place Demure and meek and quiet - humble as THOU commands Let us shine in THY glory - please let us make our stand

For love of brethren be our standard - rebels we will not tolerate Shining in the dark - we don't yield or hesitate Humble but unyielding - this be the Psalmist's cry Until the day doth come beloveds - to meet YESHUAH in the sky

## **ELOHIM Of The Living**

Oh GREAT ELOHIM – G\_D of all the living
This wonderful "haya" – this life THOU us be giving
Knitting and weaving strings - by THY work and chord
All to know and live YESHUAH – our SALVATION and our LORD

These steps YOU provide – this straight Halakha
Revelation of the TRUTH – feet to face Aliyah
Gently blowing into the soul – RUACH that is right
Letting us know YOU and YESHUAH - mankind's very Light

THOU soul love for YESHUAH yes it be untamed
And for the perfect love – Ezer shall get the fame
The longing be so dire – oh just to see the face
To be reunited in ELOHIM – through miraculous Love and Grace

THY WORD oh G\_D – clear declaration

Pure TRUTH no doubt – pure inspiration

Yet just words if echoed - by the dead and not the living

Without love's resonance – nothing for the giving

But THOU oh awesome MAKER – hath raised up for memory Messengers who resonate – who live the mystery Living "haya" indeed – when WORD doth give off vibe Truth of knowing – real yada comes from deep inside

There be so many who do chirp – trying with facts to seal A TRUTH which must be woven – to each a Heavenly reveal Leaders, sages and wanna-be(s) – oh so much to say Part of rushing waters – who can't hear or see today

The Psalmist she doth cry out – sending love and resonance Not to Y'hudah or Ephraim this time – she cries out to the saints There be no help from the Mitzrayim – nor from Ashur - Babylon We trust in Ozer YESHUAH – hopes alone on HIM upon

Oh wondrous LIVING G\_D – Isaiah truth did speak Await the wonderful child – Mashiach Bridegroom would you seek Comes the second gathering – all saints from afar Written to Life in Jerusalem – comes our Morning Star The saints ye be not orphaned – though base things we all be Denied by secular Y'hudah – same with religious Ephraim you see Deep in tribulation – sustained only by YESHUAH's love We be planted in HIS vineyard – by ELOHIM above

Yes ye saints be living – little enclaves knitted together
Don't be sad my brethren – for this be so much better
This Psalmist resonates to you – blessing to you be given
Receive you thirsty saints for free – in us YESHUAH's RUACH be living

Common theme there be though – oh please see it in Torah The songs be for the Master – the songs be for YESHUAH From creation til this day – new things be about The Holy One of Israel – to HIM we sing and shout

Heavens opened wide – did sing their song of peace YESHUAH came as flesh –glory is and will not cease Consider all the patterns – consider Messianic prophecy All the songs be coming – it's YESHUAH can't you see? Arrival of the King – yes here HE comes to fight Signs and wonders come with HIM – shining ever bright

Wake the dawn beloveds – sound thy voice and string
Arrives the Morning Star – a new song will you sing
Temple oh so grand – nothing can be silent

Quicken lovely Spirit – get ready singing soul
Song of Lamb be sung so nice – symphony soon be whole

## **Sing Chana Sing**

Favored but so shamed – lovely but barren left Oh sweet and lovely Chana – thou be so bereft Mocked and put to scorn – right within thy home Doth not thy soulmate – give thee enough shalom?

How thy tears do fall – yes now and all the while Soulmate he doth try – try to make thee smile Yet forlorn thou be – impossible now it seems That the maiden can fulfill – all her lovely dreams

To Shiloh run young lass – plead mercy to the KING Lift up thy heart so lovely – now to HIM you sing And hear you yes G\_D will – just in the last of time Deliverance of thy dream – this shall be thy sign

Now our lovely Chana – oh yes she begins to coo Overcome – for her great G\_D did woo Special blessing – brings on special song Oh how it plays – even to Mashiach that long

Back we go to Chavah – man-child hath SHE got How Kayin was her hope – how ELOHIM was forgot But Chana be remembered – Chana be not forgotten Elkanah did give seed – from ELOHIM a child begotten

Oh yes lovely Chana – thou doth vow to dedicate
There be real short discussion – even with thy soulmate
For thy mind be clear – thy path be set in stone
Thy way be oh so clear – thy path be surely shown

Now doth Chana sing – against those who do mock Now doth Chana sing – of SALVATION the ROCK Now doth Chana sing – blessings for barren forlorn Now doth Chana sing – lifted be her horn

Now doth Chana sing – against the ones so high Now doth Chana sing – dead ones lifted to the sky Now doth Chana sing – of glory that doth await Now doth Chana sing – of the beloveds and their fate Oh so lovely Lady – thy song doth beckon so Sweet resonance so nice – a love song don't you know For judgment it doth come – to all G\_D's enemies The wicked shall not inherit – bless the saints and coming glory

For blessed these days you are - barren thou not be
Now set on high – lifted up with the royalty

Thy song doth sing in Miriam – did we hear it play Oh so lovely song – she sung so nice that day RUACH did bend realm – haya intersected her soul Down across the times – Song of Chana it did roll

Thy song sweet maiden resonates – plays now in this late age Confounds the wise and haughty – confounds the sharpest sage For favored yes thou be – thy not-barren song doth ring Thy song doth usher in – SALVATION, yes the KING

#### Peter's Mantle

Such a special blessing – on Peter it did fall He listened to his brother – he did heed the call Emerging as their leader – yes he was so bold See what is the truth – see how Scripture has us told

There for all the big events – never missing one
Told to feed and tend the others – commandment from the SON
Knew YESHUAH was Mashiach – from ELOHIM he did receive
Faith yes it was bold – left the boat he did believe

Notwithstanding great denial – his faith be such a portrait Wonderful charge to do – such a gifted fate Testimony on Shavu'ot – oh the words so grand Thousands on that day – his words they did understand

Prison could not hold him – like YESHUAH he just did walk His appointed time not yet come – of the community he was the talk Passed such great a test – when he told lame one to stand tall Witness to Goy calling - he testified to all

Discerning yes he was - knew when truth it not be told Work against the RUACH - dead the two turned cold Power in his walk - people healed just by his shadow Path took Peter to Babylon - to the very end we know

Of all the Talmidim - Peter's mantle be so strong
To Peter did YESHUAH give - special blessing song
Though not the first one called - Peter surely was select
Mantle given by YESHUAH - the WORD lets us detect

Like all - our Peter was not perfect
There be some things yeah wrong - some things he might neglect
Perfect wearing mantle though - Messianic mission did he lift
Peter did shine brightly - wearing mantle gift

Unspeakable joy be his - exhort others to never forget Persecution and temptation - beloveds do not let The great hope of the appearance - of HaMashiach YESHUAH Be HOLY for HE is HOLY - stay close to HIS torah

Love each other oh so much - let love shine ever so Let love withstand iniquity - always love do show Let elders feed the flock - let elders ever shine For even stuck in Babylon - G D's order be divine

Please do make thy Aliyah - Peter doth exhort
From faith up to G\_Dliness - this be Peter's report
Finally let love shine - to make election sure
Pure love for G\_Dly brethren - this be the how much more

With Peter there be no fables - nay no fairy tales
Messianic mantle - so strong none could assail
Testimony oh so strong - it be ever brave
Stand against false prophets - mantle would not cave

Be wary Nicolatians - thy day shall come real soon Coming be the darkness - no light from sun or moon Let the scoffers scoff - beloveds just believe By revelation faith and love - thou surely shall receive

Peter where be thy mantle - where be so strong witness Patiently we await - struggling we confess For latter days be here - Messianic mantle it doth come Received by oh so few - received sadly just by some

#### **House Love**

Yes there be far too many – Nicolations yeah those vipers Chirping their own song – playing as pied pipers Vexing all along – so right in their own eyes Lifting up their own name – right up to the skies

But all generation not be lost – not all be defiled louse Wheat besides the chaff – there be those in special house No money changing going on – no prideful idolatry Yes there be Bereans – look close and you will see

Oh Essenes of old – thy legacy not be dead Scrolls they still be living – how Nicolations they so dread In the end how Talmidim – dealt with houses oh so small Sadly truth and love – on most believers doth not fall

To the Lady of the house – please do nurture and never neglect Household scribe be truthful – household treasures do protect Don't fear thou be rebellious – don't think thou be rejected Sent away from synagogue, church and shul – rejoice thou be elected

Testing everything – destined to be this way
Upstarts and rebels yes accused – From beginning until this day
But thou did only follow – soul desire to love the mishpocha
Having faith in YESHUAH – showing love obeying torah

Psalmist does sing love song – to houses oh so small
To each and every soul inside – yes to one and all
For so corrupt things be – Nicolatians upon flesh do feast
Thinking they be saved – while they serve the beast

Though you be so little – yeah seemingly without power
Thou be ever fragrant – lovely tzitzit flower
Turn the other cheek – accused of no authority
Household does not mind – they have loving real community

Tiny little secrets – yes you households be Living in YESHUAH – yes messianic family Thy houses yes they be – house of prayer in all the nations Laboring in anonymity – not worried about high stations Psalmist sings to thee – thy households be so pleasing Loving all the brethren – here there be no fleecing Thy houses be so filled – with gifts of each and many signs Thy houses getting ready now – households know the times

Psalmist praises ELOHIM – there be hundreds even thousands Of households standing firm – children numerous as the sands Crazy to the olam – rejected by leaders, priests and he-goats How YESHUAH does protect thee – around thee there be moats

House Love be so special – Psalmist prays thou stay the course There only be YESHUAH – HE be thy household force Like Bereans from long ago – with RUACH all things test House Love survives the Nicolatians – House Love be the best!

In the end we'll see – really who was zealous
In the end we'll see – if there be reason to be jealous
For the LORD YESHUAH – will bring false and blind ones yes to see
Who really is beloved – who really is HIS household family

## **Song Of Songs**

Sing of love so special - sing of what to thee did awe Sing our sad King Shlomo - how thou did not heed true love's call But at least thou finally asked - what of soul love that is real How ELOHIM did answer - Song of Songs did make thee feel

Follow lovely courtship - how lovers were each a delight Perfect yes they were - perfect in each other's sight Telling such a tale - great and wondrous mystery Sages wrong again - commentaries throughout history

Understand the Heavenly - not if in the here and now be blind Psalmist does exhort so - look closer for truth to find Do not think this revelation - looks past man-woman relationship Revealed is true soul love - courtship Aliyah the trip

Follow clues King left - yes look at special kiss
Fragrance tied to soul breath - look again oh please don't miss
Sparkling and the Shine - yes how RUACH doth beseech
Look closely and do seek - what Shlomo tries to teach

There be such beauty yes "yaphah" - oh such glittering glory Be the loveliness we see - in bride and groom's sweet story Alas we see the maiden - not so special to the naked eye Perfect she is to the suitor - taking breath away with a sigh

Oh Shlomo thou would not - break from tradition or thy plan Marriage for convenience - soul love thou did not understand In the end t'was too late - chariot ride Beloved took Final counsel thou did give - friends for soul love you need look

Thy Proverb riddle be answered - soul love it be destiny If true love it doth wait - if true love seeks the G\_Dly If thou would see her as thine equal - see her royalty Thou would be like Abraham - with Sarah now you see

For chatunnah thou did use - to show espousals as they be A'dam and Chavah garden love - all clues be there to see Poor Shlomo thou did miss - true soul love to have Thou missed incense breath so sweet - thou desired soul love salve Oh Beloveds thou be special - Bridegroom sees thy heart HIS delight be for and with us - right from the very start HIS creative kiss - be the breath of life inside Soul love shares that special kiss - three in one shall all abide

Oh YOU wondrous bridegroom - will he or she THOU love contend Patience and submission - surely soul love THOU will send Garden love song be a shadow - yes even here and now There be those who understand - Shlomo speaks of wow

Picture of HIS bride - yes Beloveds nay no church Speak of folly yes - when sloth it will not search Nor it be the Nation - though the nation it be favored Beloveds be so special - yes these ones they be savored

Picture within pictures - see the Messianic portents
Realms collide they do - bringing soul love incense
What has been, what has yet to be - garden love it shall prevail
For YESHUAH's delight HIS soul love - it shall never fail!

If there be a chance - chase and fetch before she flies Grab onto the soul love - Shlomo so desired the sighs Forget what has been taught - follow soul love take a chance Beginning we see G\_D's desire - for garden soul love romance!

## **Kingdom Song**

King's Torah in Psalm 119 - indeed a permanent record All his hopes and trust come round - David's eyes looking toward Revelation and patterns perfect yes - house built by a son All this made possible - for the battles ADONAI had won

Fetcher of the ARK - yes David keep it close
On Holy Mount Tzion - yes right under his nose
David do make sure - all things be in perfect order
Chronicles doth confirm - scribe be a faithful recorder

How did David know - surely not by pure imagination?
Patterns of House and Holy Service - like Moses, awesome revelation
All things be set up - even down to order of Holy Singers
David yes he knew - they be DAWN wakers, yes the bringers

Chronicles doth bring out - the rest of David's story
How faithful be the scribes - how they focus on the glory
Careful be the scribe - report not all but just the some
Chronicles be about the King - even more so about G\_D's KINGDOM

Wonderful transition - King Daveed to wise son Shlomo Scribes present the story - how it did and yet again shall go Look close to see a picture - coming Kingdom yes perhaps There be Navi'im Ezekiel and Yochanan - Chronicles filling in the gaps?

Lovely patterns made just right - nations made a tributary
How the "ARK" it be united - with "Holy of Holies Sanctuary"
"Anointed Dedicator" surely - covering of impassable "Keruv'im Wings"
Comes sweet song of "Singers" - RUACH worship pure, HaDABIYR it brings

WHO doth dwell in darkness - yes G\_D's WORD us does tell Coming through HIS door - the clue it be the awesome "araphel" One response there be - when confronted by THE SON Hold thy ground and die - or in terror turn and run

For YESHUAH yes HE be - nothing less than ELOHIM THE GREAT Come again in PELE GLORY - yes HIS resting place does wait From whence THOU come GREAT LORD - patterns show how yes THOU can How we wait for KINGDOM come - how we wait for when

Then iron rod it doth emerge - with power it be wielded No shaking of HIS KINGDOM - how all nations they be yielded Treasures from afar - yes tributary tax they bring When "SHEKINAH" times come - Holy Psalmists how they sing

Oh Israel the glory - YESHUAH the patterns show How coming KINGDOM be - how for Earth the things shall go Comings and HIS goings - we pray soon will be the when Come oh hurrying KING - YESHUAH please come from THY garden

Tis the door no man can shut - nor open not at all Door doth only swing - when Holy praise and worship calls For high upon Mount Tzion - as Moses did speak face to face Comes HaDABIYR at HIS times - how lovely be HIS face

Oh Psalmists won't thou sing - to pattern shown so long ago Sing again sweet Psalmists - Yochanan pattern it does show A city filled with players - city filled with those who know their song Please call HIM to HIS resting place - HIS delight in us be strong!

#### KISS The SON

What means the saying David – thou Psalmed "Kiss the son"
Surely not speaking of thyself – surely thou be speaking of the One
Pay homage yes indeed – glory to the throne
Lest the son be angered – oh you better run and moan

It be the Son who builds the house – he be the Son of glory Prophet Remembrance says the Branch – Prophet tells the story Long after Daveed and son Shlomo – speaking towards the end Speaking of THE KING – ELOHIM shall send

Oh Israel thou hath waited – but who could understand
That this King to come – first came as a man
How with awesome zeal – traffikers from the house were chased
How HIS anger seethed – told thee house, must be replaced

How stiff necks hate the Prophet – Yeshayahu oh so elevated Hating great YESHUAH – for t'was ELOHIM they hated Again the prophecy shows – who be the coming King First the humble servant – than next the glory bring

Yes the prophets know – great house as well the riddle Oh so sad for Israel – they still doth know so little Connect the dots ye scribes – wilt thou finally just do something Recognize the truth – yes recognize the King!

So testifying great YESHUAH – what clues tell us to kiss Doth any have the answer – or doth the mark all miss Perhaps we get some help – yes the woman at the well Can thou find the clue – can true worship tell?

Oh who would kiss the son – yes who in righteous manner Who would show us how – who would give the pattern Who would soothe SON's anger – who yes could come near Oh thou lovely lady – thou did kiss HIM with thy tears

T'was worship heard in Heaven – matching David's fire
T'was not for dreadful fear – t'was not worship made from hire
Tis Beloved's heart – spirit and truth so pure
Tis the perfect love poured out – love for the SON yes all the more

Who hath great SON saved – who be a worthy KING
Who doth stand not bend – who doth not give up everything
Kiss the SON let pour – yes fly unto HIS feet
For this be the place indeed – where love and mercy meet

Don't withhold thy love – thy adoration, yes worthy alone Pattern of the truth – example has been shown Kiss the Son or else – HIS wrath be kindled please don't wait For when thou be forced to worship – then sadly it's too late

### The Slave

Who doth serve one Master – who doth nothing expect
Who doth wait on holy command – to see what shall come next
Who doth have no will – who doth worry over nothing
Though HE made a friend – tis only slave song that we sing

Oh quiet down ye flesh – wanting always to fret Yochanan the Beloved – tells what we shall net On Patmos oh so nasty – finally Beloved reveals his place Giving up it all – we see how he ran his race

Thy name be gracious Yochanan – thou did get such love and favor A perfect slave thou was – thou labor such sweet savor In the greatest depths – of bondage, tribulation and despair Whisked away by RUACH – on Shabbat whisked away from there

Not just sight was given – perfect proof delivered How thy heart did shake – like unto death thou quivered How we see Beloveds experience – we see how truth and haya they do feel No conjecture on their part at all – in them Master's truth be real

For a LOGOS, living word – surely not just heard but felt Living WORD takes hold – proof that IT has dwelt No thinking just reacting – slave answers Master's call Doing Master's will – no matter what might befall

Yea Beloved share thy heart – tell us what thou heard Tell us how it feels – being slave of Master thou hath served Take us on thy journey – bring special haya into our being Let us feel and know – what all along thou hath been seeing

For those who shall submit – those who truly do believe Experience and feelings – not just words we can receive Then perhaps we too – shall know truth the Master doth reveal Let thy resonance soak way down deep – forever truth inside to seal

How can we trust Beloved – when they say it all be true Can we really know – what experience be inside you? The answer it be yes – if RUACH blesses all the more Experience it doth reveal – thou be a slave for sure Who doth know the Master – of course it be HIS slave All things be laid down – like HIM upon the altar lathe Then happy and so blessed – for coming truth thee it won't shake Brethren how the Psalmist prays – thee a slave our LORD shall make

I can feel thy heart Beloved – hearts beat in one accord Sharp penetration every time – comes LOGOS yes the sword Piercing oh so deep – thou experiences we feel and receive Memories of reality – in thy special weapon we believe

#### **Daniel's Secret**

Oh You lovely angel – messenger of the Son Of Man
Delayed you were the 21 days – who doth understand
Prince of Persia and forces withstood – how they kept thee captive
Special message oh so great – to be kept from Beloveds that live

But alas did come great Micah'el – Captain of the Host Great power, chazak to battle – those that left their post With the Son Of Man – this special purpose, yes to bind Secrets of the War of Heaven – can we seek and find

What means this scribe doth ask – could the message be the key How the war did break out – just to set one Angel free So that Dani'el could be told – of his people's fate How Micah'el be their special Prince – protection oh so great

But ELOHIM HIMSELF – be KING and PRINCE of Yisrael All along G\_D's WORD – this truth it doth us tell So who be Micah'el's people – who be destined for special message Who doth ever see – the names upon the page?

Oh greatly beloved Dani'el – what of the secrets in the book Did Yochanan the beloved – also get a look Secrets oh so great – knowledge of what Beloveds need to know The truth of how it culminates – of how G\_D's plan shall go

HaSatan and wicked hosts – risked even their Heavenly place
Just to keep the message – from reaching beloved Dani'el's face
What means this, so important – how awesome the message so great
That even some hosts of Heaven – risked it all to change their fate

What knowledge could man have – what actions could man ever take Could it be that Beloveds – have charge the dawn to wake To crush rebellion on the Earth – by calling the Morning Star Bringing back our GREAT PELE – and Micah'el the Beloveds protective Sar

Oh wondrous King of Greece thy days – began when thrown down low For centuries thou hath corrupted – yes G\_D's WORD this doth show Prince of this world for a time – now thy time be running short Psalmist sends reminder – Psalmist sends report

Oh YESHUAH thy Angel – yes awesome Angel of THE LORD It was always YOU – sending message of sweet chord ALL THINGS by and for YOU – THOU be "I AM" for all Creation WHAT THOU BE YESHUAH – so far beyond imagination

Psalmist calls again — Beloveds hear the new song
Same song that the stars — have been singing all along
The secrets not be secrets — yes only to the wise revealed
End times be so nigh — judgments and secrets be unsealed

King of Greece have thy moment – yes thy power it be great
But message was delivered – surely this truth sealed thy fate
For soon the binding comes – comes greater power than thy own
Soon comes the Son Of Man with Micah'el – into the pit thou shall be thrown

Psalmist cries aloud – chazak chazak oh brethren

Tis not a matter of if – tis only a matter of when

Ready thy strings and songs – it be the resonance of your lives

Message to Dani'el be oh so nice – appointed Beloveds shall survive

Rise now Earthly King – end times they be gathered

No changing any purpose – ELOHIM's will be all that ever mattered

All sin put upon thy shoulders – fowl's be ready for the feast

Show thy colors truly now – show thyself to be the beast

There be secrets thou can't stop – song of songs must play
Beloveds they shall sing – to wake the dawn that day
Mysteries of the Heavens – on Earth they be revealed
Bound yes be the Heavenlies – in the Earth the judgments sealed

How the many so shall seek – but not more than just a look Understanding not – the secrets of the little book Many they shall claim – how in all things they believe But truth be truth indeed – even when gifts be not received

## Shiyr haMa'alot

A matter of degrees – yes a matter of ascent Wondering if we ever – on Aliyah ever went Doth no one ponder – Psalmist asks who listens OH so sad it seems – so much wonder has been missing

By definition there be steps – but timing be important Moving in G\_D's rhythms – not the way we want The Psalmists lay it out – yes for all to see But if no one looks – then there be a mystery

Psalmist cries yes save me – for their be distress Now be time for crying – for all such be a mess But who can save at all – who my soul will keep G D of Israel – hear the bleating of the sheep

But in THEE LORD is hope – Psalmist sees what is to come Not for all of course – but for the Psalmist and just some Days of glory yes – royal end game back at home Prince of Peace be coming – in the gates oh Sar Shalom

And folly adversary shouts – thy hope just makes us mad So more deceit and more oppression – we send to make you sad Their contempt of hope and innocence – wagging finger in the face Saying G D be not here now – saying G D, HE be not in this place

But Psalmist still be here – for G\_D doth not abandon GREAT EZER doth lift – yes help comes from the SON Face to face be the HELPER – experiential and so intimate Always just in time – never coming far too late

LORD make me like Tzion – Psalmist humbly pleads Gird me all about – to the promised land do lead Make my purpose perfect – LORD make me so complete Make me run from wickedness – make so fast my feet

For when the days do come – returning home shall be so grand Laughing and singing loudly – protected by THY holy hand Chag Sameach we shall shout – tis Jubilee yes til Yovel Regathering once again – yes the remnant of Israel

Psalmist be so weary – Babylon takes its toll

Not until I'm home again – will I be completely whole

My degrees rise oh so slowly – I know LORD time be in THY hand

But Shiyr Ma'alot helps me so – it helps me understand

Bless thee our sweet David – another Sukkot song to sing From thy garden place – another blessing thou doth bring Across the realms thy psalm – to the Psalmist resonates Like thee I hope for then – my heart and soul they just can't wait

Sing a song of Tzion – restoration hope rings strong
Psalmist plays it yet again – singing another Aliyah song
My father David a daughter hears – yes the Psalmist listens
No Safed mysticism needed – just pure resonance that glistens

Oh so close my Jacob – thou doth beckon ever deep
But thy secrets just won't help thee – YAH shows how souls HE keeps
Tis right there in TORAH – and yes IT IS A NAME
PELE YOETZ EL GIBBOR AVI AD SAR SHALOM – in HIM there be no shame

Mystical and ascending – thy shokeling may make thee high And yes thou must descend first – doth witness Earth and Sky But thou wanders oh so far – from G\_D's WORD yes TORAH Thou still hath not David's key – thou still not hath YESHUAH!

Psalmist asks our LORD to bless thee – for thy zeal be such a savor Psalmist asks in YESHUAH'S NAME – that these ones HE will favor Turn their hearts to TORAH – not theirs' but YESHUAH'S story For then they'll finally see – it's about HIM and only HIS glory!

## **Always There**

Always was G\_D there – for Yosef it did not matter We see G\_D's loving hand – we see it in the pattern Special little child – somethings yes he knew Dreamer how he was – a beloved, yes a few

My they hated him – did not like how he was blessed Hated him all the more – his shine, how he was dressed His way it was just different – stood out amidst the family To fulfill the special charge – he was removed how we did see

To all others it was horrible – how special shine was rent
The blessings he could bring – away the family sent
Thought the father did not know – but with him was G\_D's hand
They simply could not see – they could not understand

Oh beloved all thy pain – heartache and despair How they did not care – how you were doing there Sent to Mitzrayim – thy fate put in G\_D's hands But little did they know – for thee G\_D had such big plans

Then accused of debauchery – but thy loins and hands be clean Allegations and only judgment – beloved knows just what this means Torn from sweet abode – where household thou did keep Sent away to prison – again alone into the deep

Oh Yosef who did care – who watched over thee Who made thee a dreamer – who did set thee free Who gave thee Pharoah's favor – who to thee the future revealed Who blessed thee all along – who all curses did repeal?

Always there was ELOHIM – HE did give thee gift
Always there was ELOHIM – HE did give thee lift
Always there was ELOHIM – HE made sure that thou was blessed
Always there was ELOHIM – HE did take away the mess

But so special is beloved – not one to hold a grudge From the special charge – beloved did not budge Used the blessings given – so that Israe'el could live Used the special blessings – not to take but just to give Oh beloved where is thy due – Isra'el should love thy story How it be a portent – of YESHUIAH's coming glory Suffering Servant picture – but also G\_D-Man clue Are there no more pictures – is there no Messianic view?

Where be portents now – no more beloveds we can see Is no one simply looking – or is it an unknown mystery For life it is played out – in patterns THE WORD does show THE WORD be alive in every way – this be how life goes

G\_D be always there – look for beloved HIM to find For G\_D directs the moves – of the special, those who shine Look for patterns that be seen – oh yes you'll be surprised G\_D be always there – thou needs faith to see with eyes

So we forget our lovely Yosef – write him off as dead Forgetting all along – patterns of what G\_D said The lowly shall be raised – blessed and never bare For with beloved it just be – G\_D be always there

Psalmist sends remembrance – what seems to be is wrong How Isra'el doth continue – singing presumption song Not seeing G\_D's great plan – in the humble and lowly unfold G\_D be always there – in the patterns it be told

# **The Cleaving**

Prophet Moshe did exhort - oh Isra'el take stock

More than simple listening - the word he used, it is "dabaq"

A simple word perhaps - but meaning much more than believe

After passing over - then important, thou must cleave

Way back in Devarim - great Moshe did reveal
The end game of Sh'ma - how children become real
Let us now consider - more than the command
Let us now consider - let us really understand

Dabaq it means to catch - yes it means to chase Connected to the land - connected to G\_D's place Jacob he did cling tight - as the morning sun did rise Keep on wrestling Jacob - just wait for the surprise

And what of Ruth sweet lady - G\_D of Israel she did believe Would not leave Naomi - to ELOHIM how she did cleave King Daveed he be the same - for RUACH how he cried Cleaved to GREAT MASHIACH - valley of death how he survived

Dear Andrew called to Peter - it's HIM we understand HE WHO Moshe talked about - right here in our land Yes the covenantal call - G\_D's NAME in that place Hurry don't be late - come and see HIS face

Shlomo he was shown - how "dabaq" comes into view Song of Songs be simple - cleaving as hot pursuit Weeping Prophet cried - a new thing to understand Hot pursuit, yes courting - by a woman of a man

And comes the KING so great - yes a pillar from the East With HIM those be cleaving - those raised up, and them the least Those who hear G\_D's calling - those in RUACH who understand "Dabaq" it be pursuit - of G\_D's FACE in the land

Scribe and King doth write - always seek G\_D's face
But of course this means - cross over to HIS place
Where G\_D puts HIS HOLY NAME - upon HIS HOLY Mount
There be the Living Waters - there be Salvation's Fount

Psalmist she be lovestruck - a maiden how she chases Seeking GREAT PELE - in her travels and her places Awaiting desperately - oh where be Jesse's root Always feeling "dabaq" - always in hot pursuit

Maiden chases a MAN - mystery of the bride Awaiting to be taken - awaiting for the ride Heart panting oh so fast - can the quickening you feel The cleaving it doth show - who be chasing and be real

#### **EL Has Heard**

Miraculous birth oh yes – dedicated child nice and bright
Oh the things to be seen – yes all of Samuel's sight
A judge of Israel yes – seeing days of chaos and harsh Philistines
So blessed but oh so difficult – our Samuel, what thou hast surely seen

Thine own sons did not follow – the way you showed and lived Through thy life oh Samuel – so many sifted through the sieve Lovely ARK was taken – Sanctuary home it be so torn Samuel did see so much pain – King maker so forlorn

Thou were flawless was the witness – but around thee who did fall Priests, Leaders and the He-Goats – even King who stood so tall But there was hope indeed – thou anointed one with heart and light The wonders thou did see – yes David, what a sight

Was your heart so glad – when Goliath lost his head Did you hear the news – how David ate the showbread Did thou pray for David – on the run from wicked King Samuel how thy record – to us still it still sings

Year by year thou traveled – all across the land
Judging and exhorting – yes children make a stand
But oh so long the travail – thy days full of such strife
What did thou think of Jonathan – how he gave up his own life

You were a protector grand – of the select, yes the anointed Girded up in righteousness – yes thou were appointed Thy words and deeds so great – never falling to the ground Thy torah wonderful boy – lovely and so sound

Thou did prophesy with life – they reject the true KING for a man And comes the days of Caesar – but who doth understand How thou be a portent– yes a picture in the Torah Miraculous birth be no coincidence – thou be a sign of GREAT YESHUAH

But victory it did come – after mourning all night long Thou did thy duty Samu'EL – yes came the vengeance song No matter yes how difficult – thy heart was always large Picture of THE GREAT ONE – picture of HIS charge From the womb so dedicated – G\_D did speak to a child Ready and so able – upon thee duty was so piled But the wonders that thou saw – the experiences that thou hath How Samu'EL walked so straight – made Aliyah his path

Thy journey paused in time – "exalted place" it be a clue Thy Haya be as anointer – just like Yochanan too Even risen from the grave – come back yes but for a while Thy life and times be difficult – yes in times of trial

Be remembered little Nazarite – resonance won't let us miss A love song comes to thee – if but only from the Psalmist Father David loved thee much – but this be known already Thy song oh lovely Samu'EL – doth help us now and keep us steady

#### **Last Words?**

Wonderful King Daveed – last words be recorded Sweet Beloved Singer of Israel – have they really been reported Jacob spoke as Israel – Moshe as King for a day Last words Melek David – what did the RUACH say?

How you longed our King – for seed and house yes to be perfect How you told the truth – thine house it did neglect Nevertheless a promise – covenant by ELOHIM so secure All this would come true – though thy house would grow no more

Thou did indeed tell Shlomo – but thou knew he would not stand The RUACH yes did promise – thy salvation, would come by a MAN How the Psalmist ponders – Dawn's light you see it glisten Why oh Father David – to your words, sages just won't listen?

Sweet Singer sing again – Psalmist sends a clue Power of the youth – Dawn glistening upon the dew Righteous house established – yes Holy Priest forever Ruling yes unending – ruling ending never

GREAT YESHUAH tested Pharisees – what of Mashaich the Anointed They did know the answer – Son of David be appointed But how could it be HE asked – "That the SON was LORD to Daveed?" The Pharisees oh so silent – none could answer HIM indeed

Oh Israel the common folk – how to YESHUAH they cried out When HE rode into Jerusalem – my how the people they did shout Son of David yes – Barukh haba b'SHEM ADONAI Praise it was perfected – lifted way up to the sky

Last words sweet King David – the RUACH through thee spoke Truth for those who see – but how rebels they do choke They disdained thy last words David – they disdained the truth of Torah For if they did believe – they would have recognized YESHUAH

But Psalmist doth know more – how the living just aren't silent Words from sweet Daveed – from other realm be sent Thy voice Sweet Singer of Israel – again it shall be heard For ELOHIM doth keep HIS covenant – ELOHIM doth keep HIS WORD

## A Good Seal You Say

Some prefer good fast – yes some like to say Some say g'mar chatimah – on Yom HiKuppurim day Be sealed yes is good – however, sealed yes in what book Book of life or lamb – who takes a second look

ELOHIM commands – open up the books and see Who is there and who is out – all hope, it is not me Oh what mysteries – what book of life is that one Meanwhile the book of living life – this simply be G\_D's SON

David and his son – HaDabiyr yes they both knew Used the special term they did – both used "ORACLE" too Is not life just simply – more than water and the bread Is it not each WORD – from G\_D's lips that was said

In beginning was the WORD – right from the very start All nephesh and everything – knows this in their heart And all of Holy Scriptures – so many believe that it is LIVING Psalmist offers up the clues – who gets what she is giving

Is there more than one – this wondrous book of life so grand Doth ELOHIM hold back – HIS WORD from all of man Oh where be all thy names – how be they written in THE WORD Perhaps this be the reason – why many want one that's been heard

And of course a good one also – for who wants the ugly names Who doth want the ra – who doth want the shame But everyone is there – believing or simply to ignore Psalmist thinks it truth – seems this way for sure

Perhaps all do have chance – yes many names to live Depends upon the Aliyah – how many name our G\_D might give Doth the human life – take hold and live the WORD Doth the human life – submit to what is heard

Oh the mysteries indeed – who doth know what's real Who can only conjecture – what means to have good seal Who can feel G\_D's WORD – alive at work, and yes with yada Everlasting life HE said – for believers said YESHUAH Let's recall some patterns – Miriam and Channah Let us not forget as well – Immerser and Elijah Something else doth intersect – people throughout time HAYA crosses realms and souls – in G D's WORD we do find

What can be more LIVING – than the LIVING WORD But surely there be more – than something that was heard Come alive YOU WORD – yes come to us YESHUAH Psalmist cries with so much joy – she sees her life in Torah

Whose name might it be – this might sound so strange But HAYA be supernatural – at times the name doth change Not always so spectacular – some I pray our LORD won't seal But always in the Book of Life – HAYA shows me I am real

May the good be more – than the bad we pray
Might the name be good – we hope so in that day
But G\_D's WORD be for everything – it defines yes what is real
HAYA tells thee what is thy name – our G\_D doth make the seal

Blessings to every one – Psalmist hopes you take a look ELOHIM be greatest scribe – HE doth write the book Being alive is HAYA – YESHUAH IS the LIVING WORD Being alive and sealed – is more than what was heard

#### Life And Death

Wise men, sages, pundits – of Jobe's trials they do speak But do they really look – beyond the surface do they peek Psalmist wonders deeply – Psalmist takes deep breath For the point of Jobe indeed – be about the life and death

Let's presume Jobe's innocence – for a moment let such stand
The debate as all can see – there be no self-righteousness in man
Yet dear Jobe he doth plead – questions he doth ask
All the while his own Pharisees – don't comfort, but take him sore to task

Jobe he asks of equity – he asks of who can save He asks how there be light – in the depths of the She'ol cave He hopes yes how he does – that soon will come last breath Jobe he doth so ponder – what comes after death

Wise men, sages, pundits – talk of faithfulness and refining They talk of restoration – they talk of silver lining As if ELOHIM needs approval – from Pharisees to be justified What would any say – if poor Jobe just died?

Questions Jobe doth raise – answers man just can't produce
His own Pharisees attacked – his innocence ignored and so reduced
So how doth answers come – why doth Pharisees to come yes miss
What to David what was revealed – answers did come from the Psalmist

Jobe questioned as a man – David answered as eye witness Safety in the darkness – David did confess Jobe said darkness ate the light – Psalmists said the light did shine Psalmists spilled the beans – even in She'ol, safety they could find

The Psalms do testify – of the ONE WHO was there
The Psalms speak of the beginning – secret knowledge they did share
But as men they did write – so what be the mystery
Of course the Psalms be special – the Psalms be prophecy

Come the days of YESHUAH – Jobe be the picture from before Wise men, sages, pundits – the truth do not ignore YESHUAH be that righteous one – innocent in every way Suffering servant tribulation – a pattern, the Psalmist doth say

But this time no relief – this time servant story ends in death HIS glorious purposed completed – spent with HIS last breath Folly of G\_D's RIGHTEOUSNESS – a man hung upon a tree G\_D's RIGHTEOUSNESS just awesome – a perfect mystery

Jobe did ask the questions – Psalmists showed the promise Wise men, sages, pundits be blind – only the remnant did not miss How the GREAT YESHUAH – was HE of who the Psalmists spake Gave up HIS own life – but had power, back his life to take

Wise men, sages, pundits – Psalmist so exhorts Look again to see – yes listen to the reports Use your old-time methods – even PaRDeS do apply Do your jobs and ask – what means this and yes why

Life and Death the battle – Jobe was caught up in the picture Same patterns did play out – for YESHUAH we see for sure Adversary came against – this time innocence was not justified GREAT ELOHIM so mysterious – on that day innocence died

Descending to the pit – where grace of G\_D did keep
The innocent ONE by light – traversed the valley of death so deep
Finding even in She'ol – a place to rest in Sukkah
The Psalmists did foretell – Psalmists they did see YESHUAH

#### From Shushan to New Jerusalem

A movement do we see – Psalms forty-four through forty nine Musing be the Psalmist – what's the context and the time Be there clues at all – what of exile and shame they say Remembrance of the days of old – entering the land back in the day

Yes do sing the blues – upon the trumpet blown
Sing of beautiful lily – what were the Psalmists shown
Royalty indeed – speak of grace and always blessed
Sight of Kingly daughters – sight of a lovely bride, a Princess

But Sons of Korach see – far beyond the exile They see the tribulation – knowing it be for awhile In the midst of oppression – comes the LORD's saving hand Joy amongst the Jews – G\_D's victory it shall stand

Oh the GLORY of G\_D's CITY – in splendor yes restored The nations cannot hide – the truth can't be ignored From the rubble rises – beauty beyond all worth Center of the world – center of the earth

Woe to thee honorable men – yes kingdoms raised up high Destruction it be coming soon – judgment shall be nigh Redeem the days thou won't – redeem thy soul no power All light removed from thee – coming in that hour

Sons of Korach weave – a record and a mystery
The Psalmists speak of more – than just wonderful history
From Shushan comes a cry – see the record of Purim
But even greater do we see – the CITY of ELOHIM

Sons of Korach see – not just any man
They do see a KING – all grace and power in HIS hand
They see a city magnified – in beauty and in height
Was it New Jerusalem – they had in their sight?

Flowing river Revelation – in the CITY yes in the midst No coincidence at all this sight – this Psalmist doth insist Oh so many pointers – to great Messianic Kingdom Oh Sons of Korach did you see – great YESHUAH come? Always stories underneath – yes stories within a story
Just waiting to be revealed – be ELOHIM's great glory
Sons of Korach give hope – upon EL's wings doth victory ride
Lovely picture of the reigning KING – and Beloved, the Princess Bride

Lowly Psalmist ponders – upon the harp, her strings When oh LORD yes when – shall the truth YOU bring For sight it still exists – to see sight given in the past When comes hurrying KING – we'll shout "finally at last"

# **Aliyah Of Glory**

In the midst of bondage - no heritage be left Spirit broken - heart oh so bereft Enemy doth drive - ever harsh it does rule My soul does cry out - against wicked and cruel

Oh LORD who will save - no one it doth seem No one be left - no GOEL to redeem All doth seem lost now - heritage never tasted Languish in slavery - my soul now be wasted

Passover it be called - but I say Pesach
Oh what glory - oh YESHUAH my rock
Such a strong GOEL - yes for us HE did stand
Redemption came alone - through HIS mighty hand

Yes Jacob delivered - from the hands of evil Pharaoh
Out of Egypt - would G\_D's people go
Spared the first born curse - lamb's blood above the door
Redemption first of Festivals - but there would be more

Nisan 14 - oh what profanity would they bring Goy chased after Easter - on wrong day would they sing As for Jacob - on YESHUAH turn their backs Where be believers - those who do not slack

Passover it be called - but I say Pesach

# **Shir Chag HaMatzot**

Pesach be one night - Unleavened bread be for a week Hardly time to prepare - hardly time to speak Flee from the Mitzrayim - to the wilderness do fly Away from sin and filth - time to say good bye

For leaven it doth ruin - even the entire batch Leaven it doth cling - leaven it doth snatch Rid yourself of leaven - redemption it does call Climb up out of the lump - never again to fall

Days of unleavened bread - who is called to separate Who is destined indeed - who has holy in their fate Seven days of eating - pure bread without yeast Seven days of cleaning - do enjoy the Feast

Do this in my memory - us did YESHUAH command HIS body be pure bread - do this we understand? Bread of affliction yes perhaps - then again the bread of life Some complained about the manna - separation did bring strife

Redemption doth bring change - old ways they must die Freedom from our sin - all children they must try Great PILLAR paved the way - for G\_D we be set apart Separate for nothing else - but to please G\_D's wondrous heart

Days of unleavened bread - who is called to separate Who is destined indeed - who has holy in their fate Seven days of eating - pure bread without yeast Seven days of cleaning - do enjoy the Feast

Days of unleavened bread - YESHUAH helps us separate Destined for YESHUAH - holy yes by fate Seven days of eating - body of YESHUAH oh so pure Seven days of celebration - unleavened forever more

### Shir Shavu'ot

Pentecost they call it – why not Shavu'ot Seven weeks plus one more day – count omer but you won't Only considering promise given – with shadow thou do contend Holy Tablets given first – Torah G\_D did send

Tumult upon Mount Sinai – yes G\_D did smote the mount HE now commands the omer – fifty days we count How fear of G\_D was there – how fear did permeate Visitation by the POWER – the ONE WHO did create

Separated from olam – kadosh an offer given Commandments oh so holy – provided to the living Everyone was there – none not represented Those who did rebel – and those who covenanted

Arise and travel Moshe – you and Joshua make Aliyah Come before the LORD – come and fetch HIS Torah Written into stone – carved by G\_D's great hand Let it soak deep into heart – it be the holy command

Oh the amazing picture – G\_D coming down to test To see if HE be received – delivering truth with zest How awesome G\_D with man – sharing perfect truth Not by power or by might – Spirit be the proof

#### Yom T'ruah

Yom T'ruah shout and Yom T'ruah song
BO YESHUAH BO - waiting far too long
Come take back THY throne - come and take the land
Lead us tarrying KING - take us by the hand

Such power and righteous anger - mankind pay for what you've done Comes the KING of KINGS - comes the HOLY ONE No more "we the people" - YESHUAH HE shall rule Daveed upon the temporal throne - it be ever cool

Cleanse THY house so nice - please hurry THOU DEBIYR
Chanukah be coming - some do look with fear
THY return it be so glorious - fire and the smoke
Run you mortal men - on HIS Pesach glory thou will choke

And how will land be cleansed - holy ones shall carry the ARK Traveling all around - shouting, blasting - oh the hark But first the "seventy" doth get smote - oh how could you gaze Vengeance is the LORD's - oh fools where was your praise?

Don't think because you're Jacob - that you shall get away free Holy Ark doth cleanse it all - to YESHUAH bend the knee Town by town the land be cleaned - on Earth a piece of Heaven All the rebels and unbelievers - months to clean them will be seven

Reconstruct the land - make desert lush and green
Oh YOU KING of Aram - Abraham's inheritance oh so clean
Pave the way for the others - coming from other pen
Taking care of them as well - just like a mother hen

Who will find their Rachav - look for scarlet cord
Gather oh so close - gather all the more
For survival song be sung - amidst the judgment onslaught
Who doth seek escape - who shall not be caught

Psalm 119 be the sign - yes delight in the Holy Law Finally after so long - holiness it does thaw It be the latter times - yes the latter days LORD we shall seek THEE - how we love THY ways

So new Aliyah takes off - lovely millennial ascent Blessed be those who cleave - bless are those who be present Preparation time - King rules with iron rod Oh great joy and happiness - sin shall try to plod

Working up to the frenzy - rebellion doth take hold Yes we know the story - long ago t'was told But final bellow sounds - ELOHIM from Heaven commands There be no fight again - there be no final stand

Away with sin and defilement - finally it be all done No more strife to come against - the one and HOLY SON Then there be just waiting - for the sign from Heaven sent Comes the SALVATION of our G\_D - comes the big event.

So listen for the trumpet - wait to hear the sound Coming KING is anxious - let fear and love abound Will you hear the shofar - will you hear the shout Will know what's going on - what this be all about?

## Yom HaKippurim Song

Afflict thy souls – yes mortals cry
This be that day – when our souls question why
The LORD Of HOSTS – Soulmate of ELOHIM
Doth the impossible – it be Yom HaKippurim

Oh yes warrior SON – be Pesach haGOEL
Redeeming us with strength – snatching us from hell
But innocent lamb – yes perfect and tender dove
Let mortal man defile – to soothe ELOHIM above

And mortal man be us – oh yes you and me Afflict the soul so mighty – do it without pity For each and every soul – did pull and gnaw on flesh Each and every one – each and every nephesh

How can the soul be quiet – how can the soul be still Writhing in such agony – knowing my soul it did kill Guilty in every way – no sin left aside Oh poor soul do pour out – there be no place to hide

And don't forget the fear – the wrath of G\_D to visit For those who do contemn – those destined for the pit Sin it be atoned – through bloodshed of the Perfect One Ozer/Ezer be the same – Soulmate is the SON

Horror did come down – the brutal flesh assault
Our YESHUAH pummeled again and again – cause it was our fault
Unspeakable horror seen – his body became a curse
All sin he did become – horror all the worse

What kind of G\_D we have – fashion what cannot be spoken Send soulmate down to suffer – yes the covenantal token Ripping out HIS own soul – to give mortal man clean slate Because THOU hast done this – today my soul I hate

What is this kind of love – forbears everything
Oh my soul doth wish – of this now I could sing
But taring flesh and agony – of EZER in me resonates
Gnashing teeth of defilers – destroying G D's most lovely soulmate

Momentary loneliness – EZER calling out all alone
Wanting it to stop – wanting to go home
Why hast THOU abandoned me – could there be no other way
Now my soul doth understand – it helped when all did slay

How can there be peace – how can ever joy return Heart and soul doth cry aloud – how it all doth churn Ruach it doth plead – affliction please do wane Affliction be so ominous – how can I stay sane

Now be the time for G\_D – THOU know that I do mourn Forgive me G\_D most high – THY soulmate I did scorn But understand I do now – shadows of THY love reveal Extent of THY mercy boundless – I know that it is real

Please do spare me wrath – THY anger G\_D it seethes
Only for the mourners – blood of EZER does relieve
The fear of punishment eternal – for failing to believe
But not the pain of what I've done – for on this day I bereave

Can I comfort THEE perfect DOVE – hold THEE in my arms so tight Knowing that I cannot look – upon such a terrible sight Might my tears of heartache – yes my tears of shame Be used to clean thy body – I know my mourning be so lame

But affliction needs relief – what say ye when tears run dry What else can soul do – what else can soul try Oh yes I hate mankind – as much as THOU doth love What kind of G\_D art THOU LORD – so HOLY up above

Please cover me in blood – you precious wondrous DOVE In this I shall find – tender mercy and THY love For ELOHIM THOU did this – to appease HIS broken heart Thank YOU G\_D of all – THY own soul THY ripped apart

Yes woe it be upon me now – what soul deserves to live What price can there be paid – what of worth be there to give Oh great G\_D of mine – YESHUAH my everything Affliction over THEE today – it be Yom HaKippurim

# **Shir Sukkot**

Oh please let us sing – yes it's been so long Let us sing with yada – let us sing so strong Not by G\_D's great power – not by G\_D's great might But ever perfect RUACH – ever just so right

Sing of Jubilee – regathering of everything Brought home by YESHUAH – this truth we do sing Sukkot be about family – indeed G\_D's before you and me Let us ponder such GLORY – ponder such MYSTERY

There be EZER and RUACH – and of course the SON Plurality of ELOHIM – we sing of HIS victory won Split apart so creation – again could build back up Coming home again – oh ELOHIM fill THY cup

What a wondrous family – echad yet once again All of ELOHIM – together in the end This be the joy complete – this be the end of shalom Who doth get to witness – when G D doth gather home?

Better pay attention – no you better not blink Don't miss this one great chance – the Psalmist she doth think Our joy it be so full – when great reunion doth take place Oh see the glorious smile – oh ELOHIM look at THY face

There be talk of beautiful bride – talk of lovely soulmate What about EZER – what of rented soul's fate Doth the mortal comprehend – grand celestial reunion Consider all things as one – ELOHIM'S soul communion

YESHUAH He doth declare – how ABBA doth HIM show YESHUAH knows the patterns – knows the way that things must go What of bride and seed – what pattern can we see What be this wondrous thing – bride, children the entire family?

Of Sukkot we see – picture of holy family Counted all together – in the place from where they came to be Back to the "above" – place from where they did depart Back to the place "above" – from where the ONE did start Yes our joy is HIS – in unimaginable majesty
Incomprehensible BEING – perfect family plurality
First there be HIS time – joy and shalom for ever more
Then blessings through YESHUAH – to HIS family doth HE pour

Think of how creation – oh yes the great big bang
ELOHIM did speak into existence – oh how the stars they sang
When the CHILD was born – yes how the Angels did sing
When a sinner doth repent – the bells in Heaven ring
ELOHIM doth make all things new – oh yes the greater event
Made possible because – G\_D's soul from Heaven was sent
New creation made by ELOHIM's joyous laugh – when finally all come home
Immanu'EL amidst extended family – ELOHIM THOU are shalom

The Psalmist she doth sing – her heart and soul be lit Considering SOUL returning – oh what a perfect fit Jubilee what means this – why doth we mortals think of us Think of ELOHIM's great joy – this be righteous and just

Please sing the Sukkot song – RUACH teach us how to play Sing thy lovely resonance – teach us what to say Keep our eyes wide open – yes how we want to see ELOHIM's great family – enjoy MAJESTIC JUBILEE!

## **Purim Destiny**

Slavery put us down – in bondage how we ailed Pharaoh did try first – but the LORD of Hosts prevailed From our very beginning – hatred lingers as a shadow Anti Jewish persecution – no matter where we go

Many Hamans come and go – oh so hating the Jew Wanting us to be a people – the nations never knew But patterns do foretell – such great joy we have on Purim Great haSHEM we trust – yes we trust in HIM

### **New Day**

New Moon it doth bring - behind it a brand New Day Or in Torah terms - simply the Boker Tov Way Funny how our LORD - doth begin day with the night Closing out each single day - with sundown oh so bright

What means this we must ask - why our LORD did this Ask the question does the scribe - for an answer he insists Planet and the deep void - existed in darkness deep Exploding then came light - G D's command to keep

So each day begins with sundown - begins with seeming end
Darkness rules first at night - then morning DAWN away it sends
Why doth the light come second - picture and pattern what do we see
From the very beginning - there be dark pall over humanity

Perhaps our focus it should be - upon the morning DAWN itself Giving off the brilliant light - with warmth it be our help Scattering all the wild beasts - making secret things be known Letting us know where to go - correct path we be shown

Yes do ponder oh so much - another mystery
Things G\_D wants to show us - revealed things if you see
Oh so special be the DAWN - Bridegroom spans the skies
Coming out from HIS great Chuppah - shedding light just for our eyes

Tis the same way for HIS RUACH - yes IT be DAWN's light Should it not come out as well - come out to shine so bright Lighting up the path - so others see the way RUACH DAWN awake - shine oh so bright today

Be children of the light - within be the mystery
For darkness it doth want - night person to be me
But RUACH never sleeps - covenantal lamps be always lit
SON doth work like FATHER - always and just perfect

Rise within me DAWN - yea even when I sleep Protecting hedge be all around - LORD I pray to keep Morning Star within - yea just a particle thou be Stay awake thou stardust - shine always please within me

Worship and do pray – yes it's time to praise For creation it doth sing – our outstretched arms we raise Creation be our love song – GREAT PELE WHO rivals THEE Every single love affair – of course be made of three

Oh if we could play – and sing in David's key
